(each, a "Prospectus" and, collectively, the "Prospectuses")

Capitalized terms and certain other terms used in this Supplement, unless otherwise defined in this Supplement, have the meanings assigned to them in the applicable Prospectus.

Effective January 1, 2024, the sub-section entitled "**Edward Jones**" of the section of the Prospectuses entitled "Appendix A – Intermediary-Specific Sales Charge Waivers and Discounts," is deleted in its entirety and replaced with the following:

Effective on or after January 1st, 2024, the following information supersedes prior information with respect to transactions and positions held in fund shares through an Edward Jones system. Clients of Edward Jones (also referred to as "shareholders") purchasing fund shares on the Edward Jones commission and fee-based platforms are eligible only for the following sales charge discounts (also referred to as "breakpoints") and waivers, which can differ from discounts and waivers described elsewhere in the mutual fund prospectus or statement of additional information ("SAI") or through another broker-dealer. In all instances, it is the shareholder's responsibility to inform Edward Jones at the time of purchase of any relationship, holdings of MainStay Funds, or other facts qualifying the purchaser for discounts or waivers. Edward Jones can ask for documentation of such circumstance. Shareholders should contact Edward Jones if they have questions regarding their eligibility for these discounts and waivers.

Breakpoints

- Breakpoint pricing, otherwise known as volume pricing, at dollar thresholds as described in the prospectus.

Rights of Accumulation ("ROA")

- The applicable sales charge on a purchase of Class A shares is determined by taking into account all share classes (except certain money market funds and any assets held in group retirement plans) of MainStay Funds held by the shareholder or in an account grouped by Edward Jones with other accounts for the purpose of providing certain pricing considerations ("pricing groups"). If grouping assets as a shareholder, this includes all share classes held on the Edward Jones platform and/or held on another platform. The inclusion of eligible fund family assets in the ROA calculation is dependent on the shareholder notifying Edward Jones of such assets at the time of calculation. Money market funds are included only if such shares were sold with a sales charge at the time of purchase or acquired in exchange for shares purchased with a sales charge.
- The employer maintaining a SEP IRA plan and/or SIMPLE IRA plan may elect to establish or change ROA for the IRA accounts associated with the plan to a plan-level grouping as opposed to including all share classes at a shareholder or pricing group level.
- ROA is determined by calculating the higher of cost minus redemptions or market value (current shares x NAV).

Letter of Intent ("LOI")

- Through a LOI, shareholders can receive the sales charge and breakpoint discounts for purchases shareholders intend to make over a 13-month period from the date Edward Jones receives the LOI. The LOI is determined by calculating the higher of cost or market value of qualifying holdings at LOI initiation in combination with the value that the shareholder intends to buy over a 13-month period to calculate the front-end sales charge and any breakpoint discounts. Each purchase the shareholder makes during that 13-month period will receive the sales charge and breakpoint discount that applies to the total amount. The inclusion of eligible fund family assets in the LOI calculation is dependent on the shareholder notifying Edward Jones of such assets at the time of calculation. Purchases made before the LOI is received by Edward Jones are not adjusted under the LOI and will not reduce the sales charge previously paid. Sales charges will be adjusted if LOI is not met.
- If the employer maintaining a SEP IRA plan and/or SIMPLE IRA plan has elected to establish or change ROA for the IRA accounts associated with the plan to a plan-level grouping, LOIs will also be at the plan-level and may only be established by the employer.

Sales Charge Waivers

Sales charges are waived for the following shareholders and in the following situations:

- Associates of Edward Jones and its affiliates and other accounts in the same pricing group (as determined by Edward Jones under its policies and procedures) as the associate. This waiver will continue for the remainder of the associate's life if the associate retires from Edward Jones in good-standing and remains in good standing pursuant to Edward Jones' policies and procedures.
- Shares purchased in an Edward Jones fee-based program.
- Shares purchased through reinvestment of capital gains distributions and dividend reinvestment. Shares purchased from the proceeds of redeemed shares of the same fund family so long as the following conditions are met: the proceeds are from the sale of shares within 60 days of the purchase, the sale and purchase are made from a share class that charges a front load and one of the following:
 - The redemption and repurchase occur in the same account.
 - The redemption proceeds are used to process an: IRA contribution, excess contributions, conversion, recharacterizing of contributions, or distribution, and the repurchase is done in an account within the same Edward Jones grouping for ROA.
- Shares exchanged into Class A shares from another share class so long as the exchange is into the same fund and was initiated at the discretion of Edward Jones. Edward Jones is responsible for any remaining CDSC due to the fund company, if applicable. Any future purchases are subject to the applicable sales charge as disclosed in the prospectus.
- Exchanges from Class C shares to Class A shares of the same fund, generally, in the 84th month following the anniversary of the purchase date or earlier at the discretion of Edward Jones.
- Purchases of Class 529-A shares through a rollover from either another education savings plan or a security used for qualified distributions.
- Purchases of Class 529 shares made for recontribution of refunded amounts.

Contingent Deferred Sales Charge ("CDSC") Waivers

If the shareholder purchases shares that are subject to a CDSC and those shares are redeemed before the CDSC is expired, the shareholder is responsible to pay the CDSC except in the following conditions:

- The death or disability of the shareholder.
- Systematic withdrawals with up to 10% per year of the account value.
- Return of excess contributions from an Individual Retirement Account (IRA).
- Shares redeemed as part of a required minimum distribution for IRA and retirement accounts if the redemption is taken in or after the year the shareholder reaches qualified age based on applicable IRS regulations.
- Shares redeemed to pay Edward Jones fees or costs in such cases where the transaction is initiated by Edward Jones.

- Shares exchanged in an Edward Jones fee-based program.
- Shares acquired through NAV reinstatement.
- Shares redeemed at the discretion of Edward Jones for Minimums Balances, as described below.

Other Important Information Regarding Transactions Through Edward Jones

Minimum Purchase Amounts

- Initial purchase minimum: \$250
- Subsequent purchase minimum: none

Minimum Balances

- Edward Jones has the right to redeem at its discretion fund holdings with a balance of \$250 or less. The following are examples of accounts that are not included in this policy:
 - A fee-based account held on an Edward Jones platform
 - A 529 account held on an Edward Jones platform
 - An account with an active systematic investment plan or LOI

Exchanging Share Classes

- At any time it deems necessary, Edward Jones has the authority to exchange at NAV a shareholder's holdings in a fund to Class A shares of the same fund.

MAINSTAY FUNDS TRUST
MainStay Fiera SMID Growth Fund
(the “Fund”)

Supplement dated December 11, 2023 (“Supplement”) to the Fund’s
Summary Prospectus and Prospectus, each dated July 24, 2023, as supplemented,

Important Notice Regarding Change in Investment Policy

Capitalized terms and certain other terms used in this Supplement, unless otherwise defined in this Supplement, have the meanings assigned to them in the Summary Prospectus and Prospectus.

At a meeting held on December 6-7, 2023, the Board of Trustees (“Board”) of MainStay Funds Trust considered and approved, modifying the Fund’s principal investment strategies and investment process.

As a result, unless otherwise indicated below, effective on or about February 28, 2024, the following changes will be made to the Summary Prospectus and Prospectus:

1. The second paragraph of the **“Principal Investment Strategies”** section of the Summary Prospectus and Prospectus is deleted in its entirety and replaced with the following:

The Fund considers an issuer to be a small- or mid-capitalization issuer if it has a market capitalization, at the time of purchase, within the range of \$10 million and \$52 billion. These ranges are subject to change. The Fund may also invest in exchange-traded funds (“ETFs”).

2. The last paragraph of the **“Principal Investment Strategies”** section of the Summary Prospectus and Prospectus is deleted in its entirety and replaced with the following:

The Fund may sell securities and other investments when the Subadvisor believes that they have achieved full valuation, the Subadvisor identifies a more attractive investment, the Fund needs to maintain portfolio diversification, or an individual stock experiences declining fundamentals, negative earnings reports or similar adverse events or other relevant factors.

PLEASE RETAIN THIS SUPPLEMENT FOR YOUR FUTURE REFERENCE.

and
MainStay PineStone Funds Prospectus, dated August 28, 2023
(each, a “Prospectus” and, collectively, the “Prospectuses”)

Capitalized terms and certain other terms used in this Supplement, unless otherwise defined in this Supplement, have the meanings assigned to them in the applicable Prospectus.

Effective immediately, the sub-section entitled “**J.P. Morgan**” of the section of the Prospectuses entitled “Appendix A – Intermediary-Specific Sales Charge Waivers and Discounts,” is deleted in its entirety and replaced with the following:

J.P. MORGAN SECURITIES LLC

Effective September 29, 2023, if you purchase or hold fund shares through an applicable J.P. Morgan Securities LLC brokerage account, you will be eligible for the following sales charge waivers (front-end sales charge waivers and contingent deferred sales charge (“CDSC”), or back-end sales charge, waivers), share class conversion policy and discounts, which may differ from those disclosed elsewhere in this fund’s prospectus or Statement of Additional Information.

Front-end sales charge waivers on Class A shares available at J.P. Morgan Securities LLC

- Shares exchanged from Class C (i.e., level-load) shares that are no longer subject to a CDSC and are exchanged into Class A shares of the same fund pursuant to J.P. Morgan Securities LLC’s share class exchange policy.
- Qualified employer-sponsored defined contribution and defined benefit retirement plans, nonqualified deferred compensation plans, other employee benefit plans and trusts used to fund those plans. For purposes of this provision, such plans do not include SEP IRAs, SIMPLE IRAs, SAR-SEPs or 501(c)(3) accounts.
- Shares of funds purchased through J.P. Morgan Securities LLC Self-Directed Investing accounts.
- Shares purchased through rights of reinstatement.
- Shares purchased through reinvestment of capital gains distributions and dividend reinvestment when purchasing shares of the same fund (but not any other fund within the fund family).
- Shares purchased by employees and registered representatives of J.P. Morgan Securities LLC or its affiliates and their spouse or financial dependent as defined by J.P. Morgan Securities LLC.

Class C to Class A share conversion

- A shareholder in the fund's Class C shares will have their shares converted by J.P. Morgan Securities LLC to Class A shares (or the appropriate share class) of the same fund if the shares are no longer subject to a CDSC and the conversion is consistent with J.P. Morgan Securities LLC's policies and procedures.

CDSC waivers on Class A and C shares available at J.P. Morgan Securities LLC

- Shares sold upon the death or disability of the shareholder.
- Shares sold as part of a systematic withdrawal plan as described in the fund's prospectus.
- Shares purchased in connection with a return of excess contributions from an IRA account.
- Shares sold as part of a required minimum distribution for IRA and retirement accounts pursuant to the Internal Revenue Code.
- Shares acquired through a right of reinstatement.

Front-end load discounts available at J.P. Morgan Securities LLC: breakpoints, rights of accumulation & letters of intent

- Breakpoints as described in the prospectus.
- Rights of Accumulation ("ROA") which entitle shareholders to breakpoint discounts as described in the fund's prospectus will be automatically calculated based on the aggregated holding of fund family assets held by accounts within the purchaser's household at J.P. Morgan Securities LLC. Eligible fund family assets not held at J.P. Morgan Securities LLC (including 529 program holdings, where applicable) may be included in the ROA calculation only if the shareholder notifies their financial advisor about such assets.
- Letters of Intent which allow for breakpoint discounts based on anticipated purchases within a fund family, through J.P. Morgan Securities LLC, over a 13-month period of time (if applicable).

Investment Objective

The Fund seeks long term capital growth.

Fees and Expenses of the Fund

The table below describes the fees and expenses that you may pay if you buy, hold and sell shares of the Fund. **You may pay other fees, such as brokerage commissions and other fees to financial intermediaries, which are not reflected in the table and example below.** You may qualify for sales charge discounts if you and your family invest, or agree to invest in the future, at least \$50,000 in the Fund. In addition, different financial intermediary firms and financial professionals may impose different sales loads and waivers. More information about these and other discounts or waivers is available from your financial professional, in the "Information on Sales Charges" section starting on page 28 of the Prospectus and Appendix A – Intermediary-Specific Sales Charge Waivers and Discounts, and in the "Alternative Sales Arrangements" section on page 141 of the Statement of Additional Information.

	Class A	Class C	Class I	Class R6
Shareholder Fees (fees paid directly from your investment)				
Maximum Sales Charge (Load) Imposed on Purchases (as a percentage of offering price)	5.50%	None	None	None
Maximum Deferred Sales Charge (Load) (as a percentage of the lesser of the original offering price or redemption proceeds)	None ¹	1.00%	None	None
Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment)				
Management Fees (as an annual percentage of the Fund's average daily net assets)	0.75%	0.75%	0.75%	0.75%
Distribution and/or Service (12b-1) Fees	0.25%	1.00%	None	None
Other Expenses	0.34%	0.49%	0.34%	0.24%
Total Annual Fund Operating Expenses	1.34%	2.24%	1.09%	0.99%
Waivers / Reimbursements ²	(0.19)%	(0.19)%	(0.24)%	(0.15)%
Total Annual Fund Operating Expenses After Waivers / Reimbursements ²	1.15%	2.05%	0.85%	0.84%

1. No initial sales charge applies on investments of \$1 million or more (and certain other qualified purchases). However, a contingent deferred sales charge of 1.00% may be imposed on certain redemptions made within 18 months of the date of purchase on shares that were purchased without an initial sales charge.
2. New York Life Investments has contractually agreed to waive fees and/or reimburse expenses so that Total Annual Fund Operating Expenses (excluding taxes, interest, litigation, extraordinary expenses, brokerage and other transaction expenses relating to the purchase or sale of portfolio investments, and acquired (underlying) fund fees and expenses) for a class do not exceed the following percentage of its average daily net assets: Class A, 1.15%; Class C, 2.05%; Class I, 0.85%; and Class R6, 0.84%. This agreement will remain in effect until February 28, 2026, and thereafter shall renew automatically for one-year terms unless New York Life Investments provides written notice of termination prior to the start of the next term or upon approval of the Board of Trustees of the Fund.

Example

The Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds. The Example assumes that you invest \$10,000 in the Fund for the time periods indicated whether or not you redeem all of your shares at the end of those periods (except as indicated with respect to Class C shares). The Example also assumes that your investment has a 5% return each year and that the Fund's operating expenses remain the same. The Example reflects the contractual fee waiver and/or expense reimbursement arrangement, if applicable, for the current duration of the arrangement only. Although your actual costs may be higher or lower, based on these assumptions your costs would be:

Expenses After	Class A	Class C		Class I	Class R6
		Assuming no redemption	Assuming redemption at end of period		
1 Year	\$ 661	\$ 208	\$ 308	\$ 87	\$ 86
3 Years	\$ 915	\$ 663	\$ 663	\$ 298	\$ 285
5 Years	\$ 1,208	\$ 1,164	\$ 1,164	\$ 553	\$ 517
10 Years	\$ 2,042	\$ 1,970	\$ 1,970	\$ 1,284	\$ 1,185

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or "turns over" its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the Example, affect the Fund's performance. During the most recent fiscal year, the portfolio turnover rate of the Fund's predecessor fund, Fiera Capital Small/Mid-Cap Growth Fund (the "Predecessor Fund"), was 88% of the average value of its portfolio.

Principal Investment Strategies

Fiera Capital Inc. (the “Subadvisor”) seeks to achieve the Fund’s investment objective by investing in a diversified portfolio of common stocks of companies believed to be small- and mid-cap growth-oriented companies that are selected for their long-term capital appreciation potential and which the Subadvisor expects to grow faster than the U.S. economy.

The Fund considers an issuer to be a small- or mid-capitalization issuer if it has a market capitalization, at the time of purchase, within the range of the largest and smallest capitalized issuers included in the Russell 2500™ Growth Index during the most recent 11-month period (based on month-end data) plus the most recent data during the current month. The Fund may also invest in exchange-traded funds (“ETFs”).

The Fund may also invest in companies that are in the earlier stages of their growth cycle that the Subadvisor recognizes as “emerging growth” companies. The Subadvisor believes that emerging growth companies can typically exhibit more aggressive growth characteristics and may be experiencing a significant positive transformation or a favorable catalyst impacting their long-term earnings potential. Characteristics the Subadvisor considers in identifying emerging growth companies for the Fund include accelerating revenue growth, strong relative strength, company specific market advantage, or an introduction of a new product line with a large addressable marketplace.

Under normal circumstances, the Fund will invest at least 80% of its assets (net assets plus the amount of any borrowings for investment purposes) in common stocks of small- and mid-cap companies. The Fund may invest up to 15% of its assets in common stocks of foreign small- and mid-cap companies through the purchase of sponsored American Depositary Receipts (“ADRs”), sponsored Global Depositary Receipts and/or foreign companies listed on U.S. stock exchanges.

An issuer is considered to be U.S. or foreign based on the issuer’s “country of risk,” or similar designation, as determined by a third party such as Bloomberg.

The Fund may from time to time emphasize one or more sectors as defined by GICs classification in selecting its investments, including the information technology/technology-related sectors and consumer non-cyclical sector.

Investment Process:

In selecting investments for the Fund, the Subadvisor uses an approach that combines “top-down” secular/macro-economic trend analysis with “bottom-up” security selection. The “top-down” approach takes into consideration factors such as interest rates, inflation, fiscal and monetary policy, global demographic trends, the regulatory environment and other attractive global investment opportunities. In addition, the Subadvisor may make investments in companies that seek to benefit from secular growth trends.

Through this “top-down” view, the Subadvisor seeks to provide a framework for “bottom up” research by identifying sectors, industries and companies that may benefit from the sustainability of the observed trends.

The Subadvisor then looks to fundamental “bottom-up” research for individual companies that it believes are exhibiting earnings growth potential at different stages of a company’s growth cycle and may benefit from the observed secular/macro trends. The core investments of the Fund typically include more established companies that the Subadvisor recognizes as “stable growth” companies, but the Fund may also invest in “emerging growth” companies. The Subadvisor believes that stable growth companies can typically provide more stability and consistency in volatile markets and are identified as exhibiting potential earnings acceleration, consistency of earnings, solid fundamentals (e.g., a strong balance sheet and the ability to generate free cash flow), franchise durability and reasonable valuations in the context of projected growth rates.

The Fund may sell securities and other investments when the Subadvisor believes that they have achieved full valuation, the Subadvisor identifies a more attractive investment, the Fund needs to maintain portfolio diversification, or an individual stock experiences declining fundamentals, negative earnings reports or similar adverse events or other relevant factors. In general, once the market capitalization of an investment exceeds the market capitalization of the Russell 2500™ Growth Index (which ranges from \$3 million to \$24 billion), the Subadvisor expects to gradually liquidate the position.

Principal Risks

You can lose money by investing in the Fund. An investment in the Fund is not a bank deposit and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other governmental agency. The investments selected by the Subadvisor may underperform the market in which the Fund invests or other investments. The Fund may receive large purchase or redemption orders which may have adverse effects on performance if the Fund were required to sell securities, invest cash or hold a relatively large amount of cash at times when it would not otherwise do so.

The principal risks of investing in the Fund are summarized below.

Market Risk: Changes in markets may cause the value of investments to fluctuate, which could cause the Fund to underperform other funds with similar investment objectives and strategies. Such changes may be rapid and unpredictable. From time to time, markets may experience periods of stress as a result of various market and economic factors for potentially prolonged periods that may result in: (i) increased market volatility; (ii) reduced market liquidity; and (iii) increased redemptions of shares. Such conditions may add significantly to the risk of volatility in the net asset value of the Fund’s shares and adversely affect the Fund and its investments.

Portfolio Management Risk: The investment strategies, practices and risk analyses used by the Subadvisor may not produce the desired results or expected returns.

Equity Securities Risk: Investments in common stocks and other equity securities are particularly subject to the risk of changing economic, stock market, industry and company conditions and the risks inherent in the ability to anticipate such changes that can adversely affect the value of portfolio holdings.

Market Capitalization Risk: Investments in securities issued by small- or mid-cap companies, will be subject to the risks associated with securities issued by companies of the applicable market capitalization. Securities of small-cap and mid-cap companies may be subject to greater price volatility, significantly lower trading volumes, cyclical, static or moderate growth prospects and greater spreads between their bid and ask prices than securities of larger companies. Smaller capitalization companies frequently rely on narrower product lines and niche markets and may be more vulnerable to adverse business or market developments. There is a risk that the securities issued by companies of a certain market capitalization may underperform the broader market at any given time.

Growth Stock Risk: If growth companies do not increase their earnings at a rate expected by investors, the market price of the stock may decline significantly, even if earnings show an absolute increase. Growth company stocks also typically lack the dividend yield that can cushion stock prices in market downturns. These risks may be more pronounced in companies that are in the earlier stages of their growth cycle.

Issuer Risk: An issuer in which the Fund invests or to which it has exposure may perform poorly, and the value of its securities may therefore decline, which would negatively affect the Fund's performance. Poor performance may be caused by poor management decisions, competitive pressures, breakthroughs in technology, reliance on suppliers, labor problems or shortages, corporate restructurings, fraudulent disclosures, natural disasters, military confrontations and actions, war, other conflicts, terrorism, disease/virus outbreaks, epidemics or other events, conditions or factors.

Foreign Securities Risk: An issuer of a security is considered to be a U.S. or foreign issuer based on the issuer's "country of risk" (or similar designation) as determined by a third party such as Bloomberg. The issuer's "country of risk" is determined based on a number of criteria, including its country of domicile, the primary stock exchange on which it trades, the location from which the majority of its revenue comes, and its reporting currency. Although a Fund will generally rely on an issuer's "country of risk," as determined by Bloomberg when categorizing securities as either U.S. or foreign-based, it is not required to do so.

Investments in foreign (non-U.S.) securities may be riskier than investments in U.S. securities. Foreign regulatory regimes and securities markets can have less stringent investor protections and disclosure standards and less liquid trading markets than U.S. regulatory regimes and securities markets, and can experience political, social and economic developments that may affect the value of investments in foreign securities. Foreign securities may also subject the Fund's investments to changes in currency rates. Changes in the value of foreign currencies may make the return on an investment increase or decrease, unrelated to the quality or performance of the investment itself. Economic sanctions may be, and have been, imposed against certain countries, organizations, companies, entities and/or individuals. Economic sanctions and other similar governmental actions or developments could, among other things, effectively restrict or eliminate the Fund's ability to purchase or sell certain foreign securities or groups of foreign securities, and thus may make the Fund's investments in such securities less liquid or more difficult to value. Such sanctions may also cause a decline in the value of securities issued by the sanctioned country or companies located in or economically tied to the sanctioned country. In addition, as a result of economic sanctions and other similar governmental actions or developments, the Fund may be forced to sell or otherwise dispose of foreign investments at inopportune times or prices. The Fund may seek to hedge against its exposure to changes in the value of foreign currency, but there is no guarantee that such hedging techniques will be successful in reducing any related foreign currency valuation risk.

Depository Receipts Risk: Investments in depository receipts may entail the special risks of investing in foreign securities, including currency exchange fluctuations, government regulations, and the potential for political and economic instability.

Exchange-Traded Fund Risk: The risks of owning an ETF generally reflect the risks of owning the underlying securities in which the ETF invests or is designed to track, although lack of liquidity in an ETF's shares could result in the market price of the ETF's shares being more volatile than its underlying portfolio securities. Disruptions in the markets for the securities underlying ETFs could result in losses on the investments in ETFs. ETFs also have management fees and transaction costs that may make them more expensive than owning the underlying securities directly.

Sector Risk: To the extent the Fund focuses its investments in particular sectors of the economy, the Fund's performance may be more subject to the risks of volatile economic cycles and/or conditions or developments adversely affecting such sectors than if the Portfolio held a broader range of investments. Individual sectors may fluctuate more widely than the broader market.

At times, the Fund may have a significant portion of its assets invested in securities of companies conducting business in a related group of industries within an economic sector, including the information technology/technology-related sectors and consumer non-cyclical sector. Companies in the same economic sector may be similarly affected by economic, regulatory, political or market events or conditions, which may make the Fund more vulnerable to unfavorable developments in that economic sector than funds that invest more broadly. Generally, the more broadly the Fund invests, the more it spreads risk and potentially reduces the risks of loss and volatility.

The Fund may be more susceptible to the particular risks that may affect companies in the information technology sector, as well as other technology-related sectors (collectively, the technology sectors) than if it were invested in a wider variety of companies in unrelated sectors. Companies in the technology sectors are subject to certain risks, including the risk that new services, equipment or technologies will not be accepted by consumers and businesses or will become rapidly obsolete. Performance of such companies may be affected by factors including obtaining and protecting patents (or the failure to do so) and significant competitive pressures, including aggressive pricing of their products or services, new market entrants, competition for market share and short product cycles due to an accelerated rate of technological developments. Such competitive pressures may lead to limited earnings and/or falling profit margins. As a result, the value of their securities may fall or fail to rise. In addition, many technology sector companies have limited operating histories and prices of these companies' securities historically have been more volatile than other securities, especially over the short term.

The Fund may also be more susceptible to the particular risks that may affect companies in the consumer non-cyclical sector than if it were invested in a wider variety of companies in unrelated sectors. Investments in the consumer non-cyclical sector involve risks associated with companies that manufacture products and provide discretionary services directly to the consumer. Performance of companies in the consumer non-cyclical sector may be adversely impacted by fluctuations in supply and demand, changes in the global economy, consumer spending, competition, demographics and consumer preferences, and production spending. Companies in the consumer non-cyclical sector are also affected by changes in government regulation, global economic, environmental and political events, and economic conditions.

Past Performance

The following bar chart and table provide some indication of the risks of investing in the Fund by showing changes in the Fund's performance from year to year and by showing how the Fund's average annual returns compare with those of a broad-based securities market index over time. Sales loads, if any, are not reflected in the bar chart. If they were, returns would be less than those shown. The Fund has selected the Russell 2500™ Growth Index as its primary benchmark.

Index returns reflect no deductions for fees, expenses or taxes, except for foreign withholding taxes where applicable.

Effective July 21, 2023, the Fiera Capital Small/Mid-Cap Growth Fund (the "Predecessor Fund") was reorganized into the Fund. As accounting successor to the Predecessor Fund, the Fund has assumed the Predecessor Fund's historical performance. Therefore, the performance information shown below is that of the Predecessor Fund, which had a different fee structure from the Fund. The returns of the Predecessor Fund have not been adjusted to reflect the applicable expenses of the Fund. The historical performance presented prior to February 12, 2018 reflects the performance of APEXcm Small/Mid-Cap Growth Fund, a former series of The Ultimus Managers Trust (the "Prior Predecessor Fund"). The returns of the Prior Predecessor Fund have not been adjusted to reflect the applicable expenses of the Predecessor Fund or the Fund. The returns prior to February 12, 2018 are based on the previous performance and actual fees and expenses of the Prior Predecessor Fund's sole class of shares (i.e., the Predecessor Fund's Institutional Class shares, which commenced operations on June 29, 2012). The Predecessor Fund's Investor Class shares commenced operations on February 12, 2018.

Performance data for the classes varies based on differences in their fee and expense structures. Performance data is not shown for classes with less than one calendar year of performance. Past performance (before and after taxes) is not necessarily an indication of how the Fund will perform in the future. How to Purchase and Sell Shares

You may purchase or sell shares of the Fund on any day the Fund is open for business by contacting your financial adviser or financial intermediary firm, or by contacting the Fund by telephone at **800-624-6782**, by mail at MainStay Funds, P.O. Box 219003, Kansas City, MO 64121-9000, by overnight mail to 430 West 7th Street, Suite 219003, Kansas City, MO 64105-1407, or by accessing our website at newyorklifeinvestments.com/accounts.

Class R6 shares are generally only available to certain retirement plans invested in the Fund through omnibus accounts (either at the plan level or omnibus accounts held on the books of the Fund). Class R6 shares are generally not available to retail accounts. Generally, an initial investment minimum of \$1,000 applies if you invest in Class C shares, \$15,000 for Class A shares and \$1,000,000 for individual investors in Class I shares investing directly (i) with the Fund or (ii) through certain private banks and trust companies that have an agreement with NYLIFE Distributors LLC, the Fund's principal underwriter and distributor, or its affiliates. A subsequent investment minimum of \$50 applies to investments in Class C shares. However, for Class C shares purchased through AutoInvest, MainStay's systematic investment plan, a \$500 initial investment minimum and a \$50 minimum for subsequent purchases applies. Class A shares have no subsequent investment minimum. Class R6 shares and institutional shareholders in Class I shares have no initial or subsequent investment minimums.

Certain financial intermediaries through whom you may invest may impose their own investment minimums, fees, policies and procedures for purchasing and selling Fund shares, which are not described in this Prospectus or the Statement of Additional Information, and which will depend on the policies, procedures and trading platforms of the financial intermediary. Consult a representative of your financial intermediary about the availability of shares of the Fund and the intermediary's policies, procedures and other information.

Tax Information

The Fund's distributions are generally taxable to you as ordinary income, capital gains, or a combination of the two, unless you are investing through a tax-deferred arrangement, such as a 401(k) plan or an individual retirement account.

Compensation to Financial Intermediary Firms

If you purchase Fund shares through a financial intermediary firm (such as a broker/dealer or bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the financial intermediary firm or your financial adviser to recommend the Fund over another investment. Ask your financial adviser or visit your financial intermediary firm's website for more information. No compensation, administrative payments, sub-transfer agency payments or service payments are paid to broker/dealers or other financial intermediaries from Fund assets or the Distributor's or an affiliate's resources on sales of or investments in Class R6 shares. The Distributor or an affiliate may pay de minimis amounts to intermediaries for setup, connectivity or other technological expenses. Class R6 shares do not carry sales charges or pay Rule 12b-1 fees, or make payments to financial intermediaries to assist in, or in connection with, the sale of the Fund's shares.

More About Investment Strategies and Risks

Information about the Fund's investment objective, principal investment strategies, investment practices and principal risks appears in the summary section for the Fund at the beginning of the Prospectus. The information below describes in greater detail the principal and other investments, investment practices and risks pertinent to the Funds. Not all investments/strategies of the Fund may be described in this Prospectus.

Investment Policies and Objectives

The Fund has a name which suggests a focus on a particular type of investment. In accordance with Rule 35d-1 under the 1940 Act, the Fund has adopted a policy that it will, under normal circumstances, invest at least 80% of the value of its assets (net assets plus the amount of any borrowings for investment purposes) in investments of the type suggested by its name, as set forth in the Statement of Additional Information. This requirement is applied at the time the Fund invests its assets. If, subsequent to an investment by the Fund, this requirement is no longer met, the Fund's future investments will be made in a manner that will bring the Fund into compliance with this requirement. To the extent the Fund invests in derivatives, such investments may be counted on a mark-to-market basis for purposes of the 80% policy. In addition, in appropriate circumstances, synthetic investments may count toward the 80% policy if they have economic characteristics similar to the other investments included in the basket. The Fund's policy to invest at least 80% of its assets in such a manner is "non-fundamental," which means that it may be changed without shareholder approval. The Funds have adopted a policy to provide the Fund's shareholders with at least 60 days' prior notice of any change in the Fund's non-fundamental investment policy with respect to investments of the type suggested by its name. For additional information, please see the SAI.

The Fund may invest its net assets in other investment companies, including exchange-traded funds that invest in similar securities to those in which the Fund may invest directly, and count such holdings towards various guideline tests (such as the 80% test required under Rule 35d-1 under the 1940 Act).

The Fund's investment objective is non-fundamental and may be changed without shareholder approval.

Russian Securities

Until further notice, the Fund will not purchase securities of Russian issuers.

Additional Information About Risks

The principal risks of investing in the Fund are described below, which may result in a loss of your investment. As indicated in the table below, not all of these risks are principal risks of investing in the Fund. The risks are presented below in alphabetical order, and not in the order of importance or potential exposure. The Fund may be subject to risks to different degrees. The fact that a particular risk is not identified as a principal risk for the Fund does not mean that the Fund is prohibited from investing in securities or investments that give rise to that risk. There can be no assurance that the Fund will achieve its investment objective.

Investors should be aware that in light of the current uncertainty, volatility and state of economies, financial markets, and labor and health conditions around the world, the risks below are heightened significantly compared to normal conditions and therefore may subject the Fund's investments and a shareholder's investment in the Fund to reduced yield and/or income and sudden and substantial losses. The fact that a particular risk below is not specifically identified as being heightened under current conditions does not mean that the risk is not greater than under normal conditions.

Additional information about the investment practices of the Fund and risks pertinent to these practices is included in the SAI. The following information regarding principal investment strategies and risks is provided in alphabetical order and not necessarily in order of importance.

Consumer Non-Cyclical Sector Risk

To the extent the Fund invests in companies in the consumer non-cyclical sector, it is more susceptible to adverse developments affecting such companies and may perform poorly during a downturn in the consumer non-cyclical sector. Investments in the consumer non-cyclical sector involve risks associated with companies that manufacture products and provide discretionary services directly to the consumer. Investments in the consumer non-cyclical sector may be adversely affected by fluctuations in supply and demand, disruptions in supply chains, product obsolescence, product liability claims, changes in regulations, domestic and global economic conditions, consumer spending, competition, demographics, consumer preferences and production spending, and environmental and political events.

Debt or Fixed-Income Securities

Investors buy debt securities primarily to profit through interest payments. Governments, banks and companies raise cash by issuing or selling debt securities to investors. Debt securities may be bought directly from those issuers or in the secondary trading markets. There are many different types of debt securities, including (without limitation) bonds, notes and debentures.

Some debt securities pay interest at fixed rates of return (referred to as fixed-income securities), while others pay interest at variable rates. Interest may be paid at different intervals. Some debt securities do not make regular interest payments, but instead are initially sold at a discount to the principal amount that is to be paid at maturity.

The risks involved with investing in debt securities include (without limitation):

- **Credit risk:** Credit risk is the risk that an issuer, guarantor, or liquidity provider of a debt security may be unable or unwilling, or may be perceived (whether by market participants, ratings agencies, pricing services or otherwise) as unable or unwilling, to make timely principal and/or interest payments, or to otherwise honor its obligations. By purchasing a debt security, in certain circumstances, a buyer is effectively lending money to the issuer of that security. If the issuer does not pay back the loan, the holder of the security may experience a loss on its investment. Changes in an issuer's credit rating or the market's perception of an issuer's creditworthiness may also affect the value of an investment. Moreover, in a rising interest rate environment, the risk that such issuer or guarantor may default on its obligations is heightened. Actual or perceived changes in economic, social, health, financial or political conditions in general or that affect a particular type of instrument, issuer, guarantor or counterparty can reduce the ability of the party to meet its obligations, which can affect the credit quality, liquidity and/or value of an instrument. The value of an instrument also may decline for reasons that relate directly to the issuer, guarantor or counterparty, such as management performance, financial leverage and reduced demand for goods and services. Although credit quality ratings may not accurately reflect the true credit risk or liquidity of an instrument, a change in the credit quality rating of an instrument or an issuer can have a rapid, adverse effect on the instrument's liquidity and make it more difficult to sell the instrument at an advantageous price or time. Credit ratings assigned by rating agencies are based on a number of factors and subjective judgments and, therefore, do not necessarily represent an issuer's actual financial condition or the volatility or liquidity of the security.
- **Maturity risk:** Maturity is the average expected repayment date of the Fund's portfolio, taking into account the expected final repayment dates of the securities in the portfolio. A debt security with a longer maturity may fluctuate in value more than a debt security with a shorter maturity. Therefore, the NAV of the Fund that holds debt securities with a longer average maturity may fluctuate in value more than the NAV of the Fund that holds debt securities with a shorter average maturity. Duration is a measure of the price sensitivity of a fixed-income investment to changes in interest rates. Duration is expressed as a number of years and is

considered a more accurate sensitivity gauge than average maturity. However, measures such as average duration may not accurately reflect the true interest rate sensitivity of the Fund's investments or its overall portfolio.

- **Market risk:** Like other securities, debt securities are subject to the forces of supply and demand. Low demand may negatively impact the price of a debt security.
- **Interest rate risk:** A variety of factors can cause interest rates to change, including central bank monetary policies, inflation rates and general economic conditions. The value of a debt security usually changes when interest rates change. Generally, when interest rates go up, the value of a debt security goes down and when interest rates go down, the value of a debt security goes up. During periods of very low or negative interest rates, the Fund's susceptibility to interest rate risk may be magnified, its yield may be diminished and its performance may be adversely affected. Low interest rates (or negative interest rates) may magnify the risks associated with rising interest rates. The Fund may also be subject to heightened interest rate risk when the Federal Reserve raises interest rates. For more information on risks associated with inflation, please see "Inflation Risk."

Changing interest rates may have unpredictable effects on markets, including market volatility, and may adversely affect performance. A low or negative interest rate environment may pose additional risks because low or negative yields on portfolio holdings may have an adverse impact on the Fund's ability to provide a positive yield to its shareholders. Any such change in interest rates may be sudden and significant, with unpredictable effects on the financial markets and the Fund's investments. Should interest rates decrease, investments in certain variable-rate and fixed-rate debt securities may be adversely affected.

- **Extension risk and Prepayment risk:** An issuer could exercise its right to pay principal on an obligation later than expected. This may happen when there is a rise in interest rates. Under these circumstances, the value of the obligation may decrease, and the Fund may also suffer from the inability to reinvest in higher yielding securities. An issuer may exercise its right to redeem outstanding debt securities prior to their maturity (known as a "call") or otherwise pay principal earlier than expected for a number of reasons (e.g., declining interest rates, changes in credit spreads and improvements in the issuer's credit quality). If an issuer calls or "prepays" a security, the Fund may not recoup the full amount of its initial investment and may be required to reinvest in generally lower-yielding securities, securities with greater credit risks or securities with other, less favorable features or terms.

Debt securities rated below investment grade by a nationally recognized statistical rating organization ("NRSRO") are considered to have speculative characteristics and some may be commonly referred to as "junk bonds." Junk bonds entail default and other risks greater than those associated with higher-rated securities.

The duration of a bond or mutual fund portfolio is an indication of sensitivity to changes in interest rates. In general, the longer the Fund's duration, the more it will react to changes in interest rates and the greater the risk and return potential. Duration may not accurately reflect the true interest rate sensitivity of instruments held by the Fund and, in turn, the Fund's susceptibility to changes in interest rates. For example, the price of a bond fund with an average duration of five years would be expected to fall approximately 5% if interest rates rose by one percentage point.

A ladder maturity schedule means a portfolio is structured so that a certain percentage of the securities will mature each year. This helps the Fund manage duration and risk, and attempts to create a more consistent return.

Depository Receipts

American Depositary Receipts ("ADRs"), European Depositary Receipts ("EDRs"), Global Depositary Receipts ("GDRs"), International Depositary Receipts ("IDRs"), Non-Voting Depositary Receipts ("NVDRs") and other similar securities represent ownership of securities of non-U.S. issuers held in trust by a bank, exchange or similar financial institution. ADRs are denominated in U.S. dollars and trade in the U.S. securities markets. GDRs and EDRs are receipts issued by foreign banks or trust companies, or foreign branches of U.S. banks that represent an interest in shares of either a foreign or U.S. corporation. NVDRs are typically issued by an exchange or its affiliate and do not have voting rights. These investments may not be denominated in the same currency as the underlying securities into which they may be converted, and are subject to currency risks. Depository receipts involve many of the same risks of investing directly in foreign securities. The issuers of depository receipts may discontinue issuing new depository receipts and withdraw existing depository receipts at any time, which may result in costs and delays in the distribution of the underlying assets to the Fund and may negatively impact the Fund's performance.

Equity Securities Risk

Publicly held corporations may raise needed cash by issuing or selling equity securities to investors. When the Fund buys the equity securities of a corporation it becomes a part owner of the issuing corporation. Equity securities may be bought on domestic stock exchanges, foreign stock exchanges, or in the over-the-counter market. There are many different types of equity securities, including (without limitation) common stocks, preferred stocks, ADRs, and real estate investment trusts.

Investors buy equity securities to make money through dividend payments and/or selling them for more than they paid. The risks involved with investing in equity securities include (without limitation):

- **Changing economic conditions:** Equity securities may fluctuate as a result of general economic conditions, including changes in interest rates.

- **Industry and company conditions:** Certain industries or individual companies may come in and out of favor with investors. In addition, changing technology and competition may make the equity securities of a company or industry more volatile.
- **Security selection:** A portfolio manager may not be able to consistently select equity securities that appreciate in value, or anticipate changes that can adversely affect the value of the Fund's holdings. Investments in smaller and mid-size companies may be more volatile than investments in larger companies.

Exchange-Traded Funds (“ETFs”)

To the extent the Fund may invest in securities of other investment companies, it may invest in shares of ETFs, including ETFs advised by affiliates of New York Life Investments. ETFs are investment companies that trade like stocks. The price of an ETF is derived from and based upon the securities held by the ETF. However, like stocks, shares of ETFs are not traded at NAV, but may trade at prices above or below the value of their underlying portfolios. The level of risk involved in the purchase or sale of an ETF is similar to the risk involved in the purchase or sale of a traditional common stock, except that the pricing mechanism for an ETF is based on a basket of securities. Thus, the risks of owning an ETF generally reflect the risks of owning the underlying securities that the ETF is designed to track, although lack of liquidity in an ETF's shares could result in the market price of the ETF's shares being more volatile than the underlying portfolio of securities. Disruptions in the markets for the securities underlying ETFs could result in losses on investment in ETFs. In addition, an actual trading market may not develop for an ETF's shares and the listing exchange may halt trading of an ETF's shares. ETFs are subject to management fees and other fees that may increase their costs versus the costs of owning the underlying securities directly. The Fund will indirectly bear its proportionate share of management fees and other expenses that are charged by an ETF in addition to the management fees and other expenses paid by the Fund. The Fund will pay brokerage commissions in connection with the purchase and sale of shares of ETFs. The Fund may from time to time invest in ETFs, primarily as a means of gaining exposure for its portfolio to the market without investing in individual securities, particularly in the context of managing cash flows into the Fund or where access to a local market is restricted or not cost effective. In addition, an index-based ETF may not exactly replicate the performance of the index it seeks to track for a number of reasons, such as operating expenses, transaction costs and imperfect correlation between the performance of the ETF's holdings and that of the index.

The Fund may invest in ETFs, among other reasons, to gain broad market, sector or asset class exposure, including during periods when it has large amounts of uninvested cash or when the Manager or Subadvisor believes share prices of ETFs offer attractive values, subject to any applicable investment restrictions in the Prospectus and the SAI.

Foreign Securities and Currencies

An issuer of a security is considered to be a U.S. or foreign issuer based on the issuer's “country of risk” (or similar designation), as determined by a third-party such as Bloomberg. The issuer's “country of risk” is determined based on a number of criteria, including its country of domicile, the primary stock exchange on which it trades, the location from which the majority of its revenue comes, and its reporting currency. Although the Fund will generally rely on an issuer's “country of risk,” as determined by Bloomberg when categorizing securities as either U.S. or foreign-based, it is not required to do so. Foreign securities may be more difficult to sell than U.S. securities. Foreign securities may be domiciled in the United States and traded on a U.S. market, but possess elements of foreign risk. Investments in foreign securities may involve difficulties in receiving or interpreting financial and economic information, possible imposition of taxes, higher brokerage and custodian fees, possible currency exchange controls or other government restrictions, including possible seizure or nationalization of foreign deposits or assets. Foreign securities may also be less liquid and more volatile than U.S. securities. Additionally, to the extent that the underlying securities held by the Fund trade on foreign exchanges or in foreign markets that may be closed when the U.S. markets are open, there are likely to be deviations between the current price of an underlying security and the last quoted price for the underlying security (i.e., the Fund's quote from the closed foreign market). There may also be difficulty in invoking legal protections across borders and, as a result, the Fund may have limited or no legal recourse with respect to foreign securities. In addition, investments in emerging market countries present unique and greater risks than those presented by investments in countries with developed securities markets and more advanced regulatory systems. For example, some Asia-Pacific countries can be characterized as emerging markets or newly industrialized and may experience more volatile economic cycles and less liquid markets than developed countries. The Asia-Pacific region has historically been highly dependent on global trade and the growth, development and stability of the region can be adversely affected by, among other regional and global developments, trade barriers, exchange controls and other measures imposed or negotiated by the countries with which they trade. See “Emerging Markets” above.

Economic sanctions and other similar measures may be, and have been, imposed against certain countries, organizations, companies, entities and/or individuals. Economic sanctions and other similar governmental actions or developments could, among other things, effectively restrict or eliminate the ability to purchase or sell certain foreign securities or groups of foreign securities, and thus may make investments in such securities less liquid or more difficult to value. Such sanctions may also cause a decline in the value of securities issued by the sanctioned country or companies located in or economically tied to the sanctioned country. In addition, as a result of economic sanctions and other similar governmental actions or developments, the Fund may be forced to sell or otherwise dispose of foreign investments at inopportune times or prices. Sanctions and other similar measures could significantly delay or prevent the settlement of securities transactions or their valuation, and significantly impact the Fund's liquidity and performance. Sanctions and other similar measures may be in place for a substantial period of time and enacted with limited advanced notice.

Many foreign securities are denominated or quoted in a foreign currency. A decline in value of a currency will have an adverse impact on the U.S. dollar value of any investments denominated in that currency. Exchange rate movements can be large and can endure for extended periods of time, affecting either favorably or unfavorably the value of the Fund's assets. However, the Fund may engage in foreign currency transactions to attempt to protect itself against fluctuations in currency exchange rates in relation to the U.S. dollar. See "Risk Management Techniques" below.

Changes in the value of foreign (non-U.S.) currencies relative to the U.S. dollar and inflation may adversely affect the Fund's investments in foreign currencies or in securities that trade in, and receive revenues in, or in derivatives that provide exposure to, foreign currencies. These changes in value can make the return on an investment go up or down, unrelated to the quality or performance of the investment itself. The Subadvisor may seek to reduce currency risk by hedging all or part of the exposure to various foreign currencies of the Fund's assets allocated to the Subadvisor by engaging in hedging transactions, including swaps, futures, forward currency contracts and other derivatives. However, these transactions and techniques may not always work as intended, and in certain cases the Fund may be worse off than if it had not engaged in such hedging practices. In addition, certain market conditions may make it impossible or uneconomical to hedge against currency risk.

Geographic Focus Risk

Issuers in a single country, a small number of countries, or a particular geographic region can react similarly to market, currency, economic, political, regulatory, geopolitical and other conditions. These conditions include anticipated or actual government budget deficits or other financial difficulties, levels of inflation and unemployment, fiscal and monetary controls, tax policy and political and social instability. The Fund's performance will be particularly susceptible to the conditions in the countries or regions to which it is significantly exposed.

For example, investments in Japan may be subject to additional risks, including those associated with an aging and declining population, which contributes to the increasing cost of Japan's pension and public welfare system and makes the economy more dependent on foreign trade. Additionally, Japan is prone to natural disasters, such as earthquakes and tsunamis.

Additionally, investments in the United Kingdom are subject to additional risks. For example, the United Kingdom is a substantial trading partner of the United States and other European countries, and, as a result, the British economy may be impacted by adverse changes to the economic health of the United States and other European countries. In addition, on January 31, 2020, the United Kingdom officially withdrew from the European Union (known as "Brexit"), and on December 30, 2020, the United Kingdom and the European Union signed a trade agreement, which was subsequently ratified by the parties. The impact of Brexit on the United Kingdom and European Union and the broader global economy is unknown but could be significant and could result in ongoing market volatility and illiquidity and potentially lower economic growth.

Growth Stocks

Growth stocks typically trade at higher multiples of current earnings than other securities. Therefore, the values of growth stocks may be more sensitive to changes in current or expected earnings than the values of other securities.

The principal risk of investing in growth stocks is that investors expect growth companies to increase their earnings at a certain rate that is generally higher than the rate expected for non-growth companies. If these expectations are not met, the market price of the stock may decline significantly, even if earnings showed an absolute increase. Growth stocks also typically lack the dividend yield that can cushion stock prices in market downturns.

Increase in Expenses Risk

The actual costs of investing in the Fund may be higher than the expenses shown in "Total Annual Fund Operating Expenses" for a variety of reasons. For example, expense ratios may be higher than those shown if average net assets decrease, as a result of redemptions or otherwise, or if a fee limitation is changed or terminated. Net assets are more likely to decrease and fund expense ratios are more likely to increase when markets are volatile.

Inflation Risk

The Fund's investments may be subject to inflation risk, which is the risk that the real value (i.e., nominal price of the asset adjusted for inflation) of assets or income from investments will be less in the future because inflation decreases the purchasing power and value of money (i.e., as inflation increases, the real value of the Fund's assets can decline as can the value of the Fund's distributions). Inflation rates may change frequently and significantly as a result of various factors, including unexpected shifts in the domestic or global economy and changes in monetary or economic policies (or expectations that these policies may change). The market price of debt securities generally falls as inflation increases because the purchasing power of the future income and repaid principal is expected to be worth less when received by the Fund. The risk of inflation is greater for debt instruments with longer maturities and especially those that pay a fixed rather than variable interest rate. In addition, this risk may be significantly elevated compared to normal conditions because of monetary policy measures and the current interest rate environment and level of government intervention and spending.

Initial Public Offerings (“IPOs”)

IPO share prices are frequently volatile due to factors such as the absence of a prior public market for the shares, unseasoned trading in the shares, the small number of shares available for trading and limited information about the issuer’s business model, quality of management, earnings growth potential and other criteria used to evaluate its investment prospects. Investments in IPO shares, which are subject to market risk and liquidity risk, involve greater risks than investments in shares of companies that have traded publicly on an exchange for extended periods of time. Investments in IPO shares may have a magnified impact on the performance of the Fund with a small asset base. The impact of the investments in IPO shares on the Fund’s performance will likely decrease as the Fund’s asset size increases, which could reduce the Fund’s returns. IPOs may not be consistently available for investing, particularly as the Fund’s asset base grows. The Fund may hold IPO shares for a very short period of time, which may increase portfolio turnover and expenses, such as commissions and transaction costs. In addition, IPO shares can experience an immediate drop in value if the demand for the securities does not continue to support the offering price.

Issuer Risk

An issuer in which the Fund invests or to which it has exposure may perform poorly, and the value of its securities may therefore decline, which would negatively affect the Fund’s performance. Poor performance may be caused by poor management decisions, competitive pressures, breakthroughs in technology, reliance on suppliers, labor problems or shortages, corporate restructurings, fraudulent disclosures, natural disasters, military confrontations and actions, war, other conflicts, terrorism, disease/virus outbreaks, epidemics or other events, conditions or factors.

Large Investments or Redemptions by Shareholders Risk

From time to time, the Fund may receive large purchase or redemption orders from affiliated or unaffiliated mutual funds or other investors. Such large transactions could have adverse effects on performance if the Fund is required to sell securities, invest cash or hold significant cash at times when it otherwise would not do so. This activity could also accelerate the realization of capital gains and increase transaction costs. Certain shareholders, including clients or affiliates of the Manager and/or other funds managed by the Manager or its affiliates, may from time to time own or control a significant percentage of the Fund’s shares. Redemptions by these shareholders of their shares may further increase the liquidity risk and may otherwise adversely impact the Fund. These shareholders may include, for example, institutional investors, funds of funds, discretionary advisory clients and other shareholders whose buy-sell decisions are controlled by a single decision-maker. For more information, please see “Liquidity and Valuation Risk.”

Lending of Portfolio Securities

The Fund may lend its portfolio securities. Portfolio securities may be loaned to brokers, dealers and financial institutions to realize additional income under guidelines adopted by the Fund’s Board. In determining whether to lend securities, the Manager or the Subadvisor or its/their agent will consider relevant facts and circumstances, including the creditworthiness of the borrower. Securities lending involves the risk that the Fund may lose money in the event that the borrower fails to return the securities in a timely manner or at all. The Fund also could lose money in the event of a decline in the value of the collateral provided for loaned securities or in the event that the borrower fails to provide additional collateral as needed to ensure the loan is fully collateralized. The Fund may also not experience the returns expected with the investment of cash collateral. Furthermore, as with other extensions of credit, the Fund could lose its rights in the collateral should the borrower fail financially. Another risk of securities lending is the risk that the loaned portfolio securities may not be available to the Fund on a timely basis and the Fund may therefore lose the opportunity to sell the securities at a desirable price. Any decline in the value of a security that occurs while the security is out on loan would continue to be borne by the Fund.

Liquidity and Valuation Risk

Liquidity risk is the risk that the Fund could not meet redemption requests within the allowable time period without significant dilution of remaining investors’ interests in the Fund. Liquidity risk exists when particular investments are difficult to sell, possibly preventing the Fund from selling the investments at an advantageous time or price. Liquidity risk may also exist because of unusual market conditions, government intervention, political, social, health, economic or market developments, unusually high volume of redemptions, or other reasons. To meet redemption requests, the Fund may be forced to sell securities at an unfavorable time and/or under unfavorable conditions. The liquidity of any Fund investment may change significantly over time as a result of market, economic, trading, issuer-specific and other factors.

Valuation risk refers to the potential that the sales price the Fund could receive for any particular investment may differ from the Fund’s valuation of the investment. Valuation of the Fund’s investments may be difficult, particularly for securities that trade in thin or volatile markets or that are valued using a fair value methodology that produces an estimate of the fair value of the security/instrument, which are based on good faith, subjective judgments, and available information. Such valuations may prove to be inaccurate. Where no clear or reliable indication of the value of a particular investment is available, the investment will be valued at its fair value according to valuation procedures approved by the Board. These cases include, among others, situations where the secondary markets on which a security has previously been traded are no longer viable for lack of liquidity. The value of illiquid investments may reflect a discount, which may be significant, from the market price of comparable securities for which a liquid market exists, and thus negatively affect the Fund’s NAV. In addition, the value of illiquid investments that subsequently become liquid may increase, positively affecting the Fund’s NAV. The

Manager, as valuation designee, may rely on various sources of information to value investments and calculate NAVs. The Manager may obtain pricing information from third parties that are believed to be reliable. In certain cases, this information may be unavailable or this information may be inaccurate because of errors by the third parties, technological issues, an absence of current market data, or otherwise. These cases increase the risks associated with fair valuation.

Performance attributable to variations in liquidity are not necessarily an indication of future performance. For more information on fair valuation, please see "Fair Valuation and Portfolio Holdings Disclosure."

Market Capitalization Risk

To the extent the Fund invests in securities issued by small-, mid-, or large-cap companies, it will be subject to the risks associated with securities issued by companies of the applicable market capitalization. Securities issued by companies of different market capitalizations tend to go in and out of favor based on market and economic conditions. During a period when securities of a particular market capitalization underperform other types of investments, the Fund's performance could be adversely impacted.

Securities of small-cap and mid-cap companies may be subject to greater price volatility, significantly lower trading volumes, cyclical, static or moderate growth prospects and greater spreads between their bid and ask prices than securities of larger companies. In addition, securities of small-cap and mid-cap companies may trade in an over-the-counter market or on a regional exchange, or may otherwise have limited liquidity. Smaller capitalization companies frequently rely on narrower product lines, niche markets, limited financial resources, a few key employees and inexperienced management. Smaller capitalization companies have more speculative prospects for future growth, sustained earnings and market share than larger companies and may be more vulnerable to adverse business or market developments. Accordingly, it may be difficult for the Fund to sell small-cap securities at a desired time or price. Generally, the smaller the company, the greater these risks become. Although securities issued by larger companies tend to have less overall volatility than securities issued by smaller companies, securities issued by larger companies may have less growth potential and may not be able to attain the high growth rates of successful smaller companies, especially during strong economic periods. In addition, larger companies may be less capable of responding quickly to competitive challenges and industry changes, including those resulting from improvements in technology, and may suffer sharper price declines as a result of earnings disappointments.

Market Risk

The value of the Fund's investments may fluctuate and/or decline because of changes in the markets in which the Fund invests, which could cause the Fund to underperform other funds with similar investment objectives and strategies. Security markets are volatile and may decline significantly in response to adverse issuer, regulatory, political, or economic developments. Different sectors of the market and different security types may react differently to such developments. Changes in these markets may be rapid and unpredictable. Fluctuations in the markets generally or in a specific industry or sector may impact the securities in which the Fund invests. From time to time, markets may experience periods of stress for potentially prolonged periods that may result in: (i) increased market volatility; (ii) reduced market liquidity; and (iii) increased redemptions. Such conditions may add significantly to the risk of volatility in the net asset value of the Fund's shares. Market changes may impact equity and fixed income securities in different and, at times, conflicting manners. The Fund potentially will be prevented from executing investment decisions at an advantageous time or price as a result of any domestic or global market disruptions, particularly disruptions causing heightened market volatility and reduced market liquidity, as well as increased or changing regulations. Thus, investments that the Subadvisor believes represent an attractive opportunity or in which the Fund seeks to obtain exposure may be unavailable entirely or in the specific quantities sought by the Subadvisor and the Fund may need to obtain the exposure through less advantageous or indirect investments or forgo the investment at the time.

Political and diplomatic events within the United States and abroad, such as the U.S. budget and trade tensions, has in the past resulted, and may in the future result, in developments that present additional risks to the Fund's investments and operations. Geopolitical and other events, such as war, acts of terrorism, natural disasters, the spread of infectious illnesses, epidemics and pandemics, environmental and other public health issues, supply chain disruptions, inflation, recessions or other events, and governments' reactions to such events, may lead to increased market volatility and instability in world economies and markets generally and may have adverse effects on the performance of the Fund and its investments. It is difficult to accurately predict or foresee when events or conditions affecting the U.S. or global financial markets, economies, and issuers may occur, the effects of such events or conditions, potential escalations or expansions of these events, possible retaliations in response to sanctions or similar actions and the duration or ultimate impact of those events. There is an increased likelihood that these types of events or conditions can, sometimes rapidly and unpredictably, result in a variety of adverse developments and circumstances, such as reduced liquidity, supply chain disruptions and market volatility, as well as increased general uncertainty and broad ramifications for markets, economies, issuers, businesses in many sectors and societies globally. Stocks of large capitalization issuers that are included as components of indices replicated by passively-managed funds may be particularly susceptible to declines in value, including declines in value that are not believed to be representative of the issuer's fundamentals, due to market and investor reactions to such events. Additional and/or prolonged geopolitical or other events may affect investor and consumer confidence and may adversely impact financial markets and the broader economy, perhaps suddenly and to a significant degree. Any such market, economic and other disruptions could also prevent the Fund from executing its investment strategies and processes in a timely manner.

Operational and Cyber Security Risk

The Fund is exposed to operational risk arising from a number of factors, including but not limited to, human error, processing and communication errors, errors of service providers, counterparties or other third-parties, failed or inadequate processes and technology or system failures. Additionally, the Fund and its service providers are susceptible to risks resulting from breaches in cyber security, including the theft, corruption, destruction or denial of access to data maintained online or digitally, denial of service on websites and other disruptions. Successful cyber security breaches may adversely impact the Fund and its shareholders by, among other things, interfering with the processing of shareholder transactions, impacting the Fund's ability to calculate its NAV, causing the release of confidential shareholder or Fund information, impeding trading, causing reputational damage and subjecting the Fund to fines, penalties or financial losses. The Fund seek to reduce these operational and cyber security risks through controls and procedures. However, these measures do not address every possible risk and may be inadequate for those risks that they are intended to address.

Portfolio Management Risk

The investment strategies, practices and risk analysis used may not produce the desired results. In addition, the Fund may not achieve its investment objective, including during periods in which it takes temporary positions in response to unusual or adverse market, economic or political conditions, or other unusual or abnormal circumstances. The Subadvisor may be incorrect in its assessment of a particular security or market trend, which could result in losses. The Subadvisor's judgment about whether securities will increase or decrease in value may prove to be incorrect, and the value of these securities could change unexpectedly.

A quantitative model or algorithm ("quantitative tool") used by the Subadvisor, and the investments selected based on the quantitative tool, may not perform as expected. A quantitative tool may contain certain assumptions in construction and implementation that may adversely affect the Fund's performance. There may also be technical issues with the construction and implementation of the quantitative tool (for example, software or other technology malfunctions, or programming inaccuracies). In addition, the Fund's performance will reflect, in part, the Subadvisor's ability to make active qualitative decisions and timely adjust the quantitative tool, including the tool's underlying metrics and data.

Portfolio Turnover

Portfolio turnover measures the amount of trading the Fund does during the year. Due to its trading strategies, the Fund may experience a portfolio turnover rate of over 100%. The portfolio turnover rate for the Fund is found in the summary section for the Fund and the Financial Highlights. The use of certain investment strategies may generate increased portfolio turnover. The Fund with a high turnover rate (at or over 100%) often will have higher transaction costs (which are paid by the Fund) and may generate short-term capital gains (on which Fund shareholders will pay taxes, even if such shareholders do not sell any shares by year-end).

Real Estate Investment Trusts ("REITs")

REITs are pooled investment vehicles that invest primarily in either real estate or real estate-related loans. Investment in REITs carries with it many of the risks associated with direct ownership of real estate, including declines in property values extended vacancies, increases in property taxes, possible environmental liabilities and changes in interest rates. In addition to these risks, REITs are dependent upon management skills, may not be diversified, may experience substantial cost in the event of borrower or lessee defaults, and are subject to heavy cash flow dependency. REITs are also susceptible to the risks associated with the types of real estate investments they own and adverse economic or market events with respect to these securities and property types (e.g., apartment properties, retail shopping centers, office and industrial properties, hotels, healthcare facilities, manufactured housing and mixed-property types). A REIT could possibly fail to qualify for tax free pass-through of income under the Internal Revenue Code of 1986, as amended (the "Internal Revenue Code"), or could fail to maintain its exemption from registration under the 1940 Act. The failure of a company to qualify as a REIT under federal tax law or maintain its exemption from registration under the 1940 Act may have adverse consequences.

Regulatory Risk

Government regulation and/or intervention may change the way the Fund is regulated, affect the expenses incurred directly by the Fund, affect the value of its investments, and limit the Fund's ability to achieve its investment objective. Government regulation may change frequently and may have significant adverse consequences. Moreover, government regulation may have unpredictable and unintended effects. In addition to exposing the Fund to potential new costs and expenses, additional regulation or changes to existing regulation may also require changes to the Fund's investment practices. Certain regulatory authorities may also prohibit or restrict the ability of the Fund to engage in certain derivative transactions or short-selling of certain securities. Although there continues to be uncertainty about the full impact of these and other regulatory changes, the Fund may be subject to a more complex regulatory framework, and incur additional costs to comply with new requirements as well as to monitor for compliance with any new requirements going forward.

At any time after the date of this Prospectus, legislation may be enacted that could negatively affect the assets of the Fund. Legislation or regulation may change the way in which the Fund is managed. Neither the Manager nor the Subadvisor can predict the effects of any new governmental regulation that may be implemented, and there can be no assurance that any new governmental regulation will not adversely affect the Fund's ability to achieve its respective investment objective. The Fund's activities may be limited or restricted because of laws and regulations applicable to the Manager, the Subadvisor or the Fund.

Repurchase Agreements

The Fund may enter into repurchase agreements with certain sellers in accordance with guidelines adopted by the Board. A repurchase agreement is an instrument under which the Fund acquires a security and the seller agrees, at the time of the sale, to repurchase the security at an agreed upon time and price. The Fund's use of repurchase agreements is generally intended to be a means for the Fund to earn income on uninvested cash, but there is no guarantee that a repurchase agreement will provide income.

Repurchase agreements subject the Fund to counterparty risks, including the risk that the seller of the underlying security will become bankrupt or insolvent before the date of repurchase or otherwise will fail to repurchase the security as agreed, which could cause losses to the Fund. If the seller defaults on its obligations under the agreement, the Fund may incur costs, lose money or suffer delays in exercising its rights under the agreement. If the seller fails to repurchase the underlying instruments collateralizing the repurchase agreement, the Fund may lose money. The credit, liquidity and other risks associated with repurchase agreements are heightened when a repurchase agreement is secured by collateral other than cash or U.S. government securities.

Restricted Securities Risk

Restricted securities are securities that are sold only through negotiated private transactions and not to the general public, due to certain restrictions imposed by federal securities laws or the terms of the security. The principal risk of investing in restricted securities is that the Fund may be limited or prevented by law or the terms of the security from selling the security and, as a result, the Fund may be unable to dispose of the security at an advantageous time or price. In addition, there is no assurance that a trading market will develop or exist for a restricted security, which also may result in difficulties in selling the security.

Risk Management Techniques

Various techniques can be used to increase or decrease exposure to changing security prices, interest rates, currency exchange rates, commodity prices or other factors that affect security values. These techniques may involve derivative transactions such as buying and selling futures contracts and options on futures contracts, entering into foreign currency transactions (such as foreign currency forward contracts and options on foreign currencies) and purchasing put or call options on securities and securities indices.

These practices can be used in an attempt to adjust the risk and return characteristics of a portfolio of investments. For example, to gain exposure to a particular market, the Fund may be able to purchase a futures contract with respect to that market. The use of such techniques in an attempt to reduce risk is known as "hedging." If the Manager or Subadvisor judges market conditions incorrectly or employs a strategy that does not correlate well with the Fund's investments, these techniques could result in a loss, which in some cases may be unlimited, regardless of whether the intent was to reduce risk or increase return. These techniques may increase the volatility of the Fund and may involve a small investment of cash relative to the magnitude of the risk assumed. In addition, these techniques could result in a loss if the counterparty to the transaction does not perform as promised.

Sector Risk

To the extent the Fund focuses its investments in particular sectors of the economy, the Fund's performance may be more subject to the risks of volatile economic cycles and/or conditions or developments adversely affecting such sectors than if the Fund held a broader range of investments. Individual sectors may fluctuate more widely than the broader market.

Tax Risk

Certain investments and investment strategies, including transactions in options and futures contracts, may be subject to special and complex federal income tax provisions, the effect of which may be, among other things: (i) to disallow, suspend, defer or otherwise limit the allowance of certain losses or deductions; (ii) to accelerate income to the Fund; (iii) to convert an ordinary loss or a deduction into a capital loss (the deductibility of which is more limited); and/or (iv) to produce income that will not qualify as good income under the gross income requirements that must be met for the Fund to qualify as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended (the "Internal Revenue Code"). Furthermore, to the extent that any futures contract or option on a futures contract held by the Fund is a "Section 1256 contract" under Section 1256 of the Internal Revenue Code, the contract will be marked to market annually, and any gain or loss will be treated as 60% long-term and 40% short-term, regardless of the holding period for such contract. Section 1256 contracts may include Fund transactions involving call options on a broad-based securities index, certain futures contracts and other financial contracts.

Technology Stock Risk

Investments in technology companies may be subject to various risks, including risks relating to falling prices and profits, competition from new domestic and international market entrants, difficulty in obtaining financing and general economic conditions. In addition, the products of technology companies may face obsolescence associated with rapid technological developments and innovation, frequent new product introduction, unpredictable changes in growth rates and competition for the services of qualified personnel. Technology companies are also heavily dependent on intellectual property rights and may be adversely affected by the loss or impairment of those rights. The profitability of technology companies, and an investment in such companies, may be particularly vulnerable to changing market demand, research and development costs and availability and price of components and related commodities, which may be influenced or characterized by unpredictable factors. In addition, technology stocks historically have experienced unusually wide price swings, thus potentially causing the Fund's performance to be more volatile than a fund not invested in technology companies.

Temporary Defensive Investments

In times of unusual or adverse market, economic or political conditions or abnormal circumstances (such as large cash inflows or anticipated large redemptions), the Fund may, for temporary defensive purposes or for liquidity purposes (which may be for a prolonged period), invest outside the scope of its principal investment strategies. Under such conditions, the Fund may not invest in accordance with its investment objective or principal investment strategies and, as a result, there is no assurance that the Fund will achieve its investment objective. Under such conditions, the Fund may also invest without limit in cash, money market securities or other investments.

U.S. Government Securities Risk

There are different types of U.S. government securities with different levels of credit risk, including the risk of default, depending on the nature of the particular government support for that security. For example, a U.S. government-sponsored entity, such as Federal National Mortgage Association ("Fannie Mae") or Federal Home Loan Mortgage Corporation ("Freddie Mac"), although chartered or sponsored by an Act of Congress, may issue securities that are neither insured nor guaranteed by the U.S. Treasury and are therefore riskier than those that are.

BEFORE YOU INVEST — DECIDING WHICH CLASS OF SHARES TO BUY

The MainStay Funds offer Investor Class, Class A, A2, C, C2, I, R1, R2, R3, R6 and SIMPLE Class shares, as applicable. Each share class may not currently be offered by each MainStay Fund or through your financial intermediary and may be offered through a separate prospectus. Effective February 28, 2017, Class B shares were closed to all new purchases and additional investments by existing Class B shareholders. Each share class of a MainStay Fund represents an interest in the same portfolio of securities, has the same rights and is identical in all respects to the other classes (unless otherwise disclosed in this Shareholder Guide or as set forth in the MainStay Funds' multiple class plan adopted pursuant to Rule 18f-3 under the 1940 Act), except that, to the extent applicable, each class also bears its own service and distribution expenses and may bear incremental transfer agency costs resulting from its investor base. In addition, each class has its own sales charge and expense structure, providing you with different choices for meeting the needs of your situation. Depending upon the number of shares of a MainStay Fund you choose to purchase, how you wish to purchase shares of a MainStay Fund and the MainStay Fund in which you wish to invest, the share classes available to you may vary.

The decision as to which class of shares is best suited to your needs depends on a number of factors that you should consider and discuss with your financial adviser. Important factors you may wish to consider include, among others:

- how much you plan to invest;
- how long you plan to hold your shares;
- the fees (e.g., sales charge) and total expenses associated with each class of shares; and
- whether you qualify for any reduction or waiver of the sales charge, if any, as discussed below in the section "Sales Charge Reductions and Waivers" and in Appendix A – Intermediary-Specific Sales Charge Waivers and Discounts.

The MainStay Funds, the Distributor and the Transfer Agent do not provide investment advice or recommendations or any form of tax or legal advice to existing or potential shareholders with respect to investment transactions involving the Funds. A shareholder transacting in (or holding) Fund shares through an intermediary should carefully review the fees and expenses charged by the intermediary relating to holding and transacting in Fund shares. These fees and expenses, including commissions, may vary by intermediary and customers of certain intermediaries are eligible only for the sales charge reductions or waivers set forth in Appendix A – Intermediary-Specific Sales Charge Waivers and Discounts. As a result, a shareholder purchasing or redeeming Fund shares through an intermediary may incur higher or lower costs than a shareholder purchasing or redeeming Fund shares through another intermediary or directly with the MainStay Funds. You may be required to pay a commission or other transaction charge to your financial intermediary when buying or selling shares of a share class that has no initial sales charge, contingent deferred sales charge, or asset-based fee for sales or distribution, such as Class I or Class R6 shares. These commissions or transaction charges are not reflected in the fee and expense table or expense examples for the share classes. The Funds make available other share classes that have different fees and expenses, which are disclosed and described in this Prospectus. Please contact your financial intermediary for more information on commissions or other transaction charges applicable to the purchase or redemption of shares of the Funds.

As with any business, operating a mutual fund involves costs. There are regular operating costs, such as investment advisory fees, distribution expenses, and custodial, transfer agency, legal and accounting fees, among others. These operating costs are typically paid from the assets of a MainStay Fund, and thus, all investors in the MainStay Fund (or share class, if applicable) indirectly share such costs. The expenses for each MainStay Fund are presented in the Funds' respective Prospectuses in the tables entitled, "Fees and Expenses of the Fund," under the heading, "Annual Fund Operating Expenses." As the fee and expense tables show, certain costs are borne equally by each share class. In cases where services or expenses are class-specific, such as distribution and/or service (12b-1) fees, the fees payable for transfer agency services or certain other expenses, the costs are typically allocated differently among the share classes or among groups of share classes.

In addition to the direct expenses that a MainStay Fund bears, MainStay Fund shareholders indirectly bear the expenses of the other funds in which the MainStay Fund invests ("Underlying Funds"), where applicable. The tables entitled "Fees and Expenses of the Fund" reflect a MainStay Fund's estimated indirect expenses from investing in Underlying Funds based on the allocation of the MainStay Fund's assets among the Underlying Funds (if any) during the MainStay Fund's most recent fiscal year. These expenses may be higher or lower over time depending on the actual investments of the MainStay Fund's assets in the Underlying Funds and the actual expenses of the Underlying Funds.

In some cases, the Total Annual Fund Operating Expenses reflected in the tables entitled "Fees and Expenses of the Fund" may differ in part from the amounts shown in the Financial Highlights section of the applicable Prospectuses, which reflect only the operating

expenses of a MainStay Fund for its prior fiscal year and do not include the MainStay Fund's share of the fees and expenses of any Underlying Fund in which the MainStay Fund invested during its prior fiscal year.

12b-1 and Shareholder Service Fees

Most significant among the class-specific costs are:

- **Distribution and/or Service (12b-1) Fee**—named after the SEC rule that permits their payment, 12b-1 fees are paid by a class of shares to compensate the Distributor for distribution and/or shareholder services such as marketing and selling MainStay Fund shares, compensating brokers and others who sell MainStay Fund shares, advertising, printing and mailing of prospectuses and responding to shareholder inquiries.
- **Shareholder Service Fee**—this fee covers certain services provided to retirement plans investing in Class R1, Class R2 and Class R3 shares that are not included under a 12b-1 plan for such class (if any), such as certain account establishment and maintenance, order processing, and communication services.

An important point to keep in mind about 12b-1 fees and shareholder service fees, which are paid out of Fund assets on an ongoing basis, is that they reduce the value of your shares, and therefore, will proportionately reduce the returns you receive on your investment and any dividends that are paid. See "Information on Fees" in this section for more information about these fees.

Sales Charges

In addition to regular operating costs, there are costs associated with an individual investor's transactions and account, such as the compensation paid to your financial adviser for helping you with your investment decisions. The MainStay Funds typically cover such costs by imposing sales charges and other fees directly on the investor either at the time of purchase or upon redemption for certain share classes. These charges and fees for each MainStay Fund are presented earlier in the tables entitled "Fees and Expenses of the Fund," under the heading, "Shareholder Fees." Such charges and fees include:

- **Initial Sales Charge**—also known as a "front-end sales load," refers to a charge that is deducted from your initial investment in Investor Class, Class A and Class A2 shares that is used to compensate the Distributor and/or your financial adviser for their efforts and assistance to you in connection with the purchase. The key point to keep in mind about a front-end sales load is that it reduces the initial amount invested in MainStay Fund shares.
- **Contingent Deferred Sales Charge**—also known as a "CDSC" or "back-end sales load," refers to a charge that is deducted from the proceeds when you redeem MainStay Fund shares (that is, sell shares back to the MainStay Fund). The amount of CDSC that you pay will depend on how long you hold your shares and decreases to zero if you hold your shares long enough. Although you pay no sales charge at the time of purchase, the Distributor typically pays your financial adviser a commission up-front. In part to compensate the Distributor for this expense, you will pay a higher ongoing 12b-1 fee over time for Class B, Class C or Class C2 shares. Subsequently, these fees may cost you more than paying an initial sales charge.

Distribution and/or service (12b-1) fees, shareholder service fees, initial sales charges and contingent deferred sales charges are each discussed in more detail later in this Shareholder Guide in the section "Information on Sales Charges." Certain intermediaries impose different sales charges and make only specified waivers from sales charges available to their customers. These variations are described in Appendix A – Intermediary-Specific Sales Charge Waivers and Discounts. The following table provides a summary of the differences among share classes with respect to such fees and other important factors:

Summary of Important Differences Among Share Classes

1. Class A, Investor Class and Class C shares of the MainStay Money Market Fund are sold with no initial sales charge or CDSC and have no 12b-1 fees.

2. Class B shares are closed to all new purchases and additional investments by existing Class B shareholders.

3. No initial sales charge applies on investments of \$1 million or more (\$250,000 or more with respect to MainStay Asset Allocation Funds, MainStay Balanced Fund, MainStay ETF Asset Allocation Funds, MainStay Floating Rate Fund, MainStay Income Builder Fund, MainStay MacKay California Tax Free Opportunities Fund, MainStay MacKay High Yield Municipal Bond Fund, MainStay MacKay New York Tax Free Opportunities Fund, MainStay MacKay Short Duration High Yield Fund, MainStay MacKay Short Term Municipal Fund, MainStay MacKay Strategic Municipal Allocation Fund, MainStay MacKay Tax Free Bond Fund, MainStay MacKay U.S. Infrastructure Bond Fund and MainStay Short Term Bond Fund). However, for purchases of Class A and Investor Class shares of each Fund (except MainStay MacKay Short Term Municipal Fund and MainStay Short Term Bond Fund), a CDSC of 1.00% (0.50% for MainStay ETF Asset Allocation Funds) may be imposed on redemptions made within 18 months of the date of purchase on shares that were purchased without an initial sales charge. For purchases of Class A, Class A2 and Investor Class shares of MainStay MacKay Short Term Municipal Fund and Class A and Investor Class shares of MainStay Short Term Bond Fund, a CDSC of 0.50% may be imposed on redemptions made within 12 months of the date of purchase on shares that were purchased without an initial sales charge. The Distributor may pay a commission to financial intermediary firms on these purchases from its own resources. See "Sales Charge Reductions and Waivers - Waivers of Contingent Deferred Sales Charges" below.
4. The CDSC period for MainStay Floating Rate Fund is a sliding scale during the first four years after purchase.
5. 18 months or less with respect to MainStay MacKay Short Duration High Yield Fund.

8. See the sections discussing Share Class Considerations and the section entitled "Buying, Selling, Converting and Exchanging Fund Shares—Conversions Between Share Classes" for more information on the voluntary and/or automatic conversions that apply to each share class.
9. Does not apply to purchases by certain retirement plans.
10. \$250,000 for MainStay Asset Allocation Funds, MainStay Balanced Fund, MainStay ETF Asset Allocation Funds, MainStay Floating Rate Fund, MainStay Income Builder Fund, MainStay MacKay California Tax Free Opportunities Fund, MainStay MacKay High Yield Municipal Bond Fund, MainStay MacKay New York Tax Free Opportunities Fund, MainStay MacKay Short Duration High Yield Fund, MainStay MacKay Strategic Municipal Allocation Fund, MainStay MacKay Tax Free Bond Fund and MainStay MacKay U.S. Infrastructure Bond Fund.

The discussions in this Shareholder Guide are not intended to be investment advice or a recommendation because each investor's financial situation and considerations are different. Additionally, certain MainStay Funds have sales charge and expense structures that may alter your analysis as to which share class is most appropriate for your needs. This analysis can best be made by discussing your situation and the factors mentioned above with your financial adviser. Generally, however, Investor Class, Class A or Class A2 shares are more economical than Class C or Class C2 shares if you intend to invest larger amounts and hold your shares long-term (more than six years, for most MainStay Funds). Class C or Class C2 shares may be more economical than Investor Class, Class A or Class A2 shares if you intend to hold your shares for a shorter term. Class I and Class R6 shares are the most economical, regardless of amount invested or intended holding period. Class I shares are generally available only to certain institutional investors or through certain financial intermediary accounts or retirement plans. Class R6 shares are generally available only to certain retirement plans invested in a MainStay Fund through omnibus accounts (either at the plan level or omnibus accounts held on the books of the MainStay Fund). Class R1, Class R2 and Class R3 shares are available only to certain employer-sponsored retirement plans. SIMPLE Class shares are generally only available to SIMPLE IRA Plan accounts.

If the share class that is most economical for you, given your individual financial circumstances and goals, is not offered through your financial intermediary and you are otherwise eligible to invest in that share class, you can open an account and invest directly in the MainStay Funds by submitting an application. Please see the section entitled "How to Open Your Account" in this Shareholder Guide and the SAI for details.

Investor Class Share Considerations

- Your Investor Class shares may convert automatically to Class A shares. Investor Class share balances are examined Fund-by-Fund on a quarterly basis. If, at that time, the value of your Investor Class shares in any one MainStay Fund equals or exceeds \$15,000 (\$10,000 in the case of IRA or 403(b)(7) accounts that are making required minimum distributions via the systematic withdrawal plan or systematic exchange program), whether by shareholder action or change in market value, or if you have otherwise become eligible to invest in Class A shares, your Investor Class shares of that MainStay Fund will be automatically converted into Class A shares. Eligible Investor Class shares may also convert upon request. Please note that, in most cases, you may not aggregate your holdings of Investor Class shares in multiple MainStay Funds/accounts or rely on a Right of Accumulation or Letter of Intent (each discussed below) to qualify for this conversion feature. Certain holders of Investor Class shares are not subject to this automatic conversion feature. For more information, please see the SAI.
- Share class conversions are based on the relevant NAVs of the two classes at the time of the conversion and no sales load or other charge is imposed upon conversion. The MainStay Funds expect all share class conversions described in this section to be made on a tax-free basis. The MainStay Funds reserve the right to modify or eliminate the share class conversion feature at any time. When a conversion occurs, reinvested dividends and capital gains convert with the shares that are converting.
- When you invest in Investor Class shares, you pay the public offering price, which is the share price, or NAV, plus the initial sales charge that may apply to your purchase. The amount of the initial sales charge varies based on the size of your investment (see "Information on Sales Charges"). We also describe below how you may reduce or eliminate the initial sales charge (see "Sales Charge Reductions and Waivers").

- Since some of your investment goes to pay an upfront sales charge when you purchase Investor Class shares, you will purchase fewer shares than you would with the same investment in certain other share classes. However, the net income attributable to Class C or Class C2 shares and the dividends payable on Class C or Class C2 shares will be reduced by the amount of the higher distribution and/or service (12b-1) fee and incremental expenses associated with each such class. Likewise, the NAV of the Class C or Class C2 shares generally will be reduced by such class-specific expenses (to the extent a MainStay Fund has undistributed net income) and investment performance of Class C or Class C2 shares will be lower than that of Investor Class shares. As a result, you are usually better off purchasing Investor Class shares rather than Class C or Class C2 shares and paying an up-front sales charge if you:
 - plan to own the shares for an extended period of time, since the higher ongoing distribution and/or service (12b-1) fees on Class C or Class C2 shares may eventually exceed the cost of the up-front sales charge; or
 - qualify for a reduced or waived sales charge.

Class A and Class A2 Share Considerations

- Generally, Class A and Class A2 shares have a minimum initial investment amount of \$15,000 per MainStay Fund, however Class A shares of the MainStay ETF Asset Allocation Funds have a minimum initial investment amount of \$2,500.
- When you invest in Class A or Class A2 shares, you pay the public offering price, which is the share price, or NAV, plus the initial sales charge that may apply to your purchase. The amount of the initial sales charge is based on the size of your investment (see "Information on Sales Charges"). We also describe below how you may reduce or eliminate the initial sales charge (see "Sales Charge Reductions and Waivers").
- Since some of your investment goes to pay an up-front sales charge when you purchase Class A or Class A2 shares, you will purchase fewer shares than you would with the same investment in certain other share classes. However, the net income attributable to Class C or Class C2 shares and the dividends payable on Class C or Class C2 shares will be reduced by the amount of the higher distribution and/or service (12b-1) fee and incremental expenses associated with such class. Likewise, the NAV of the Class C or Class C2 shares generally will be reduced by such class-specific expenses (to the extent a MainStay Fund has undistributed net income) and investment performance of Class C or Class C2 shares will be lower than that of Class A or Class A2 shares. As a result, you are usually better off purchasing Class A or Class A2 shares rather than Class C or Class C2 shares and paying an up-front sales charge if you:

 - qualify for a reduced or waived sales charge.

Class B Share Considerations

- Effective February 28, 2017, Class B shares of the MainStay Funds were closed to all new purchases as well as additional investments by existing Class B shareholders. Existing Class B shareholders may continue to reinvest dividends and capital gains distributions, as well as exchange their Class B shares for Class B shares of other MainStay Funds as permitted by the applicable exchange privileges. Class B shareholders will continue to be subject to any applicable contingent deferred sales charge at the time of redemption. All other features of Class B shares, including but not limited to the fees and expenses applicable to Class B shares, will remain unchanged. Unless redeemed, Class B Shares shareholders will remain in Class B shares of their respective Fund until the Class B shares are converted to Class A or Investor Class shares pursuant to the applicable conversion schedule.
- When Class B shares were offered, no initial sales charge was incurred upon investment in Class B shares. However, you will pay higher ongoing distribution and/or service (12b-1) fees over the life of your investment. Over time these fees may cost you more than paying an initial sales charge on Investor Class or Class A shares. Consequently, it is important that you consider your investment goals and the length of time you intend to hold your shares when comparing your share class options.
- You should consult with your financial adviser to assess your Class B share investments in light of your particular circumstances.
- In most circumstances, you will pay a CDSC if you sell Class B shares within six years (four years with respect to MainStay Floating Rate Fund) of buying them (see "Information on Sales Charges"). Exchanging Class B shares into the MainStay Money Market Fund may impact your holding period. Please see "Exchanging Shares Among MainStay Funds" for more information. There are exceptions, which are described in the SAI.
- Selling Class B shares during the period in which the CDSC applies can significantly diminish the overall return on an investment.
- When you sell Class B shares of a MainStay Fund, to minimize your sales charges, the MainStay Funds first redeem the shares that have no sales charges (shares representing the amount of any appreciation on the original value of your shares, fully aged shares, and any shares received through the reinvestment of dividends and capital gains) and then the shares you have held longest.
- Class B shares convert to Class A shares, or Investor Class shares if you are not eligible to hold Class A shares, at the end of the calendar quarter, eight years (four years with respect to MainStay Floating Rate Fund) after the date they were purchased. This reduces distribution and/or service (12b-1) fees from 1.00% to 0.25% of average daily net assets (or from 0.50% to 0.25% with

respect to MainStay MacKay Tax Free Bond Fund). Conversion features do not apply to Class B shares of the MainStay Money Market Fund that were exchanged from another MainStay Fund before their CDSC periods expired. Exchanging Class B shares into the MainStay Money Market Fund may impact your eligibility to convert at the end of the calendar quarter, eight years (four years with respect to MainStay Floating Rate Fund) after the date they were purchased. Please see “Exchanging Shares Among MainStay Funds” for more information.

- Share class conversions are based on the relevant NAVs of the two classes at the time of the conversion, and no sales load or other charge is imposed upon conversion. The MainStay Funds expect all share class conversions described in this section to be made on a tax-free basis. The MainStay Funds reserve the right to modify or eliminate this share class conversion feature at any time. When a conversion occurs, reinvested dividends and capital gains convert proportionately with the shares that are converting.

Class C and Class C2 Share Considerations

- You pay no initial sales charge on an investment in Class C or Class C2 shares. However, for certain Funds, you will pay higher ongoing distribution and/or service (12b-1) fees over the life of your investment than for each other share class.
- In most circumstances, you will pay a 1.00% CDSC if you redeem shares held for one year or less (18 months with respect to Class C shares of MainStay MacKay Short Duration High Yield Fund). Exchanging Class C or Class C2 shares may impact your holding period. Please see “Exchanging Shares Among MainStay Funds” for more information.
- When you sell Class C or Class C2 shares of a MainStay Fund, to minimize your sales charges, the MainStay Funds first redeem the shares that have no sales charges (shares representing the amount of any appreciation on the original value of your shares, fully aged shares, and any shares received through the reinvestment of dividends and capital gains) and then the shares you have held longest.
- Class C and, with respect to MainStay MacKay California Tax Free Opportunities Fund, MainStay MacKay New York Tax Free Opportunities Fund, MainStay MacKay Strategic Municipal Allocation Fund and MainStay MacKay Tax Free Bond Fund, Class C2 shares convert to Class A shares, or Investor Class shares if you are not eligible to hold Class A shares, at the end of the calendar quarter, eight years after the date they were purchased. This reduces distribution and/or service (12b-1) fees from 1.00% to 0.25% of average daily net assets for Class C shares (or from 0.50% to 0.25% for Class C shares and from 0.65% to 0.25% for Class C2 shares with respect to MainStay MacKay California Tax Free Opportunities Fund, MainStay MacKay New York Tax Free Opportunities Fund, MainStay MacKay Strategic Municipal Allocation Fund and MainStay MacKay Tax Free Bond Fund). Conversion features do not apply to Class C shares of the MainStay Money Market Fund that were exchanged from another MainStay Fund before their CDSC periods expired. Exchanging Class C or Class C2 shares into the MainStay Money Market Fund and/or holding Class C or Class C2 shares through a financial intermediary in an omnibus account may impact your eligibility to convert at the end of the calendar quarter, eight years after the date they were purchased. Please see “Conversions Between Share Classes” for more information.
- Share class conversions are based on the relevant NAVs of the two classes at the time of the conversion, and no sales load or other charge is imposed upon conversion. The MainStay Funds expect all share class conversions described in this section to be made on a tax-free basis. The MainStay Funds reserve the right to modify or eliminate this share class conversion feature at any time.
- The MainStay Funds will generally not accept a purchase order for Class C or Class C2 shares in the amount of \$1,000,000 or more (\$250,000 or more with respect to the MainStay Asset Allocation Funds, MainStay Balanced Fund, MainStay ETF Asset Allocation Funds, MainStay Floating Rate Fund, MainStay Income Builder Fund, MainStay MacKay California Tax Free Opportunities Fund, MainStay MacKay High Yield Municipal Bond Fund, MainStay MacKay New York Tax Free Opportunities Fund, MainStay MacKay Short Duration High Yield Fund, MainStay MacKay Strategic Municipal Allocation Fund, MainStay MacKay Tax Free Bond Fund and MainStay MacKay U.S. Infrastructure Bond Fund).
- Please note that Class C2 shares may not be available for initial or subsequent purchases through certain financial intermediary firms, investment platforms or in certain types of investment accounts. See the SAI for additional information.

Class I Share Considerations

- You pay no initial sales charge or CDSC on an investment in Class I shares.
- You do not pay any ongoing distribution and/or service (12b-1) fees.
- You may buy Class I shares if you are an:
 - **Institutional Investor**
 - Certain employer-sponsored, association or other group retirement plans or employee benefit trusts with a service arrangement through the Distributor or its affiliates;
 - Certain financial institutions, endowments, foundations, government entities or corporations investing on their own behalf;

- Clients transacting through financial intermediaries that purchase Class I shares through: (i) fee-based accounts that charge such clients an ongoing fee for advisory, investment, consulting or similar services; (ii) a no-load network or platform that has entered into an agreement with the Distributor or its affiliates to offer Class I shares through a no-load network or platform; or (iii) brokerage accounts held at a broker that charges such clients transaction fees.
- **Individual Investor** who is initially investing at least \$1 million in any single MainStay Fund: (i) directly with the MainStay Fund; or (ii) through certain private banks and trust companies that have an agreement with the Distributor or its affiliates.
- **Existing Class I Shareholder; or**
- **Existing or retired MainStay Funds Trustee or Officer, current Portfolio Manager of a MainStay Fund or an employee of a Subadvisor.**
- The MainStay asset allocation funds may invest in Class I shares, if Class R6 shares for a Fund are unavailable.

Class R1, Class R2, Class R3, Class R6 and SIMPLE Class Share Considerations

- You pay no initial sales charge or CDSC on an investment in Class R1, Class R2, Class R3, Class R6 or SIMPLE Class shares.
- You pay ongoing shareholder service fees for Class R1, Class R2 and Class R3 shares. You also pay ongoing distribution and/or service (12b-1) fees for Class R2, and Class R3 shares.
- You do not pay ongoing shareholder service fees or ongoing distribution and/or service fees (12b-1) fees for Class R6 shares.
- You pay ongoing distribution and/or service fees (12b-1) fees but do not pay ongoing shareholder service fees for SIMPLE Class shares.
- Class R1, Class R2 and Class R3 shares are available in certain individual retirement accounts and in certain retirement plans that have a service arrangement with the Distributor, including:
 - Section 401(a) and 457 plans;
 - Certain Section 403(b)(7) plans;
 - Section 401(k), profit sharing, money purchase pension, Keogh and defined benefit plans; and
 - Non-qualified deferred compensation plans.
- Generally, Class R6 shares are only available to certain employer-sponsored retirement plans held with a Fund through omnibus accounts (either at the plan level or omnibus accounts held on the books of the Fund) that have a service arrangement with the Distributor or its affiliate, such as Section 401(k), profit sharing, money purchase pension and defined benefit plans. However, the Fund reserves the right in its sole discretion to waive this eligibility requirement.
- SIMPLE Class shares are generally only available to SIMPLE IRA Plan accounts.
- SIMPLE Class shares convert to Class A shares, or Investor Class shares if you are not eligible to hold Class A shares, at the end of the calendar quarter, ten years after the date they were purchased. Share class conversions are based on the relevant NAVs of the two classes at the time of the conversion, and no sales load or other charge is imposed. The MainStay Funds expect all share class conversions described in this section to be made on a tax-free basis. The MainStay Funds reserve the right to modify or eliminate this share class conversion feature at any time.
- The MainStay asset allocation funds may invest in Class R6 shares, if available.

INVESTMENT MINIMUMS AND ELIGIBILITY REQUIREMENTS

The following minimums apply if you are investing in a MainStay Fund. A minimum initial investment amount may be waived for purchases by the Trustees and directors and employees of New York Life and its affiliates and subsidiaries. The MainStay Funds may also waive investment minimums for certain qualified purchases and accept additional investments of smaller amounts at their discretion. Please see the SAI for additional information.

INFORMATION ON SALES CHARGES

The MainStay Funds make available (free of charge) information regarding sales charges at newyorklifeinvestments.com/salescharges.

Investor Class, Class A and Class A2 Shares

The initial sales charge you pay when you buy Investor Class, Class A or Class A2 shares differs depending upon the MainStay Fund you choose and the amount you invest, as indicated in the following tables. The sales charge may be reduced or eliminated for larger purchases, as described below, or as described under "Sales Charge Reductions and Waivers" or for shares purchased or accounts held through particular financial intermediaries as set forth in Appendix A – Intermediary-Specific Sales Charge Waivers and Discounts. Any applicable sales charge will be deducted directly from your investment. All or a portion of the sales charge may be retained by the Distributor or paid to your financial intermediary firm as a concession. Investor Class shares and Class A shares of MainStay Money Market Fund are not subject to a sales charge.

Sales charges that are specific to customers of a specific intermediary are set forth in Appendix A – Intermediary-Specific Sales Charge Waivers and Discounts.

Class B Shares

Effective February 28, 2017, Class B shares were closed to all new purchases and additional investments by existing Class B shareholders. Class B shares were sold without an initial sales charge. However, if Class B shares are redeemed within six years (four years with respect to MainStay Floating Rate Fund) of their purchase, a CDSC will be deducted from the redemption proceeds, except under circumstances described below. Additionally, for certain Funds, Class B shares have higher ongoing distribution and/or service (12b-1) fees than for other share classes and, over time, these fees may cost you more than paying an initial sales charge. The Class B share CDSC and the higher ongoing distribution and/or service (12b-1) fees are paid to compensate the Distributor for its expenses in connection with the sale of Class B shares. Class B shares of MainStay Money Market Fund are not subject to a sales charge. The

amount of the CDSC will depend on the number of years you have held the shares that you are redeeming, according to the following schedule:

All MainStay Funds which offer Class B Shares (except MainStay Floating Rate Fund)

For shares sold in the:	Contingent deferred sales charge (CDSC) as a % of amount redeemed subject to charge
First year	5.00%
Second year	4.00%
Third year	3.00%
Fourth year	2.00%
Fifth year	2.00%
Sixth year	1.00%
Thereafter	None

MainStay Floating Rate Fund

For shares sold in the:	Contingent deferred sales charge (CDSC) as a % of amount redeemed subject to charge
First year	3.00%
Second year	2.00%
Third year	2.00%
Fourth year	1.00%
Thereafter	None

Class C Shares

Class C shares are sold without an initial sales charge. However, if Class C shares are redeemed within one year of purchase (18 months with respect to MainStay MacKay Short Duration High Yield Fund), a CDSC of 1.00% will be deducted from the redemption proceeds, except under circumstances described below. Additionally, Class C shares have higher ongoing distribution and/or service (12b-1) fees than other share classes (except Class B and, with respect to MainStay MacKay California Tax Free Opportunities Fund, MainStay MacKay New York Tax Free Opportunities Fund, MainStay MacKay Strategic Municipal Allocation Fund and MainStay MacKay Tax Free Bond Fund, Class C2 shares) and, over time, these fees may cost you more than paying an initial sales charge. The Class C share CDSC and the higher ongoing distribution and/or service (12b-1) fees are paid to compensate the Distributor for its expenses in connection with the sale of Class C shares. Class C shares of MainStay Money Market Fund are not subject to a sales charge.

Class C2 Shares

Class C2 shares are sold without an initial sales charge. However, if Class C2 shares are redeemed within one year of purchase, a CDSC of 1.00% will be deducted from the redemption proceeds, except under circumstances described below. Additionally, for certain Funds, Class C2 shares have higher ongoing distribution and/or service (12b-1) fees than other share classes and, over time, these fees may cost you more than paying an initial sales charge. The Class C2 share CDSC and the higher ongoing distribution and/or service (12b-1) fees are paid to compensate the Distributor for its expenses in connection with the sale of Class C2 shares.

Computing Contingent Deferred Sales Charge on Class B, Class C and Class C2 Shares

Subject to certain exceptions, a CDSC will be imposed on redemptions of Class B, Class C or Class C2 shares of a MainStay Fund, at the rates previously described, at the time of any redemption by a shareholder that reduces the current value of the shareholder's Class B, Class C or Class C2 share account to an amount that is lower than the amount of all payments by the shareholder for the purchase of Class B shares during the preceding six years (four years with respect to MainStay Floating Rate Fund) or Class C or Class C2 shares during the preceding year (18 months with respect to Class C shares of MainStay MacKay Short Duration High Yield Fund). The CDSC is calculated based on the lesser of the offering price or the market value of the shares being sold. The MainStay Funds first redeem the shares that have no sales charges (shares representing the amount of any appreciation on the original value of your shares, fully aged shares, and any shares received through the reinvestment of dividends and capital gains) and then the shares you have held longest.

For example, no CDSC will be imposed to the extent that the NAV of the Class B, Class C or Class C2 shares redeemed does not exceed:

- the current aggregate NAV of Class B, Class C or Class C2 shares of the MainStay Fund purchased more than six years (four years with respect to MainStay Floating Rate Fund) prior to the redemption for Class B shares or more than one year (18 months with respect to Class C shares of MainStay MacKay Short Duration High Yield Fund) prior to the redemption for Class C or Class C2 shares; plus

- the current aggregate NAV of Class B, Class C or Class C2 shares of the MainStay Fund purchased through reinvestment of dividends or capital gain distributions; plus
- increases in the NAV of the investor's Class B, Class C or Class C2 shares of the MainStay Fund above the total amount of payments for the purchase of Class B, Class C or Class C2 shares of the MainStay Fund made during the preceding six years (four years with respect to MainStay Floating Rate Fund) for Class B shares or one year (18 months with respect to Class C shares of MainStay MacKay Short Duration High Yield Fund) for Class C or Class C2 shares.

There are exceptions, which are described below.

Further information regarding sales charges is available in the SAI.

SALES CHARGE REDUCTIONS AND WAIVERS

The MainStay Funds make available (free of charge) information regarding sales charge reductions and waivers on our website at newyorklifeinvestments.com/salescharges.

Reducing the Initial Sales Charge on Investor Class, Class A and Class A2 Shares

You may be eligible to buy Investor Class, Class A and Class A2 shares of the MainStay Funds at one of the reduced sales charge rates shown in the tables above through a Right of Accumulation or a Letter of Intent, as briefly described below. You may also be eligible for a waiver of the initial sales charge as set forth below or in Appendix A – Intermediary-Specific Sales Charge Waivers and Discounts. Each MainStay Fund reserves the right to modify or eliminate these programs at any time. However, please note the Right of Accumulation or Letter of Intent may only be used to reduce sales charges and may not be used to satisfy investment minimums or to avoid the automatic conversion feature of Investor Class shares.

- **Right of Accumulation**

A Right of Accumulation allows you to reduce the initial sales charge as shown in the tables above by combining the amount of your current purchase with the current market value of investments made by you, your spouse, and your children under age 21 in Investor Class, Class A, Class A2, Class B, Class C, Class C2 or SIMPLE Class shares of most MainStay Funds. You may not include investments of previously non-commissioned shares in the MainStay Money Market Fund, investments in Class I shares, or your interests in any MainStay Fund held through a 401(k) plan or other employee benefit plan. For example, if you currently own \$45,000 worth of Class C shares of a MainStay Fund, your spouse owns \$50,000 worth of Class B shares of another MainStay Fund, and you wish to invest \$15,000 in a MainStay Fund, using your Right of Accumulation you can invest that \$15,000 in Investor Class or Class A shares and pay the reduced sales charge rate normally applicable to a \$110,000 investment. For more information, please see the SAI.

- **Letter of Intent**

Whereas the Right of Accumulation allows you to use prior investments to reach a reduced initial sales charge, a Letter of Intent allows you to qualify for a discount by combining your current purchase amount with purchases you, your spouse or children under age 21 intend to make in the near future. A Letter of Intent is a written statement of your intention to purchase Investor Class, Class A, Class A2, Class C, Class C2 or SIMPLE Class shares of one or more MainStay Funds (excluding investments of non-commissioned shares in the MainStay Money Market Fund) over a 24-month period. The total amount of your intended purchases will determine the reduced sales charge rate that will apply to Investor Class, Class A or Class A2 shares of the MainStay Funds purchased during that period. You can also apply a Right of Accumulation to these purchases.

Your Letter of Intent goal must be at least \$100,000. Submitting a Letter of Intent does not obligate you to purchase the specified amount of shares. If you do not meet your intended purchase goal, the initial sales charge that you paid on your purchases will be recalculated to reflect the actual value of shares purchased. A certain portion of your shares will be held in escrow by the Transfer Agent for this purpose. For more information, please see the SAI.

- **Your Responsibility**

To receive the reduced sales charge, you must inform the Transfer Agent of your eligibility and holdings at the time of your purchase if you are buying shares directly from the MainStay Funds. If you are buying MainStay Fund shares through a financial intermediary firm, you must tell your financial adviser of your eligibility for a Right of Accumulation or a Letter of Intent at the time of your purchase.

To combine shares of eligible MainStay Funds held in accounts at other intermediaries under your Right of Accumulation or a Letter of Intent, you may be required to provide the Transfer Agent or your financial adviser a copy of each account statement showing your current holdings of each eligible MainStay Fund, including statements for accounts held by you, your spouse or your children under age 21, as described above. The Transfer Agent or intermediary through which you are buying shares will combine the value of all your eligible MainStay Fund holdings based on the current NAV per share to determine what Investor Class, Class A or Class A2 sales charge rate you may qualify for on your current purchase. **If you do not inform the Transfer Agent or your financial adviser of all of your**

MainStay Fund holdings or planned MainStay Fund purchases that make you eligible for a sales charge reduction or do not provide requested documentation, you may not receive the discount to which you are otherwise entitled.

"Spouse," with respect to a Right of Accumulation and Letter of Intent, is defined as the person to whom you are legally married. We also consider your spouse to include one of the following: (i) an individual of the same gender with whom you have been joined in a civil union or legal contract similar to marriage; (ii) a domestic partner, who is an individual (including one of the same gender) to whom you are not related by blood and with whom you have shared a primary residence for at least six months in a relationship as a couple where you, your domestic partner or both of you provide for the personal or financial welfare of the other without a fee; or (iii) an individual with whom you have a common law marriage, which is a marriage in a state where such marriages are recognized between a man and a woman arising from the fact that the two live together and hold themselves out as being married.

Purchases at Net Asset Value

A Fund's Class A or Class A2 shares may be purchased at NAV, without payment of any sales charge, by its current and former Trustees; New York Life and its subsidiaries and their employees, officers, directors, or agents or former employees (and immediate family members); individuals and other types of accounts purchasing through "wrap fee" or other programs sponsored by a financial intermediary firm; employees (and immediate family members) of the Subadvisors; any employee or registered representative of a financial intermediary firm (and immediate family members) and any employee of SS&C GIDS, Inc. that is assigned to the Fund. Individuals and other types of accounts may purchase Class A2 shares at NAV, without payment of any sales charge, if exchanged for Class A shares of the same fund through a financial intermediary's share class conversion program. Class A shares, Class A2 shares or Investor Class shares may be purchased without an initial sales load by qualified tuition programs operating under Section 529 of the Internal Revenue Code.

There is no sales charge on shares purchased through the automatic reinvestment of dividends or capital gains.

Class A shares of the MainStay Funds also may be purchased at NAV, without payment of any sales charge, by shareholders:

- (i) who owned Service Class shares of a series of Eclipse Trust (the predecessor trust for certain Funds) or certain series of MainStay Funds Trust, as of December 31, 2003, and who are invested directly with and have maintained their account with the Fund; and
- (ii) who owned Class P shares of certain Epoch Funds as of the closing date of their reorganization and who are invested directly with and have maintained their account with the Funds.

Purchases Through Financial Intermediaries

The MainStay Funds have authorized financial intermediary firms (such as a broker/dealers, financial advisers or financial institutions), and other intermediaries that the firms may designate, to accept orders. When an authorized firm or its designee has received your order, together with the purchase price of the shares, it is considered received by the MainStay Funds and will be priced at the next computed NAV. Financial intermediary firms may charge transaction fees or other fees and may modify other features such as minimum investment amounts, share class eligibility and exchange privileges.

Please read your financial intermediary firm's program materials for any special provisions or additional service features that may apply to investing in the MainStay Funds through the firm.

The availability of initial sales charge waivers (and discounts) may depend on the particular financial intermediary or type of account through which you purchase MainStay Fund shares. The MainStay Funds' initial sales charge waivers disclosed in this Prospectus and the SAI are available through financial intermediaries. The initial sales charge waivers available only to customers of certain other financial intermediaries are set forth in Appendix A – Intermediary-Specific Sales Charge Waivers and Discounts to this Prospectus. For these customers, the sales charge waivers offered by the MainStay Funds may not be available for transactions through the intermediary. Please contact your financial intermediary regarding the availability of applicable sales charge waivers and information regarding the intermediary's related policies and procedures.

Contingent Deferred Sales Charge on Certain Investor Class, Class A and Class A2 Share Redemptions

For purchases of Class A and Investor Class shares of each MainStay Fund (except MainStay MacKay Short Term Municipal Fund and MainStay Short Term Bond Fund), a CDSC of 1.00% (0.50% for the MainStay ETF Asset Allocation Funds) may be imposed on redemptions made within 18 months of the date of purchase on shares that were purchased without an initial sales charge. For purchases of Class A, Class A2 and Investor Class shares of MainStay MacKay Short Term Municipal Fund and Class A and Investor Class shares of MainStay Short Term Bond Fund, a CDSC of 0.50% may be imposed on redemptions made within 12 months of the date of purchase on shares that were purchased without an initial sales charge.

The Distributor may pay a commission to financial intermediary firms on these purchases from its own resources. See "Sales Charge Reductions and Waivers - Waivers of Contingent Deferred Sales Charges" below.

Waivers of Contingent Deferred Sales Charges

A CDSC may not be imposed on redemptions of Class A, Class A2 and Investor Class shares purchased at NAV through financial intermediaries or by persons that are affiliated with New York Life or its affiliates. Any applicable CDSC on Class A, Class A2 and Investor

Class shares may be waived for redemptions made through a financial intermediary firm that has waived its finder's fee or other similar compensation.

In addition, the CDSC on subject Class A, Class A2, Investor Class, Class B, Class C or Class C2 shares may be waived for: (i) withdrawals from qualified retirement plans and nonqualified deferred compensation plans resulting from separation of service, loans, hardship withdrawals, Qualified Domestic Relations Orders ("QDROs") and required excess contribution returns pursuant to applicable IRS rules; and Required Minimum Distributions (based on MainStay holdings only) for IRA and 403(b)(7) TSA participants in the year following the year in which such participant attains age 73. However, different rules relating to mandatory distributions apply to individuals who attained age 70 1/2 before 2020; (ii) withdrawals related to the termination of a retirement plan where no successor plan has been established; (iii) transfers within a retirement plan where the proceeds of the redemption are invested in any guaranteed investment contract written by New York Life or any of its affiliates, transfers to products offered within a retirement plan which uses NYLIM Service Company or an affiliate as the recordkeeper; as well as participant transfers or rollovers from a retirement plan to a MainStay IRA; (iv) required distributions by charitable trusts under Section 664 of the Internal Revenue Code for accounts held directly with a MainStay Fund; (v) redemptions following the death of the shareholder or the beneficiary of a living revocable trust or within one year (18 months with respect to Class A, Investor Class and Class C shares of the MainStay MacKay Short Duration High Yield Fund) following the disability of a shareholder occurring subsequent to the purchase of shares; (vi) redemptions under the Systematic Withdrawal Plan for accounts held directly with the Fund used to pay scheduled monthly premiums on insurance policies issued by New York Life or an affiliate; (vii) continuing, periodic systematic withdrawals within one year of the date of the initial purchase, under the Systematic Withdrawal Plan, up to an annual total of 10% of the value of a shareholder's Class A, Class A2, Investor Class, Class B, Class C or Class C2 shares in a Fund; (viii) redemptions by New York Life or any of its affiliates or by accounts managed by New York Life or any of its affiliates; (ix) redemptions effected by registered investment companies by virtue of transactions with a Fund; and (x) redemptions by shareholders of shares purchased with the proceeds of a settlement payment made in connection with the liquidation and dissolution of a limited partnership sponsored by New York Life or one of its affiliates.

The availability of contingent deferred sales charge waivers may depend on the particular financial intermediary or type of account through which you purchase or hold MainStay Fund shares. The MainStay Funds' contingent deferred sales charge waivers disclosed in this Prospectus and the SAI are available for direct accounts and through financial intermediaries. The contingent deferred sales charge waivers available through certain other financial intermediaries are set forth in Appendix A – Intermediary-Specific Sales Charge Waivers and Discounts to this Prospectus. Please contact your financial intermediary regarding applicable sales charge waivers and information regarding the intermediary's related policies and procedures.

INFORMATION ON FEES

Rule 12b-1 Plans

Each MainStay Fund (except the MainStay Money Market Fund) has adopted a distribution plan pursuant to Rule 12b-1 under the 1940 Act for certain classes of shares pursuant to which distribution and/or service (12b-1) fees are paid to the Distributor. Rule 12b-1 fees are calculated and accrued daily and paid monthly. The Investor Class, Class A, Class A2 and Class R2 12b-1 plans provide for payment for distribution and/or service activities of up to 0.25% of the average daily net assets of the respective class. The Class B and Class C 12b-1 plans each provide for payment of 0.75% for distribution (0.25% for MainStay MacKay California Tax Free Opportunities Fund, MainStay MacKay New York Tax Free Opportunities Fund, MainStay MacKay Strategic Municipal Allocation Fund and MainStay MacKay Tax Free Bond Fund) and 0.25% for service activities for a total 12b-1 fee of up to 1.00% of the average daily net assets of Class B and Class C shares, respectively (0.50% for MainStay MacKay California Tax Free Opportunities Fund, MainStay MacKay New York Tax Free Opportunities Fund, MainStay MacKay Strategic Municipal Allocation Fund and MainStay MacKay Tax Free Bond Fund). The Class C2 12b-1 plan provides for payment of 0.40% for distribution and 0.25% for service activities for a total 12b-1 fee of up to 0.65% of the average daily net assets of Class C2 shares. The Class R3 and SIMPLE Class 12b-1 plans each provide for payment of 0.25% for distribution and/or 0.25% for service activities for a total 12b-1 fee of up to 0.50% of the average daily net assets of Class R3 and SIMPLE Class shares, respectively. The distribution activities paid for by this distribution fee are those activities that are primarily intended to result in the sale of MainStay Fund shares. The service activities paid for by this service fee are personal shareholder services and maintenance of shareholder accounts. With respect to Class R2 and Class R3 shares, the portion of the 12b-1 fee dedicated to service activities is in addition to the 0.10% of annual net assets paid under the Class R2 and Class R3 Shareholder Services Plans, as discussed in the section entitled "Shareholder Services Plans." The Distributor may pay all or a portion of the 12b-1 fee to your investment professional. Because 12b-1 fees are ongoing, over time they will increase the cost of an investment in the MainStay Fund and may cost more than certain types of sales charges.

Shareholder Services Plans

Each MainStay Fund that offers Class R1, Class R2 or Class R3 shares has adopted a Shareholder Services Plan with respect to those classes. Under the terms of the Shareholder Services Plans, each MainStay Fund's Class R1, Class R2 or Class R3 shares pay New York Life Investments, its affiliates or independent third-party service providers, as compensation for services rendered to the shareholders of the Class R1, Class R2 or Class R3 shares, a shareholder service fee at the rate of 0.10% on an annualized basis of the average daily net assets of Class R1, Class R2 or Class R3 shares of such MainStay Fund.

Pursuant to the Shareholder Services Plans, each MainStay Fund's Class R1, Class R2 or Class R3 shares may pay for shareholder services or account maintenance services, including assistance in establishing and maintaining shareholder accounts, processing purchase and redemption orders, communicating periodically with shareholders and assisting shareholders who have questions or other needs relating to their account. Because service fees are ongoing, over time they will increase the cost of an investment in the MainStay Fund and may cost more than certain types of sales charges. With respect to the Class R2 and R3 shares, these services and fees are in addition to those services and fees that may be provided under the Class R2 or Class R3 12b-1 plan.

Small Account Fee

Several of the MainStay Funds have a relatively large number of shareholders with small account balances. Small accounts increase the transfer agency expenses borne by the Funds. In an effort to reduce total transfer agency expenses, the MainStay Funds (except the MainStay ETF Asset Allocation Funds) have implemented a small account fee. Each shareholder with an account balance of less than \$1,000 (\$5,000 for Class A share accounts) will be charged an annual per account fee of \$20 (assessed semi-annually, as discussed below). The fee may be deducted directly from your account balance. This small account fee will not apply to certain types of accounts including:

- accounts held by employees of New York Life and its subsidiaries and their employees, officers, directors or agents or former employees (and immediate family members);
- Class B share, Class I share, Class R1 share, Class R2 share, Class R3 share and Class R6 share accounts, retirement plan services bundled accounts and investment-only retirement accounts;
- accounts with active AutoInvest plans where the MainStay Funds deduct funds directly from the client's checking or savings account;
- New York Life Investments SIMPLE IRA Plan Accounts and SEP IRA Accounts that have been funded/established for less than 1 year;
- certain 403(b)(7) accounts;
- accounts serviced by unaffiliated financial intermediary firms or third-party administrators (other than New York Life Investments SIMPLE IRA Plan Accounts);
- certain Investor Class accounts where the small account balance is due solely to the conversion from Class B, Class C or Class C2 shares; and
- Investors who obtained their Class A shares through certain reorganizations.

This small account fee will be deducted in \$10 increments on or about March 1st and September 1st of each year. For accounts with balances of less than \$10, the remaining balance will be deducted and the account will be closed. The MainStay Funds may, from time to time, consider and implement additional measures to increase the average shareholder account size and/or otherwise reduce the cost of transfer agency services. Please contact the MainStay Funds by calling toll-free **800-624-6782** for more information.

COMPENSATION TO FINANCIAL INTERMEDIARY FIRMS

Financial intermediary firms and their associated financial advisers are paid in different ways for the services they provide to the MainStay Funds and shareholders. Such compensation may vary depending upon the financial intermediary firm, the MainStay Fund sold, the amount invested, the share class sold, the amount of time that shares are held and/or the services provided by the particular financial intermediary firm.

The Distributor will pay sales concessions to financial intermediary firms, as described in the tables under "Information on Sales Charges" above, on the purchase price of Investor Class, Class A or Class A2 shares sold subject to a sales charge. The Distributor retains the difference, if any, between the sales charge that you pay and the portion that it pays to financial intermediary firms as a sales concession. The Distributor and/or an affiliate, from its/their own resources, also may pay a finder's fee or other compensation up to 1.00% of the purchase price of Investor Class, Class A or Class A2 shares, sold at NAV, to financial intermediary firms at the time of sale. The Distributor may pay a sales concession of up to 1.00% on purchases of Class C or Class C2 shares to financial intermediary firms at the time of sale.

For share classes that have adopted a 12b-1 plan, the Distributor will also pay, pursuant to the 12b-1 plan, distribution-related and other service fees to qualified financial intermediary firms for providing certain services.

In addition to the payments described above, the Distributor and/or an affiliate will pay from its/their own resources additional fees to certain financial intermediary firms, including an affiliated broker/dealer, in connection with the sale of any class of MainStay Fund shares (other than Class R6) and/or shareholder or account servicing arrangements. The amount paid to financial intermediary firms pursuant to these sales and/or servicing fee arrangements varies and may involve payments of up to 0.25% on new sales and/or up to 0.35% annually on assets held or fixed dollar amounts according to the terms of the agreement between the Distributor and/or its affiliate and the financial intermediary. The Distributor or an affiliate may make these payments based on factors including, but not limited to, the distribution potential of the financial intermediary, the types of products and programs offered by the financial intermediary, the level and/or type of marketing and administrative support provided by the financial intermediary, the level of assets attributable to and/or sales by the financial intermediary and the quality of the overall relationship with the financial intermediary. Such payments may qualify a MainStay Fund for preferred status with the financial intermediary receiving the payments or provide the representatives of the Distributor with access to representatives of the financial intermediary's sales force, in some cases on a preferential basis over the mutual funds and/or representatives of the Funds' competitors.

The Distributor, from its own resources or from those of an affiliate, also may reimburse financial intermediary firms in connection with their marketing activities supporting the MainStay Funds. To the extent permitted under applicable SEC and Financial Industry Regulatory Authority ("FINRA") rules and other applicable laws and regulations, the Distributor or an affiliate may sponsor training or informational meetings or provide other non-monetary benefits for financial intermediary firms and their associated financial advisers and may make other payments or allow other promotional incentives or payments to financial intermediaries.

Wholesaler representatives of the Distributor communicate with financial intermediary firms on a regular basis to educate their financial advisers about the MainStay Funds and to encourage the advisers to recommend the purchase of MainStay Fund shares to their clients. The Distributor, from its own resources or from those of an affiliate, may absorb the costs and expenses associated with the marketing efforts of these firms and financial advisers, which may include travel, lodging, sponsorship at educational seminars and conferences, entertainment and meals to the extent permitted by law and FINRA rules. The Distributor, from its own resources or from those of an affiliate, provides compensation to its wholesaler representatives for their sales efforts in promoting sales of the MainStay Funds, which may vary based on the MainStay Funds being promoted and/or which financial intermediary firms and/or financial advisers are involved in selling MainStay Fund shares or are listed on MainStay Fund accounts.

To the extent that financial intermediaries receiving payments from the Distributor or an affiliate sell more shares of the MainStay Funds or retain more shares of the MainStay Funds for their clients' accounts, New York Life Investments and its affiliates benefit from the incremental management and other fees they receive with respect to those assets.

In addition to the payments described above, NYLIM Service Company or an affiliate may make payments to financial intermediary firms that provide sub-transfer agency and other administrative services in addition to supporting distribution of the MainStay Funds. NYLIM Service Company uses a portion of the transfer agent fees it receives from the MainStay Funds to make these sub-transfer agency and other administrative payments. To the extent that the fee amounts payable by NYLIM Service Company or an affiliate for such sub-transfer agency and other administrative services exceed the corresponding transfer agent fees that the MainStay Funds pay to NYLIM Service Company, then NYLIM Service Company or an affiliate will pay the difference from its own resources. In connection with these arrangements, NYLIM Service Company may retain a portion of the fees for the sub-transfer agency oversight, support and administrative services it provides.

For Class R6 shares, no compensation, administrative payments, sub-transfer agency payments or service payments are paid to financial intermediary firms from MainStay Fund assets or the Distributor's or an affiliate's resources. The Distributor or an affiliate may pay de minimis amounts to intermediaries for setup, connectivity or other technological expenses. Class R6 shares do not provide for the payment of sales charges, Rule 12b-1 fees, or other compensation to financial intermediaries for their efforts in assisting in the sale of, or in selling the MainStay Fund's shares.

Although financial firms that sell MainStay Fund shares may execute brokerage transactions for a MainStay Fund's portfolio, the MainStay Funds, New York Life Investments and the Subadvisors do not consider the sale of MainStay Fund shares as a factor when choosing financial firms to effect portfolio transactions for the MainStay Funds.

The types and amounts of payments described above can be significant to the financial intermediary. Payments made from the Distributor's or an affiliate's resources do not increase the price or decrease the amount or value of the shares you purchase. However, if investment advisers, distributors or affiliates of mutual funds make such payments in differing amounts, financial intermediary firms and their financial advisers may have financial incentives and be subject to conflicts of interest for recommending a particular mutual fund or a particular share class of that fund over other mutual funds. For example, payments made by the Distributor or an affiliate, as described above, may be used by the financial intermediary firm to reduce or eliminate transaction charges associated with purchases of MainStay Fund shares. Payments made from the Distributor's or an affiliate's own resources are not reflected in tables in the "Fees and Expenses of the Fund" sections of the MainStay Funds' Prospectuses because the payments are not made by the MainStay Funds.

For more information regarding the types of compensation described above, see the SAI or consult with your financial intermediary firm or financial adviser. **You should also review carefully any disclosure by your financial intermediary firm as to compensation received by that firm and/or your financial adviser.**

BUYING, SELLING, CONVERTING AND EXCHANGING MAINSTAY FUND SHARES HOW TO OPEN YOUR ACCOUNT

Investor Class, Class A or Class C Shares

Return your completed MainStay Funds application in good order with a check payable to the MainStay Funds for the amount of your investment to your financial adviser or directly to MainStay Funds, P.O. Box 219003, Kansas City, Missouri 64121-9000. Alternatively, you may choose to have your initial deposit processed via ACH from your bank account. You can do this by selecting the initial deposit via ACH option and submitting bank information on your application. Please note that if you select Class A shares on your application and you are not eligible to invest in Class A shares, we will treat your application as being in good order but will invest you in Investor Class shares of the same MainStay Fund provided Investor Class shares are available through your intermediary if you are not purchasing shares directly from the MainStay Funds. Similarly, if you select Investor Class shares and you are eligible to invest in Class A shares we will treat your application as being in good order, but will invest you in Class A shares of the same MainStay Fund.

Good order means all the necessary information, signatures and documentation have been fully completed. With respect to a redemption request, good order generally means that a letter must be signed by the record owner(s) exactly as the shares are registered, and a Medallion Signature Guarantee may be required. See “Medallion Signature Guarantees” below. In cases where a redemption is requested by a corporation, partnership, trust, fiduciary or any other person other than the record owner, written evidence of authority acceptable to NYLIM Service Company must be submitted before the redemption request will be processed.

Class A2 Shares

Class A2 shares are available only through certain financial intermediary firms. The financial intermediary firm will assist you with opening an account.

Class I, Class R1, Class R2, Class R3, Class R6 and SIMPLE Class Shares

If you are participating in a company savings plan, such as a 401(k) plan, profit sharing plan, defined benefit plan, Keogh or other employee-directed plan, your company will provide you with the information you need to open an account and buy or sell Class I, Class R1, Class R2, Class R3, Class R6 or SIMPLE Class shares of the MainStay Funds.

If you are investing through a financial intermediary firm, the financial intermediary firm will assist you with opening an account.

Class C2 Shares

Class C2 shares are available only through certain financial intermediary firms. The financial intermediary firm will assist you with opening an account.

All Classes

You buy shares at NAV (plus, for Investor Class, Class A and Class A2 shares, any applicable front-end sales charge). NAV is generally calculated by each MainStay Fund as of the Fund's close (usually 4:00 pm Eastern time) on the Exchange every day the Exchange is open. The MainStay Funds do not usually calculate their NAVs on days when the Exchange is scheduled to be closed. When you buy shares, you must pay the NAV next calculated after we receive your purchase request in good order. Alternatively, the MainStay Funds have arrangements with certain financial intermediary firms whereby purchase requests through these entities are considered received in good order when received by the financial intermediary firm together with the purchase price of the shares ordered. The order will then be priced at a MainStay Fund's NAV next computed after receipt in good order of the purchase request by these entities. Such financial intermediary firms are responsible for timely and accurately transmitting the purchase request to the MainStay Funds.

If the Exchange is closed due to inclement weather, technology problems or any other reason on a day it would normally be open for business, or the Exchange has an unscheduled early closing on a day it has opened for business, each MainStay Fund reserves the right to treat such day as a business day and accept purchase and redemption orders until, and calculate its NAV as of, the normally scheduled close of regular trading on the NYSE for that day, so long as New York Life Investments believes there generally remains an adequate market to obtain reliable and accurate market quotations. On any business day when the Securities Industry and Financial Markets Association recommends that the bond markets close trading early, each MainStay Fund reserves the right to close at such earlier closing time, and therefore accept purchase and redemption orders until, and calculate a Fund's NAV as of, such earlier closing time.

When you open your account, you may also want to choose certain buying and selling options, including transactions by wire. In most cases, these choices can be made later in writing, but it may be quicker and more convenient to decide on them when you open your account. Please note that your bank may charge a fee for wire transfers.

To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify and record information that identifies each person who opens a new account and to determine whether such person's name appears on government lists of known or suspected terrorists and terrorist organizations. As a result, the MainStay Funds, or your financial adviser on their behalf, must obtain the following information for each person who opens a new account:

- Name;
- Date of birth (for individuals);
- Residential or business street address (although post office boxes are still permitted for mailing); and
- Social security number or taxpayer identification number.

You may also be asked for a copy of your driver's license, passport or other identifying document in order to verify your identity. In addition, it may be necessary to verify your identity by cross-referencing your identification information with a consumer report or other electronic database. Additional information may be required to open accounts for corporations and other entities. Certain information regarding beneficial ownership will be verified, including information about the identity of beneficial owners of such entities.

Federal law prohibits the MainStay Funds and other financial institutions from opening a new account unless they receive the minimum identifying information listed above.

After an account is opened, the MainStay Funds may restrict your ability to purchase additional shares until your identity is verified, and, for legal entities, the identities of beneficial owners are verified. The MainStay Funds also may close your account or take other appropriate action if they are unable to verify your identity within a reasonable time. If your account is closed for this reason, your shares will be redeemed at the NAV next calculated after the account is closed, and the MainStay Funds, New York Life Investments and its affiliates and the Board will not be responsible for any loss in your account or tax liability resulting therefrom.

CONVERSIONS BETWEEN SHARE CLASSES

In addition to any automatic conversion features described above in this Shareholder Guide with respect to Investor Class, Class B, Class C, Class C2 and SIMPLE Class shares, you generally may also elect on a voluntary basis to convert, for example:

- Investor Class shares into Class A shares, or Investor Class shares that are no longer subject to a CDSC into Class I shares, of the same MainStay Fund, subject to satisfying the eligibility requirements of Class A or Class I shares.
- Class A shares that are no longer subject to a CDSC into Class I shares of the same MainStay Fund, subject to satisfying the eligibility requirements of Class I shares.
- Class C or Class C2 shares that are no longer subject to a CDSC into Class A or Class I shares of the same MainStay Fund to facilitate participation in a fee-based advisory program, subject to satisfying the eligibility requirements of Class A or Class I shares.

Also, you generally may elect on a voluntary basis to convert your Investor Class, Class A, Class C or Class C2 shares that are no longer subject to a CDSC, or Class I, Class R1, Class R2 or Class R3 shares, into Class R6 shares of the same MainStay Fund, subject to satisfying the eligibility requirements of Class R6 shares.

These limitations do not impact any automatic conversion features described elsewhere in this Shareholder Guide with respect to Investor Class, Class B, Class C, Class C2 and SIMPLE Class shares. An investor may directly or through his or her financial intermediary contact the MainStay Funds to request a voluntary conversion between share classes of the same MainStay Fund as described above. You may be required to provide sufficient information to establish eligibility to convert to the new share class. Class B shares are ineligible for a voluntary conversion. All permissible conversions will be made on the basis of the relevant NAVs of the two classes without the imposition of any sales load, fee or other charge. If you fail to remain eligible for the new share class, you may be converted automatically back to your original share class. Although the MainStay Funds expect that a conversion (or intra-MainStay Fund exchange) between share classes of the same MainStay Fund should not result in the recognition of a gain or loss for tax purposes, you should consult with your own tax adviser with respect to the tax treatment of your investment in a MainStay Fund. The MainStay Funds may change, suspend or terminate this conversion feature at any time.

Class C or Class C2 shares held through a financial intermediary in an omnibus account will be converted into Class A shares or Investor Class shares only if the intermediary can document that the shareholder has met the required holding period. In certain circumstances, for example, when shares are invested through retirement plans or omnibus accounts, a financial intermediary may not have transparency into how long a shareholder has held Class C or Class C2 shares for purposes of determining whether such Class C or Class C2 shares are eligible for automatic conversion into Class A shares or Investor Class shares. Thus, the financial intermediary may not have the ability to track purchases to credit individual shareholders' holding periods. In these circumstances, a Fund may not be able to automatically convert Class C or Class C2 shares into Class A shares or Investor Class shares as described above. In order to determine eligibility for conversion in these circumstances, it is the responsibility of the shareholder or its financial intermediary to notify the Fund that the shareholder is eligible for the conversion of Class C or Class C2 shares to Class A shares or Investor Class shares, and

the shareholder or their financial intermediary may be required to maintain and provide the Fund with records that substantiate the holding period of Class C or Class C2 shares. For clients of financial intermediaries, it is the financial intermediary's responsibility (and not the Funds') to keep records and to ensure that the shareholder is credited with the proper holding period. Please consult with your financial intermediary about your shares' eligibility for this conversion feature.

Following a share class conversion (or other similar shareholder transaction event, such as an intra-MainStay Fund exchange), the ongoing fees and expenses of the new share class will differ from and may be higher or lower than those of the share class that you previously held. You should carefully review information in this Prospectus relating to the new share class, including the fees, expenses and features of the new share class, or contact your financial intermediary for more information.

You should also consult your financial intermediary to learn more about the details of these types of shareholder transaction events for Fund shares held through the intermediary.

GENERAL POLICIES

The following are our general policies regarding the purchase and sale of MainStay Fund shares. The MainStay Funds reserve the right to change these policies at any time. Certain retirement plans and/or financial intermediaries may adopt different policies. Consult your plan or account documents for the policies applicable to you or contact your financial intermediary for more information.

Buying Shares

- All investments must be in U.S. dollars with funds drawn on a U.S. bank. We generally will not accept payment in the following forms: travelers checks, personal money orders, credit card convenience checks, cash or starter checks.
- Generally, we do not accept third-party checks, and we reserve the right to limit the number of checks processed at one time.
- The MainStay Funds may not allow investments in accounts that do not have a correct address for the investor.
- If your investment check or ACH purchase does not clear, your order will be canceled and your account will be responsible for any losses or fees a MainStay Fund incurs as a result. Your account will also be charged a \$20 fee for each returned check or canceled ACH purchase. In addition, a MainStay Fund may also redeem shares to cover any losses it incurs as a result. If an AutoInvest payment is returned unpaid for two consecutive periods, the privilege will be suspended until you notify us to reinstate it.
- If you wish to defer or stop an ACH purchase, please contact the MainStay Funds at least 3 days prior to the scheduled purchase.
- A MainStay Fund may, in its discretion, reject, restrict or cancel, in whole or in part, without prior notice, any order for the purchase of shares.
- The MainStay Funds do not issue share certificates at this time.
- To buy shares by wire the same day, we generally must receive your wired money by 4:00 pm Eastern time. Your bank may charge a fee for the wire transfer.
- To buy shares electronically via ACH, generally call before 4:00 pm Eastern time to buy shares at the current day's NAV.

Selling Shares

- Your shares will be sold at the next NAV calculated after we receive your request in good order. Generally, we will make the payment, less any applicable CDSC, on the next business day for all forms of payment after receiving your request in good order. However, it may take up to seven days to do so.
- If you redeem shares that were purchased by check or ACH shortly before such redemption, MainStay Funds will process your redemption but may delay sending the proceeds up to 10 days to reasonably ensure that the check or ACH payment has cleared.
- When you sell Class B, Class C or Class C2 shares, or Investor Class, Class A or Class A2 shares, when applicable, MainStay Funds will recover any applicable sales charges either by selling additional shares, if available, or by reducing your proceeds by the amount of those charges.
- The right to redeem shares of a Fund may be suspended and the payment of redemption proceeds may be postponed for any period beyond seven days:
 - during which the Exchange is closed other than customary weekend and holiday closings or during which trading on the Exchange is restricted;
 - when the SEC determines that a state of emergency exists that may make payment or transfer not reasonably practicable;
 - as the SEC may by order permit for the protection of the shareholders of MainStay Funds; or
 - at any other time as the SEC, laws or regulations may allow.
- In addition, in the case of the MainStay Money Market Fund, the Board may impose a fee upon the sale of shares or may temporarily suspend the ability to sell shares if the Fund's liquidity falls below required minimums because of market conditions or other factors. The Board also may suspend redemptions and irrevocably approve the liquidation of the MainStay Money Market Fund as permitted by applicable law.
- Unless you decline telephone privileges on your application, you may be responsible for any fraudulent telephone order as long as the MainStay Funds take reasonable measures to verify the order.
- Reinvestment will not relieve you of any tax consequences on gains realized from a sale. The deductions for losses, however, may be denied.
- We may require a written order to sell shares if an account has submitted a change of address during the previous 30 days, unless the proceeds of the sell order are directed to your bank account on file with us.
- We may require a written order to sell shares and a Medallion Signature Guarantee if:
 - the proceeds from the sale are to be wired and we do not have on file required bank information to wire funds;

- the proceeds from the sale are being sent via wire or ACH to bank information that was added or changed within the past 30 days;
- the proceeds from the sale will exceed \$100,000 to the address of record;
- the proceeds of the sale are to be sent to an address other than the address of record;
- the account was designated as a lost shareholder account within 30 days of the redemption request; or
- the proceeds are to be payable to someone other than the registered account holder(s).
- In the interests of all shareholders, we reserve the right to:
 - temporarily hold redemption proceeds of natural persons (i) age 65 or older or (ii) age 18 and older who the Transfer Agent reasonably believes has a mental or physical impairment that renders the individual unable to protect his or her own interests from actual or attempted financial exploitation; however, the Transfer Agent is not required to hold redemption proceeds in these circumstances and does not assume any obligation to do so;
 - change or discontinue exchange privileges upon notice to shareholders, or temporarily suspend this privilege without notice under extraordinary circumstances;
 - change or discontinue the systematic withdrawal plan upon notice to shareholders;
 - close accounts with balances less than \$250 invested in Investor Class shares or \$750 invested in all other classes of shares (by redeeming all shares held and sending proceeds to the address of record); and/or
 - change the minimum investment amounts.
- There is no fee for wire redemptions of Class I shares.
- Calls received before 4:00 pm Eastern time will generally receive the current day's NAV.
- Calls received after 4:00 pm Eastern time will receive the following business day's NAV.

Each MainStay Fund typically expects to meet redemption requests by using holdings of cash or cash equivalents or proceeds from the sale of portfolio holdings (or a combination of these methods), unless it believes circumstances warrant otherwise. For example, under stressed market conditions, as well as during emergency or temporary circumstances, each MainStay Fund may distribute redemption proceeds in-kind (rather than in cash), access its line of credit or overdraft facility, or borrow through other sources (e.g., reverse repurchase agreements or engage in certain types of derivatives) to meet redemption requests. See "Redemptions-In-Kind" below and the SAI for more details regarding redemptions-in-kind.

MainStay Money Market Fund

The MainStay Money Market Fund (the "Fund") intends to qualify as a "retail money market fund" pursuant to Rule 2a-7 under the 1940 Act or the rules governing money market funds. As a "retail money market fund," the Fund has adopted policies and procedures reasonably designed to limit all beneficial owners of the Fund to natural persons. In order to be eligible to invest in the Fund, you may be required to furnish the Fund or your financial intermediary with certain information (e.g., social security number or government-issued identification, such as a driver's license or passport) that confirms your eligibility to invest in the Fund. Accounts that are not beneficially owned by natural persons (for example, accounts not associated with a social security number), such as those opened by businesses, including small businesses, defined benefit plans and endowments, are not eligible to invest in the Fund and the Fund will deny purchases of Fund shares by such accounts.

Natural persons may invest in the Fund through certain tax-advantaged savings accounts, trusts and other retirement and investment accounts, which may include, among others: participant-directed defined contribution plans; individual retirement accounts; simplified employee pension arrangements; simple retirement accounts; custodial accounts; deferred compensation plans for government or tax-exempt organization employees; Archer medical savings accounts; college savings plans; health savings account plans; ordinary trusts and estates of natural persons; or certain other retirement and investment accounts with ultimate investment power held by the natural person beneficial owner, notwithstanding having an institutional decision maker making day-to-day decisions (e.g., a plan sponsor in certain retirement arrangements or an investment adviser managing discretionary investment accounts).

Financial intermediaries are required to take steps to remove any shareholders on behalf of whom they hold shares in the Fund that are not eligible to invest in, or are no longer eligible to invest in, the Fund. Further, financial intermediaries may only submit purchase orders if they have implemented policies and procedures reasonably designed to limit all investors on behalf of whom they submit orders to accounts beneficially owned by natural persons. Financial intermediaries may be required by the Fund or a service provider to provide a written statement or other representation that they have in place, and operate in compliance with, such policies and procedures prior to submitting purchase orders.

The Fund may involuntarily redeem investors that do not satisfy the eligibility requirements for a "retail money market fund" or accounts that the Fund cannot confirm to its satisfaction are beneficially owned by natural persons. Neither the Fund, the Manager nor the Subadvisor will be responsible for any loss in an investor's account or tax liability resulting from an involuntary redemption.

Additional Information

Wiring money to the MainStay Funds reduces the time a shareholder must wait before redeeming shares. Wired funds are generally available for redemption on the next business day. A 10-day hold may be placed on purchases made by check or ACH payment from the date the purchase is received, making them unavailable for immediate redemption.

You may receive confirmation statements that describe your transactions. You should review the information in the confirmation statements carefully. If you notice an error, you should call the MainStay Funds or your financial adviser immediately. If you or your financial adviser fails to notify the MainStay Funds within one year of the transaction, you may be required to bear the costs of any correction.

The policies and fees described in this Prospectus govern transactions with the MainStay Funds. If you invest through a third party—bank, broker/dealer, 401(k), financial intermediary firm or financial supermarket—there may be transaction fees for, and you may be subject to, different investment minimums or limitations on buying or selling shares. Accordingly, the return to investors who purchase through financial intermediaries may be less than the return earned by investors who invest in a MainStay Fund directly. Consult a representative of your plan or financial institution if in doubt.

From time to time, any of the MainStay Funds may close and reopen to new investors or new share purchases at their discretion. Due to the nature of their portfolio investments, certain MainStay Funds may be more likely to close and reopen than others. If a MainStay Fund is closed, either to new investors or new share purchases, and you redeem your total investment in the MainStay Fund, your account will be closed and you will not be able to make any additional investments in that MainStay Fund. If a MainStay Fund is closed to new investors, you may not exchange shares of other MainStay Funds for shares of that MainStay Fund unless you are already a shareholder of such MainStay Fund.

It is important that the MainStay Funds maintain a correct address for each investor. An incorrect address may cause an investor's account statements and other mailings to be returned to the MainStay Funds. It is the responsibility of an investor to ensure that the MainStay Funds are aware of the correct address for the investor's account(s). It is important to promptly notify us of any name or address changes.

Mutual fund accounts can be considered abandoned property.

States increasingly are looking at inactive mutual fund accounts and uncashed checks as possible abandoned or unclaimed property. Under certain circumstances, the MainStay Funds may be legally obligated to escheat (or transfer) an investor's account to the appropriate state's unclaimed property administrator. Escheatment with respect to a retirement account is subject to a 10% federal withholding on the account. The MainStay Funds, the Board, and NYLIM Service Company and its affiliates will not be liable to investors or their representatives for good faith compliance with state unclaimed or abandoned property (escheatment) laws. If you invest in a MainStay Fund through a financial intermediary, we encourage you to contact the financial intermediary regarding applicable state escheatment laws.

Escheatment laws vary by state, and states have different criteria for defining inactivity and abandoned property. Generally, a mutual fund account may be subject to "escheatment" (i.e., considered to be abandoned or unclaimed property) if the account owner has not initiated any activity in the account or contacted the MainStay Funds for an "inactivity period" as specified in applicable state laws. If a MainStay Fund is unable to establish contact with an investor, the MainStay Fund will determine whether the investor's account must legally be considered abandoned and whether the assets in the account must be transferred to the appropriate state's unclaimed property administrator. Typically, an investor's last known address of record determines the state that has jurisdiction.

We strongly encourage you to contact us at least annually to review your account information. Below are ways in which you can assist us in safeguarding your MainStay Fund investments.

- Log in to your account by entering your user ID and Personal ID (PIN) at newyorklifeinvestments.com/accounts to view your account information. Please note, simply visiting our public website may not be considered establishing contact with us under state escheatment laws.
- Call our 24-hour automated service line at **800-624-6782** and select option 1 for an account balance using your PIN.
- Call one of our customer service representatives at **800-624-6782** Monday through Friday from 8:30 am to 5:00 pm Eastern time. Certain state escheatment laws do not consider contact by phone to be customer-initiated activity and such activity may be achieved only by contacting MainStay Funds in writing or through the MainStay Funds' website.
- Take action on letters received in the mail from MainStay concerning account inactivity, outstanding checks and/or escheatment or abandoned property and follow the directions in these letters. To avoid escheatment, we advise that you promptly respond to any such letters.
- If you are a resident of Texas, you may designate a representative to receive escheatment or abandoned property notices regarding MainStay Fund shares by completing and submitting a designation form that can be found on the website of the Texas

Comptroller. The completed designation form may be mailed to the MainStay Funds. For more information, please call **800-624-6782**.

The Prospectus and SAI, related regulatory filings, and any other MainStay Fund communications or disclosure documents do not purport to create any contractual obligations between the Funds and shareholders. The MainStay Funds may amend any of these documents or enter into (or amend) a contract on behalf of the Funds without shareholder approval except where shareholder approval is specifically required. Further, shareholders are not intended third-party beneficiaries of any contracts entered into by (or on behalf of) the Funds, including contracts with New York Life Investments, a Subadvisor or other parties who provide services to the Funds.

Medallion Signature Guarantees

A Medallion Signature Guarantee helps protect against fraud. To protect your account, each MainStay Fund and the Transfer Agent from fraud, Medallion Signature Guarantees may be required to enable us to verify the identity or capacity of the person who has authorized redemption proceeds to be sent to a third party or a bank not previously established on the account. Medallion Signature Guarantees may be also required for redemptions of \$100,000 or more from an account by check to the address of record and for share transfer requests. Medallion Signature Guarantees must be obtained from certain eligible financial institutions that are participants in the Securities Transfer Association Medallion Program, the Stock Exchange Medallion Program, or the New York Stock Exchange Medallion Signature Program. Eligible guarantor institutions provide Medallion Signature Guarantees that are covered by surety bonds in various amounts. It is your responsibility to ensure that the Medallion Signature Guarantee that you acquire is sufficient to cover the total value of your transaction(s). If the surety bond amount is not sufficient to cover the requested transaction(s), the Medallion Signature Guarantee will be rejected.

Signature guarantees that are not a part of these programs will not be accepted. Please note that a notary public stamp or seal is not acceptable.

Investing for Retirement

You can purchase shares of most, but not all, of the MainStay Funds for retirement plans providing tax-deferred investments for individuals and institutions. You can use MainStay Funds in established plans or the Distributor may provide the required plan documents for selected plans. A plan document must be adopted for a plan to be in existence.

Custodial services are available for IRA, Roth IRA and Coverdell Education Savings Accounts ("CESAs") (previously named Education IRA) as well as SEP and SIMPLE IRA plans. Plan administration is also available for select qualified retirement plans. An investor should consult with his or her tax advisor before establishing any tax-deferred retirement plan.

Not all MainStay Funds are available for all types of retirement plans or through all distribution channels. Please contact the MainStay Funds at **800-624-6782** and see the SAI for further details.

Purchases-In-Kind

You may purchase shares of a MainStay Fund by transferring securities to a MainStay Fund in exchange for MainStay Fund shares ("in-kind purchase"). In-kind purchases may be made only upon the MainStay Funds' approval and determination that the securities are acceptable investments for the MainStay Fund and are purchased consistent with that MainStay Fund's procedures relating to in-kind purchases. The MainStay Funds reserve the right to amend or terminate this practice at any time. You must call the MainStay Funds at **800-624-6782** before sending any securities. Please see the SAI for additional details.

Redemptions-In-Kind

The MainStay Funds reserve the right to pay redemptions, either totally or partially, by redemption-in-kind of securities (instead of cash) from the applicable MainStay Fund's portfolio, consistent with the MainStay Fund's procedures relating to in-kind redemptions and in accordance with the 1940 Act and rules and interpretations of the SEC thereunder. Each Fund may distribute redemption proceeds in-kind under normal and stressed market conditions as well as during emergency or temporary circumstances. In addition, a Fund may distribute redemption proceeds in-kind to any type of shareholder or account, including retail and omnibus accounts. The MainStay Funds may also redeem shares in-kind upon the request of a shareholder. The securities distributed in such a redemption would be effected through a distribution of the MainStay Fund's portfolio securities (generally pro rata) and valued at the same value as that assigned to them in calculating the NAV of the shares being redeemed. Such securities may be illiquid, which means that they may be difficult or impossible to sell at an advantageous time or price. If a shareholder receives a redemption-in-kind, he or she should expect that the in-kind distribution would be subject to market and other risks, such as liquidity risk, before sale, and to incur transaction costs, including brokerage costs, when he or she converts the securities to cash. Gains or losses on the disposition of securities may also be tax reportable. Please see the SAI for additional details.

The Reinvestment Privilege May Help You Avoid Sales Charges

When you sell shares, you have the right—for 90 days—to reinvest any or all of the money in the same account and class of shares of the same or another MainStay Fund without paying another sales charge (so long as (i) those shares have not been reinvested once already; (ii) your account is not subject to a 30-day block as described in "Excessive Purchases and Redemptions or Exchanges;" and (iii)

you are not reinvesting your required minimum distribution). If you paid a sales charge when you redeemed, you will receive a pro rata credit for reinvesting in the same account and class of shares.

Reinvestment will not relieve you of any tax consequences on gains realized from a sale. The deductions for losses may, however, be denied and, in some cases, sales charges may not be taken into account in computing gains or losses if the reinvestment privilege is exercised.

Convenient, yes...but not risk-free. Telephone and internet redemption privileges are convenient, but with them you give up some security. When you sign the application to buy shares, you agree that the MainStay Funds, the Board, and NYLIM Service Company and its affiliates will not be liable for following phone instructions that NYLIM Service Company or its affiliates reasonably believe are genuine. When using the MainStay Audio Response System or the internet, you bear the risk of any loss from your errors unless we fail to use established safeguards for your protection. The following safeguards are among those currently in place at MainStay Funds:

- all phone calls with service representatives are recorded; and
- written confirmation of every transaction is sent to your address of record.

We reserve the right to suspend the MainStay Audio Response System and website at any time or if the systems become inoperable due to technical problems.

MainStay Money Market Fund Check Writing

You can sell shares of the MainStay Money Market Fund by writing checks for an amount that meets or exceeds the pre-set minimum stated on your check. You need to complete special forms to set up check writing privileges. You cannot close your account by writing a check. *This option is not available for IRAs, CESAs, 403(b)(7)s or qualified retirement plans.*

Information on Liquidity Fees and Redemption Gates for the MainStay Money Market Fund

Pursuant to Rule 2a-7 under the 1940 Act, the Board is permitted to impose a liquidity fee on redemptions from the MainStay Money Market Fund (the "Fund") of up to 2% or a redemption gate to temporarily suspend the right of redemption from the Fund for up to 10 business days (in any 90 day period) in the event that the Fund's "weekly liquid assets" fall below certain required minimums because of market conditions or other factors.

If the Fund's weekly liquid assets fall below 30% of the Fund's total assets, the Board, based on its determination that the liquidity fee and/or redemption gate is in the best interests of the Fund, may, as early as the same day: (i) impose a liquidity fee of no more than 2% on redemptions from the Fund; and/or (ii) impose a redemption gate to temporarily suspend the right of redemption. If the Fund's weekly liquid assets fall below 10% of the Fund's total assets at the end of any business day, the Fund must impose, as of the beginning of the next business day, a liquidity fee of 1% on redemptions from the Fund, unless the Board (including a majority of Independent Trustees) determines that not doing so is in the best interests of the Fund or determines that a lower or higher fee (not to exceed 2%) is in the best interests of the Fund.

The Board may, in its discretion, terminate a liquidity fee or redemption gate at any time, if it believes such action to be in the best interests of the Fund and its shareholders. Also, liquidity fees and redemption gates will automatically terminate at the beginning of the next business day once the Fund's weekly liquid assets reach at least 30% of its total assets. Redemption gates may only last up to 10 business days (in any 90 day period). When a fee or a gate is in place, the Fund may determine to halt purchases and exchanges or to subject any purchases to certain conditions, including, for example, a written affirmation of the purchaser's knowledge that a fee or a gate is in effect. When a redemption gate is in place for the Fund, shareholders may not be permitted to exchange into or out of the Fund. Any redemption requests submitted while a redemption gate is in place, including any checks written under established checkwriting privileges, will be cancelled without further notice. In that case, a new redemption request must be submitted to the Fund if you wish to redeem your shares after the redemption gate has been lifted. During periods when the Fund is imposing a liquidity fee, shareholders may exchange out of the Fund but will be subject to the applicable liquidity fee, which will reduce the value of the shares exchanged.

Liquidity fees and redemption gates are most likely to be imposed, if at all, during times of extraordinary market stress. The imposition and termination of a liquidity fee or redemption gate will be reported by the Fund to the SEC on Form N-CR. Such information will also be available on the Fund's website. In addition, the Fund will communicate such action through a supplement to its registration statement and may further communicate such action through a press release or by other means. Liquidity fees would reduce the amount you receive upon redemption of your shares. The Fund would retain the liquidity fees for the benefit of remaining shareholders.

The Board may, in its discretion, permanently suspend redemptions and liquidate the Fund, if, among other things, at the end of a business day the Fund has less than 10% of its total assets invested in weekly liquid assets.

SHAREHOLDER SERVICES

Automatic Services

Buying or selling shares automatically is easy with the services described below. You select your schedule and amount, subject to certain restrictions. You can set up most of these services on your application, by accessing your shareholder account on the internet at newyorklifeinvestments.com/accounts, by contacting your financial adviser for instructions, or by calling us toll-free at 800-624-6782 for a form.

Systematic Investing—Individual Shareholders Only

MainStay offers four automatic investment plans:

1. *AutoInvest*

If you obtain authorization from your bank, you can automatically debit your designated bank account to:

- make regularly scheduled investments; and/or
- purchase shares whenever you choose.

2. *Dividend or Capital Gains Reinvestment*

Automatically reinvest dividends, distributions or capital gains from one MainStay Fund into the same MainStay Fund or the same class of any other MainStay Fund. Accounts established with dividend or capital gains reinvestment must meet the initial minimum investment amounts and any other eligibility requirements of the selected share class.

3. *Payroll Deductions*

If your employer offers this option, you can make automatic investments through payroll deduction.

4. *Systematic Exchange*

Exchanges must be at least \$100. You must have at least \$10,000 in your account for Investor Class, Class B, Class C or Class C2 shares at the time of the initial request. You may systematically exchange a share or dollar amount from one MainStay Fund into any other MainStay Fund in the same share class. Accounts established with a systematic exchange must meet the initial minimum investment amounts and any other eligibility requirements of the selected share class. Please see "Exchanging Shares Among MainStay Funds" for more information.

Systematic Withdrawal Plan—Individual Shareholders Only

Withdrawals must be at least \$100. You must have at least \$10,000 in your account for Investor Class, Class B, Class C and Class C2 shares at the time of the initial request. The above minimums are waived for IRA and 403(b)(7) accounts where the systematic withdrawal represents required minimum distributions.

NYLIM Service Company acts as the agent for the shareholder in redeeming sufficient full and fractional shares to provide the amount of the systematic withdrawal payment and any CDSC, if applicable.

The MainStay Funds will not knowingly permit systematic withdrawals if, at the same time, you are making periodic investments.

Exchanging Shares Among MainStay Funds

Exchanges will be based upon each MainStay Fund's NAV next determined following receipt of a properly executed exchange request.

Generally, you exchange shares when you sell all or a portion of shares in one MainStay Fund and use the proceeds to purchase shares of the same class of another MainStay Fund at NAV. Investment minimums and eligibility requirements apply to exchanges. Please note that certain MainStay Funds have higher investment minimums. An exchange of shares of one MainStay Fund for shares of another MainStay Fund will be treated as a sale of shares of the first MainStay Fund and as a purchase of shares of the second MainStay Fund. Any gain on the transaction may be subject to taxes. You may make exchanges from one MainStay Fund to another by phone. There is also a systematic exchange program that allows you to make regularly scheduled, systematic exchanges from one MainStay Fund to the same class of another MainStay Fund. When you redeem exchanged shares without a corresponding purchase of another MainStay Fund, you may have to pay any applicable contingent deferred sales charge. If you choose to sell Class B, Class C or Class C2 shares and then separately buy Investor Class, Class A or Class A2 shares, you may have to pay a deferred sales charge on the Class B, Class C or Class C2 shares, as well as pay an initial sales charge on the purchase of Investor Class, Class A or Class A2 shares.

In addition, if you exchange Class B, Class C or Class C2 shares of a MainStay Fund into Class B or Class C shares of the MainStay Money Market Fund or if you exchange Investor Class shares or Class A shares of a MainStay Fund subject to the 1.00% CDSC into Investor Class shares or Class A shares of the MainStay Money Market Fund, the holding period for purposes of determining the CDSC stops until you exchange back into Investor Class, Class A, Class B, Class C or Class C2 shares, as applicable, of another non-money market MainStay Fund. The holding period for purposes of determining conversion of Class B shares, Class C or Class C2 shares into Investor Class or Class A shares also stops until you exchange back into Class B shares, Class C or Class C2 shares of another non-money market MainStay Fund. Shareholders who hold Class C shares of a MainStay Fund may exchange those shares into Class C2 shares of another MainStay Fund, or vice versa, depending on eligibility at the time of the exchange. Likewise, shareholders who hold

Class A shares of a MainStay Fund may exchange those shares into Class A2 shares of another MainStay Fund, or vice versa, depending on eligibility at the time of the exchange. The CDSC holding period applicable to any Class C or Class A shares will continue in the same manner when exchanged into Class A2 or Class C2 shares, or vice versa, subject to stoppage during any period such shares are exchanged into either Class C or Class A shares of the MainStay Money Market Fund, as described above.

You also may exchange shares of a MainStay Fund for shares of an identical class, if offered, of any series of certain other open-end investment companies sponsored, advised or administered by New York Life Investments or any affiliate thereof (provided such series is registered for sale in your state of residence or an exemption from registration is available) some of which are offered in this Prospectus and some of which are offered in separate prospectuses, including:

** The Fund is registered for sale in CA, CT, DE, FL, MA, NJ, NY and VT.

You may not exchange shares of one MainStay Fund for shares of another MainStay Fund that is closed to new investors unless you are already a shareholder of that MainStay Fund or are otherwise eligible for purchase. You may not exchange shares of one MainStay Fund for shares of another MainStay Fund that is closed to new share purchases or not offered for sale in your state.

Selling and exchanging shares may result in a gain or loss and therefore may be subject to taxes. Consult your tax advisor on the consequences.

Before making an exchange request, read the prospectus of the MainStay Fund you wish to purchase by exchange. You can obtain a prospectus for any MainStay Fund by contacting your broker, financial adviser or other financial intermediary, by visiting newyorklifeinvestments.com or by calling the MainStay Funds at **800-624-6782**. Following an exchange, the ongoing fees and expenses of the new MainStay Fund will differ from and may be higher or lower than those of the MainStay Fund that you previously held. The Prospectus relating to the new MainStay Fund includes information regarding the fees, expenses and other characteristics of the new MainStay Fund.

The exchange privilege is not intended as a vehicle for short-term trading, nor are the MainStay Funds designed for professional market timing organizations or other entities or individuals that use programmed frequent exchanges in response to market fluctuations. Excessive exchange activity may interfere with portfolio management and have an adverse effect on all shareholders (see "Excessive Purchases and Redemptions or Exchanges").

The MainStay Funds reserve the right to revise or terminate the exchange privilege, limit the amount or number of exchanges or reject any exchange consistent with the requirements of the 1940 Act and rules and interpretations of the SEC thereunder.

In certain circumstances you may have to pay a sales charge when exchanging shares.

Daily Dividend MainStay Fund Exchanges

If you exchange all your shares in the MainStay Floating Rate Fund, MainStay MacKay California Tax Free Opportunities Fund, MainStay MacKay High Yield Municipal Bond Fund, MainStay MacKay New York Tax Free Opportunities Fund, MainStay MacKay Short Term Municipal Fund, MainStay MacKay Strategic Municipal Allocation Fund, MainStay MacKay Tax Free Bond Fund or MainStay Money

If you exchange all your shares in the MainStay Floating Rate Fund, MainStay MacKay California Tax Free Opportunities Fund, MainStay MacKay High Yield Municipal Bond Fund, MainStay MacKay New York Tax Free Opportunities Fund, MainStay MacKay Strategic Municipal Allocation Fund, MainStay MacKay Tax Free Bond Fund or MainStay Money Market Fund for shares of the same class in more than one MainStay Fund, undistributed dividends will be credited to the last MainStay Fund account that you exchange to.

We try to make investing easy by offering a variety of programs to buy, sell and exchange MainStay Fund shares. These programs make it convenient to add to your investment and easy to access your money when you need it.

Excessive Purchases and Redemptions or Exchanges

The MainStay Funds are not intended to be used as a vehicle for frequent, excessive or short-term trading (such as market timing). The interests of a MainStay Fund's shareholders and the MainStay Fund's ability to manage its investments may be adversely affected by excessive purchases and redemptions or exchanges (if applicable) of the MainStay Fund shares over the short term. The risks posed by excessive trading include the disruption of efficient implementation of a MainStay Fund's investment strategies, triggering the recognition of taxable gains and losses on the sale of portfolio investments, requiring a MainStay Fund to maintain higher levels of cash to meet redemption requests, experiencing increased transaction costs, all of which may adversely affect a MainStay Fund's performance to the detriment of long-term shareholders. These risks are more pronounced in MainStay Funds that invest in thinly-traded or foreign securities. Accordingly, the Board has adopted and implemented policies and procedures designed to discourage, detect and prevent frequent purchases and redemptions or exchanges of MainStay Fund shares in order to protect long-term MainStay Fund shareholders. These policies are discussed more fully below. Although MainStay Funds' policies and procedures are designed to discourage frequent, excessive or short-term trading, there is no assurance that the MainStay Funds will be able to effectively detect such activity or participants engaged in such activity, or, if it is detected, to prevent its recurrence, particularly with respect to omnibus accounts as the MainStay Funds must rely on the cooperation of and/or information provided by third-parties, such as financial intermediaries or retirement plans. A MainStay Fund may change its policies or procedures at any time without prior notice to shareholders.

The MainStay Funds reserve the right to restrict, reject or cancel, without prior notice, any purchase or exchange order for any reason, including any purchase or exchange order accepted by any investor's financial intermediary firm. Any such rejection or cancellation of an order placed through a financial intermediary will occur, under normal circumstances, within one business day of the financial intermediary transmitting the order to the MainStay Funds. If an order is cancelled due to a violation of this policy, and such cancellation causes a monetary loss to a MainStay Fund, such loss may become the responsibility of the party that placed the transaction or the account owner. In addition, the MainStay Funds reserve the right to reject, limit, or impose other conditions (that are more restrictive than those otherwise stated in the Prospectuses) on purchases or exchanges or to close or otherwise limit accounts based on a history of frequent purchases and redemptions of MainStay Fund shares that could adversely affect a MainStay Fund or its operations, including those from any individual or group who, in the MainStay Funds' judgment, is likely to harm MainStay Fund shareholders.

The MainStay Funds, through New York Life Investments, the Transfer Agent and the Distributor, maintain surveillance procedures to detect frequent, excessive or short-term trading in MainStay Fund shares. As part of this surveillance process, the MainStay Funds examine transactions in MainStay Fund shares that exceed certain monetary thresholds or numerical limits within a specified period of time, including reviewing "round trips" in the MainStay Funds by investors. Round trips include purchases or exchanges into a MainStay Fund followed or preceded by a redemption or exchange out of the same MainStay Fund that is substantially similar in dollar terms. The MainStay Funds also may consider the history of trading activity in all accounts known to be under common ownership, control or influence. To the extent identified under these surveillance procedures, a MainStay Fund may place a 30-day "block" on any account if, during any 30-day period, there is a redemption or exchange from the account following a purchase or exchange into such account. An account that is blocked will not be permitted to place future purchase or exchange requests for at least an additional 30-day period in that MainStay Fund. The MainStay Funds may modify their surveillance procedures and criteria from time to time without prior notice, as necessary or appropriate to improve the detection of frequent, excessive or short-term trading or to address specific circumstances. In certain instances when deemed appropriate, the MainStay Funds will rely on a financial intermediary to apply the intermediary's market timing procedures to an omnibus account. In certain cases, these procedures may be more or less restrictive than the MainStay Funds' procedures.

In addition to these measures and other deterrents, the MainStay Funds may from time to time impose a redemption fee on redemptions or exchanges of MainStay Fund shares made within a certain period of time in order to deter frequent, excessive or short-term trading and to offset certain costs associated with such trading.

The MainStay Funds will seek to apply their frequent trading policies and procedures as uniformly as practicable to accounts with the MainStay Funds, with the following exceptions:

- Short-term purchases or exchanges that it believes, in the exercise of its judgment, are not disruptive or harmful to the MainStay Fund's long-term shareholders;

- Purchases, reinvestments, redemptions and exchanges made on a systematic or automatic basis, such as dollar-cost averaging, dividend diversification and systematic withdrawals;
- Certain purchases, redemptions or exchanges that are part of a rebalancing program, such as a wrap, advisory or bona fide asset allocation program;
- Any transactions not initiated by a shareholder or registered representative, such as redemptions of shares to pay fund or account fees;
- Permitted conversions of shares from one share class to another share class within the same MainStay Fund;
- Transactions initiated by the trustee or adviser to a donor-advised charitable gift fund;
- Transactions in qualified tuition programs operating under Section 529 of the Internal Revenue Code; and
- Transactions by fund of fund products where New York Life Investments or an affiliate is the program manager.

In addition, on a case-by-case basis, requests for one-time exceptions to the MainStay Funds' frequent trading policies and procedures may be granted by the MainStay Funds' Chief Compliance Officer based on the facts and circumstances of the request.

The MainStay Money Market Fund and the MainStay U.S. Government Liquidity Fund are intended for short-term investment horizons and do not monitor for nor prohibit short-term trading activity. Although these MainStay Funds are managed in a manner that is consistent with their investment objectives, frequent trading by shareholders may disrupt their management and increase their expenses.

Apart from trading permitted or exceptions enumerated above in accordance with the MainStay Funds' policies and procedures, no MainStay Fund accommodates, nor has any arrangement to permit, frequent purchases and redemptions of MainStay Fund shares.

FAIR VALUATION AND PORTFOLIO HOLDINGS DISCLOSURE

Determining the MainStay Funds' Share Prices and the Valuation of Securities and Other Assets

Each MainStay Fund generally calculates its NAV at the Fund's close (usually 4:00 pm Eastern time) every day the Exchange is open. The MainStay Funds do not calculate their NAVs on days on which the Exchange is closed. The NAV per share for a class of shares is determined by dividing the value of the net assets attributable to that class by the number of shares of that class outstanding on that day.

The value of a MainStay Fund's investments is generally based (in whole or in part) on current market prices (amortized cost, in the case of the MainStay Money Market Fund and other MainStay Funds that hold debt securities with a remaining maturity of 60 days or less). If current market values of a MainStay Fund's investments are not available or, in the judgment of New York Life Investments, do not accurately reflect the fair value of a security, the fair value of the investment will be determined in good faith in accordance with procedures approved by the Board. Changes in the value of a MainStay Fund's portfolio securities after the close of trading on the principal markets in which the portfolio securities trade will not be reflected in the calculation of NAV unless New York Life Investments, in consultation with the Subadvisor(s) (if applicable), determines that a particular event could materially affect the NAV. In this case, an adjustment in the valuation of the securities may be made in accordance with procedures approved by the Board. A MainStay Fund may invest in portfolio securities that are primarily listed on foreign exchanges that trade on weekends or other days when the MainStay Fund does not price its shares. Consequently, the value of portfolio securities of a MainStay Fund may change on days when shareholders will not be able to purchase or redeem shares.

With respect to any portion of a MainStay Fund's assets invested in one or more Underlying Funds, the MainStay Fund's NAV is calculated based upon the NAVs of those Underlying Funds, except for exchange-traded Underlying Funds, which are generally valued based on market prices.

The Board has adopted joint valuation procedures of the MainStay Funds and New York Life Investments establishing methodologies for the valuation of the MainStay Funds' portfolio securities and other assets. Pursuant to Rule 2a-5 under the 1940 Act, the Board has designated New York Life Investments as the valuation designee to perform fair valuation determinations for each MainStay Fund with respect to all Fund investments and/or other assets for which market quotations are not readily available. New York Life Investments, in its role as valuation designee, utilizes the assistance of a Valuation Committee to support its obligations in determining fair value of the MainStay Funds' securities and/or other assets. Fair value determinations may be based upon developments related to a specific security or events affecting securities markets and the specific methodologies used for a particular security may vary based on the market data available for a specific security at the time the MainStay Fund calculates its NAV or based on other considerations. Fair valuation involves subjective judgments, and it is possible that the fair value determined for a security may differ materially from the value that could be realized upon the sale of the security.

The MainStay Funds expect to use fair value pricing for securities actively traded on U.S. exchanges only under very limited circumstances. The MainStay Funds may use fair value pricing more frequently for foreign securities. Where foreign securities markets close earlier than U.S. markets, the value of the securities may be affected by significant events or volatility in the U.S. markets occurring after the close of those foreign securities markets. To account for this, certain MainStay Funds, notably the MainStay International/Global Equity Funds, have fair valuation procedures which include a procedure whereby foreign securities may be valued based on third-party

vendor modeling tools to the extent available. For Underlying Funds in which the MainStay Funds may invest, additional information about the circumstances when those Underlying Funds may use fair value pricing may be found in each Underlying Fund's respective prospectus.

There may be other instances where market quotations are not readily available or standard pricing principles do not apply. Please see the SAI for additional information about the valuations of the MainStay Funds' securities and other assets and on how NAV is calculated.

Portfolio Holdings Information

A description of the MainStay Funds' policies and procedures with respect to the disclosure of each of the MainStay Funds' portfolio securities holdings is available in the SAI. Generally, a complete schedule of each of the MainStay Funds' portfolio holdings will be made public on the MainStay Funds' website at newyorklifeinvestments.com 30 days after month-end, except as noted below. You may also obtain this information by calling toll-free **800-624-6782**.

The MainStay Money Market Fund will post on the MainStay Funds' website its complete schedule of portfolio holdings as of the last business day of the prior month, no later than the fifth business day following month-end. MainStay Money Market Fund's postings will remain on the MainStay Funds' website for a period of at least six months after posting. Also, in the case of the MainStay Money Market Fund, certain portfolio information will be provided in monthly holdings reports to the SEC on Form N-MFP. Form N-MFP will be made immediately available to the public by the SEC, and a link to each of the most recent 12 months of filings on Form N-MFP will be provided on the MainStay Funds' website.

The portfolio holdings for MainStay Cushing MLP Premier Fund will be made public 60 days after quarter end.

The portfolio holdings for MainStay MacKay High Yield Corporate Bond Fund and MainStay Short Duration High Yield Fund will be made public 30 days after quarter end.

The portfolio holdings for MainStay Epoch Capital Growth Fund, MainStay Epoch Global Equity Yield Fund, MainStay Epoch International Choice Fund and MainStay Epoch U.S. Equity Yield Fund will be made public 15 days after month end.

The portfolio holdings for MainStay MacKay U.S. Infrastructure Bond Fund and MainStay Tax-Exempt Funds will be made public 60 days after month end.

All portfolio holdings will be posted on the appropriate MainStay Fund's website and remain accessible until an updated shareholder report on Form N-CSR is filed or a Form N-PORT is filed.

OPERATION AS A MANAGER OF MANAGERS

Section 15(a) of the 1940 Act requires that all contracts pursuant to which persons serve as investment advisers to investment companies be approved by shareholders. As interpreted, this requirement also applies to the appointment of subadvisors to the MainStay Funds. The Manager and the MainStay Group of Funds, including the MainStay Funds that are covered by this Prospectus, have obtained an exemptive order (the "Order") from the SEC permitting the Manager, on behalf of a MainStay Fund and subject to the approval of the Board, including a majority of the Independent Trustees, to hire and to modify any existing or future subadvisory agreement with unaffiliated subadvisors and subadvisors that are "wholly-owned subsidiaries" (as defined in the 1940 Act) of New York Life Investments, or a sister company of New York Life Investments that is a wholly-owned subsidiary of a company that, indirectly or directly, wholly owns New York Life Investments ("Wholly-Owned Subadvisors"). The Order supersedes a prior SEC exemptive order, which applied only to hiring, or modifying existing or future subadvisory agreements with unaffiliated subadvisors. In addition, pursuant to a no-action position issued by the staff of the SEC, Funds covered by this Prospectus may hire and modify any existing or future subadvisory agreement with subadvisors that are not Wholly-Owned Subadvisors, but are otherwise an "affiliated person" (as defined in the 1940 Act) of New York Life Investments ("Affiliated Subadvisors") provided that certain conditions are met ("Interpretive Relief"). This authority is subject to certain conditions, including that each MainStay Fund will notify shareholders and provide them with certain information within 90 days of hiring a new subadvisor.

Certain MainStay Funds, including those listed in the table below, have approved operating under a manager-of-managers structure with respect to any affiliated or unaffiliated subadvisor, and may rely on the Order and Interpretive Relief as they relate to Wholly-Owned Subadvisors, Affiliated Subadvisors and unaffiliated subadvisors, while other MainStay Funds may rely on the Order only as it relates to unaffiliated subadvisors. Certain other MainStay Funds may not rely on any aspect of the Order without obtaining shareholder approval.

FUND EARNINGS

Dividends and Interest

Most funds earn either dividends from stocks, interest from bonds and other securities, or both. A mutual fund, however, pays this income to you as "dividends." The dividends paid by each MainStay Fund will vary based on the income from its investments and the expenses incurred by the MainStay Fund.

Each Fund reserves the right to automatically reinvest dividend distributions of less than \$10.00.

Dividends and Distributions

Each MainStay Fund intends to distribute substantially all of its net investment income and capital gains to shareholders at least once a year to the extent that dividends and/or capital gains are available for distribution. For the purpose of seeking to maintain its share price at \$1.00, among other things, the MainStay Money Market Fund will distribute all or a portion of its capital gains and may reduce or withhold any income and/or gains generated by its portfolio. The MainStay Funds declare and pay dividends as set forth below:

Dividends from the net investment income (if any) of the following MainStay Funds are declared and paid at least annually:

MainStay Candriam Emerging Markets Equity Fund, MainStay Epoch Capital Growth Fund, MainStay Epoch International Choice Fund, MainStay Equity Allocation Fund, MainStay Equity ETF Allocation Fund, MainStay ESG Multi-Asset Allocation Fund, MainStay Fiera SMID Growth Fund, MainStay Growth

Allocation Fund, MainStay Growth ETF Allocation Fund, MainStay MacKay International Equity Fund, MainStay Moderate Allocation Fund, MainStay Moderate ETF Allocation Fund, MainStay S&P 500 Index Fund, MainStay Winslow Large Cap Growth Fund, MainStay WMC Enduring Capital Fund, MainStay WMC Growth Fund, MainStay WMC International Research Equity Fund, MainStay WMC Small Companies Fund and MainStay WMC Value Fund

Dividends from the net investment income (if any) of the following MainStay Funds are declared and paid at least quarterly:

MainStay Balanced Fund, MainStay CBRE Global Infrastructure Fund, MainStay CBRE Real Estate Fund, MainStay Conservative Allocation Fund, MainStay Conservative ETF Allocation Fund, MainStay Defensive ETF Allocation Fund, MainStay Epoch Global Equity Yield Fund, MainStay Epoch U.S. Equity Yield Fund and MainStay MacKay Convertible Fund

Dividends from the net investment income (if any) of the following MainStay Funds are declared and paid at least monthly:

MainStay Candriam Emerging Markets Debt Fund, MainStay Cushing MLP Premier Fund, MainStay Income Builder Fund, MainStay MacKay High Yield Corporate Bond Fund, MainStay MacKay Short Duration High Yield Fund, MainStay MacKay Strategic Bond Fund, MainStay MacKay Total Return Bond Fund and MainStay Short Term Bond Fund

Dividends from the net investment income (if any) of the following MainStay Funds are declared daily and paid at least monthly:

MainStay Floating Rate Fund, MainStay MacKay California Tax Free Opportunities Fund, MainStay MacKay High Yield Municipal Bond Fund, MainStay MacKay New York Tax Free Opportunities Fund, MainStay MacKay Short Term Municipal Fund, MainStay MacKay Strategic Municipal Allocation Fund, MainStay MacKay Tax Free Bond Fund, MainStay MacKay U.S. Infrastructure Bond Fund and MainStay Money Market Fund

Dividends are generally paid during the last week of the month after a dividend is declared, except in December when they may be paid earlier in the month.

You generally begin earning dividends the next business day after the MainStay Funds receives your purchase request in good order.

Shareholders generally prefer to buy after the dividend payment. Shareholders may prefer to avoid buying shares shortly before a dividend payment because part of their investment may be returned in the form of a dividend, which may be taxable.

Capital Gains

The MainStay Funds earn capital gains when they sell securities at a profit.

When the Funds Pay Capital Gains

The MainStay Funds will normally declare and distribute any capital gains, if any, to shareholders annually, typically in December.

How to Take Your Earnings

You may receive your portion of MainStay Fund earnings in one of seven ways. You can make your choice at the time of application, and change it as often as you like by notifying your financial adviser (if permitted) or the MainStay Funds directly. The seven choices are:

1. Reinvest dividends and capital gains in:
 - the same MainStay Fund; or
 - another MainStay Fund of your choice (other than a MainStay Fund that is closed, either to new investors or to new share purchases).
2. Take the dividends in cash and reinvest the capital gains in the same MainStay Fund.
3. Take the capital gains in cash and reinvest the dividends in the same MainStay Fund.
4. Take a percentage of dividends or capital gains in cash and reinvest the remainder in the same MainStay Fund.
5. Take dividends and capital gains in cash.
6. Reinvest all or a percentage of the capital gains in another MainStay Fund of your choice (subject to eligibility requirements and other than a MainStay Fund that is closed, either to new investors or to new share purchases) and reinvest the dividends in the original MainStay Fund.
7. Reinvest all or a percentage of the dividends in another MainStay Fund (other than a MainStay Fund that is closed, either to new investors or to new share purchases) and reinvest the capital gains in the original MainStay Fund.

If you do not make one of these choices on your application, your earnings will be automatically reinvested in the same class of shares of the same MainStay Fund.

If you prefer to reinvest dividends and/or capital gains in another MainStay Fund, you must first establish an account in that class of shares of the MainStay Fund. There is no sales charge on shares purchased through the automatic reinvestment of dividends or capital gains.

UNDERSTAND THE TAX CONSEQUENCES

MainStay Candriam Emerging Markets Equity Fund, MainStay Cushing MLP Premier Fund, MainStay International/Global Equity Funds, MainStay Mixed Asset Funds, MainStay Money Market Fund, MainStay Taxable Bond Funds and MainStay U.S. Equity Funds

Distributions received by tax-exempt shareholders will not be subject to federal income tax to the extent permitted under applicable law. If you are not a tax-exempt shareholder virtually all of the dividends and capital gains distributions you receive from the MainStay Funds are subject to tax, whether you take them as cash or automatically reinvest them. Distributions from a MainStay Fund's realized capital gains are subject to tax based on the length of time a MainStay Fund holds its investments, regardless of how long you hold MainStay Fund shares. Generally, if a MainStay Fund realizes long-term capital gains, the capital gains distributions are subject to tax as long-term capital gains; earnings realized from short-term capital gains and income generated on debt investments, dividend income and other sources are generally subject to tax as ordinary income upon distribution.

For individual and certain other non-corporate shareholders, a portion of the dividends received from the MainStay Funds may be treated as "qualified dividend income," which is subject to tax to individuals and certain other non-corporate shareholders at preferential rates, to the extent that such MainStay Funds earn qualified dividend income from domestic corporations and certain qualified foreign corporations and that certain holding period and other requirements are met. Individual and certain other non-corporate shareholders must also generally satisfy a more than 60-day holding period and other requirements with respect to each distribution of qualified dividends in order to qualify for the preferential rates on such distributions. For certain corporate shareholders, a portion of the dividends received from the MainStay Funds may qualify for the corporate dividends received deduction if certain conditions are met. The maximum individual federal income tax rate applicable to qualified dividend income and long-term capital gains is either 15% or 20%, depending on whether the individual's income exceeds certain threshold amounts.

Under certain circumstances, the MainStay Money Market Fund may impose a liquidity fee on Fund redemptions. A liquidity fee will reduce the amount a shareholder will receive upon the redemption of the shareholder's shares, and will decrease the amount of any capital gain or increase the amount of any capital loss the shareholder will recognize from such redemption. There is some degree of uncertainty with respect to the tax treatment of liquidity fees received by the Fund, and such tax treatment may be the subject of future guidance issued by the IRS. If a Fund earns liquidity fees, it will consider the appropriate tax treatment of such fees to the Fund at such time. Please see the section entitled "Information on Liquidity Fees and Redemption Gates for the MainStay Money Market Fund" above for additional information regarding liquidity fees.

MainStay Tax-Exempt Funds

The MainStay Tax-Exempt Funds' distributions to shareholders are generally expected to be exempt from regular federal income taxes, and in the case of MainStay MacKay California Tax Free Opportunities Fund and MainStay MacKay New York Tax Free Opportunities Fund, California and New York personal income taxes, respectively. A portion of the distributions may be subject to the alternative minimum tax. In addition, these MainStay Funds may also derive taxable income and/or capital gains. Distributions to shareholders of any such taxable income or capital gains would generally be subject to tax whether you take them as cash or automatically reinvest them. These MainStay Funds' realized earnings, if any, from capital gains are subject to tax based on the length of time such MainStay Fund holds investments, regardless of how long you hold MainStay Fund shares. If any of the MainStay Tax-Exempt Funds realize long-term capital gains, the earnings distributions are subject to tax as long-term capital gains; earnings from short-term capital gains and taxable income generated on debt investments and other sources are generally subject to tax as ordinary income upon distribution. Interest on indebtedness incurred or continued to be incurred by a shareholder of a MainStay Tax-Exempt Fund to purchase or carry shares of such a Fund is not deductible to the extent it is deemed related to the Fund's distributions from tax-exempt income.

"Tax-Free" Rarely Means "Totally Tax-Free"

- A tax-free fund or municipal bond fund may earn taxable income—in other words, you may have taxable income even from a generally tax-free fund.
- Tax-exempt dividends may still be subject to state and local taxes.
- Any time you sell shares—even shares of a tax-free fund—you will generally be subject to tax on any gain (the rise in the share price above the price at which you purchased the shares).
- If you sell shares of a tax-free fund at a loss after receiving a tax-exempt dividend, and you have held the shares for six months or less, then you may not be allowed to claim a loss on the sale.
- Some tax-exempt income may be subject to the alternative minimum tax.
- Capital gains declared in a tax-free fund are not tax-free.
- Acquisitions of municipal securities at a market discount may also result in ordinary income.

MainStay MacKay California Tax Free Opportunities Fund

So long as, at the close of each quarter of the MainStay MacKay California Tax Free Opportunities Fund's taxable year, at least 50% of the value of the MainStay MacKay California Tax Free Opportunities Fund's assets consists of California municipal bonds, distributions

not exceeding the interest received on such California municipal bonds less deductible expenses allocable to such interest will be treated as interest excludable from the income of California residents for purposes of the California personal income tax. Such distributions paid to a shareholder subject to the California corporate franchise tax will be taxable as ordinary income for purposes of such tax. Interest income from other investments may produce taxable dividend distributions. If you are subject to income tax in a state other than California, distributions derived from interest on California municipal bonds may, depending on the treatment of out-of-state municipal bonds by that state, not be exempt from tax in that state. Distributions of taxable income and capital gains will be subject to tax at ordinary income tax rates for California state income tax purposes. Interest on indebtedness incurred or continued by a shareholder of the MainStay MacKay California Tax Free Opportunities Fund to purchase or carry shares of that Fund generally will not be deductible for California personal income tax purposes. Interest on indebtedness incurred or continued to be incurred by a shareholder of MainStay MacKay California Tax Free Opportunities Fund to purchase or carry shares of the Fund is not deductible to the extent that it is deemed related to the Fund's distributions from tax-exempt income.

MainStay MacKay New York Tax Free Opportunities Fund

MainStay MacKay New York Tax Free Opportunities Fund seeks to comply with certain state tax requirements so that individual shareholders of MainStay MacKay New York Tax Free Opportunities Fund that are residents of New York State will not be subject to New York State income tax on distributions that are derived from interest on obligations exempt from taxation by New York State. To meet those requirements, MainStay MacKay New York Tax Free Opportunities Fund will invest in New York State or municipal bonds. Individual shareholders of MainStay MacKay New York Tax Free Opportunities Fund who are residents of New York City will also be able to exclude such distributions for New York City personal income tax purposes. Distributions by MainStay MacKay New York Tax Free Opportunities Fund derived from interest on obligations exempt from taxation by New York State may be subject to New York State and New York City taxes imposed on corporations. If you are subject to tax in a state other than New York, any distributions by the Fund derived from interest in New York municipal bonds may, depending on the treatment of out-of-state municipal bonds by that state, not be exempt from tax in that state. Interest on indebtedness incurred or continued to be incurred by a shareholder of the MainStay MacKay New York Tax Free Opportunities Fund to purchase or carry shares of that Fund is not deductible to the extent it is deemed related to the Fund's distributions from tax-exempt income.

MainStay MacKay Short Term Municipal Fund

MainStay MacKay Short Term Municipal Fund will normally invest at least 80% of its assets (net assets plus any borrowings for investment purposes) in an actively managed, diversified portfolio of tax-exempt municipal debt securities, including securities with special features (e.g., puts and variable or floating rates) which have price volatility characteristics similar to debt securities. At least 50% of the MainStay MacKay Short Term Municipal Fund's total assets must be invested in tax-exempt municipal securities as of the end of each fiscal quarter in order for the MainStay MacKay Short Term Municipal Fund to be able to pay distributions from its net tax-exempt income. Although the MainStay MacKay Short Term Municipal Fund normally will seek to qualify to pay distributions from its net tax-exempt income, there is no guarantee that the MainStay MacKay Short Term Municipal Fund will achieve such result. Distributions of net income from taxable bonds would be taxable as ordinary income. All distributions by the MainStay MacKay Short Term Municipal Fund, including any distributions from tax-exempt income, may be includible in taxable income for purposes of the federal alternative minimum tax. Interest on indebtedness incurred or continued to be incurred by a shareholder of a MainStay MacKay Short Term Municipal Fund to purchase or carry shares of that Fund is not deductible to the extent it is deemed related to the MainStay MacKay Short Term Municipal Fund's distributions from tax-exempt income.

MainStay Asset Allocation Funds and MainStay ETF Asset Allocation Funds

Distributions received by tax-exempt shareholders will not be subject to federal income tax to the extent permitted under applicable tax law. If you are not a tax-exempt shareholder, virtually all of the dividends and capital gains distributions you receive from the MainStay Asset Allocation Funds and MainStay ETF Asset Allocation Funds are subject to tax, whether you take them as cash or automatically reinvest them. These MainStay Funds can have income, gains or losses from any distributions or redemptions in the Underlying Funds and Underlying ETFs. Distributions of the long-term capital gains of the MainStay Asset Allocation Funds, MainStay ETF Asset Allocation Funds or Underlying Funds and Underlying ETFs will generally be subject to tax as long-term capital gains. The maximum individual federal income tax rate applicable to long-term capital gains is either 15% or 20%, depending on whether the individual's income exceeds certain threshold amounts. Other distributions, including short-term capital gains, will be subject to tax as ordinary income. The structure of these MainStay Funds and the reallocation of investments among Underlying Funds and Underlying ETFs could affect the amount, timing and character of distributions.

For individual and certain other non-corporate shareholders, a portion of the dividends received from the MainStay Asset Allocation Funds and MainStay ETF Asset Allocation Funds may be treated as "qualified dividend income," which is currently taxable to individuals at preferential rates, to the extent that the Underlying Funds and Underlying ETFs earn qualified dividend income from domestic corporations and certain qualified foreign corporations and that certain holding periods and other requirements are met. The shareholder must also satisfy a more than 60-day holding period and other requirements with respect to each distribution of qualified dividends in order to qualify for the preferential rates on such distributions. For U.S. corporate shareholders, a portion of the dividends received from the MainStay Asset Allocation Funds and MainStay ETF Asset Allocation Funds may qualify for the corporate dividends received

deduction. The maximum individual federal income tax rate applicable to “qualified dividend income” is either 15% or 20%, depending on whether the individual’s income exceeds certain threshold amounts.

MainStay Cushing MLP Premier Fund

As a RIC, the Fund generally will not pay corporate-level federal income taxes on any ordinary income or capital gains that is distributed to shareholders as dividends. To obtain and maintain the federal income tax benefits of RIC status, the Fund must meet specified source-of-income and asset diversification requirements and distribute annually an amount equal to at least 90% of the sum of net ordinary income and realized net short-term capital gains in excess of realized net long-term capital losses, if any, out of assets legally available for distribution. In accordance with the tax requirements applicable to a RIC, the Fund will, as of the end of each quarter of its taxable year going forward, invest no more than 25% of the value of its total assets in the securities of MLPs and other entities treated as qualified publicly traded partnerships, which are treated as partnerships for U.S. federal income tax purposes and are defined more specifically in the provisions applicable to RICs.

To the extent that the MLP Premier Fund invests in the equity securities of an MLP, the MLP Premier Fund will be a partner in such MLP. Accordingly, the MLP Premier Fund will be required to include in its taxable income the MLP Premier Fund’s allocable share of the income, gains, losses, deductions and expenses recognized by each such MLP, regardless of whether the MLP distributes cash to the MLP Premier Fund. Based upon a review of the historic results of the type of MLPs in which the MLP Premier Fund intends to invest, the MLP Premier Fund expects that the cash distributions it will receive with respect to an investment in equity securities of MLPs will exceed the taxable income allocated to the MLP Premier Fund from such MLPs.

The MLP Premier Fund will recognize a gain or loss on the sale, exchange or other taxable disposition of an equity security of an MLP equal to the difference between the amount realized by the MLP Premier Fund on the sale, exchange or other taxable disposition and the MLP Premier Fund’s adjusted tax basis in such equity security. The amount realized by the MLP Premier Fund generally will be the amount paid by the purchaser of the equity security plus the MLP Premier Fund’s allocable share, if any, of the MLP’s debt that will be allocated to the purchaser as a result of the sale, exchange or other taxable disposition. The MLP Premier Fund’s tax basis in its equity securities in an MLP is generally equal to the amount the MLP Premier Fund paid for the equity securities, (a) increased by the MLP Premier Fund’s allocable share of the MLP’s net taxable income and certain MLP nonrecourse debt, if any, and (b) decreased by the MLP Premier Fund’s allocable share of the MLP’s net losses, any decrease in the amount of MLP nonrecourse debt allocated to the MLP Premier Fund, and any distributions received by the MLP Premier Fund from the MLP. Depreciation or other cost recovery deductions passed through to the Fund from investments in MLPs in a given year will generally reduce the Fund’s taxable income (and earnings and profits), but those deductions may be recaptured in the Fund’s income (and earnings and profits) in subsequent years when the MLPs dispose of their assets or when the Fund disposes of its interests in the MLPs. When deductions are recaptured, the Fund may realize taxable income and distributions to the Fund’s shareholders may be taxable, even though the shareholders at the time of the recapture might not have held Shares in the Fund at the time the deductions were taken by the Fund, and even though the Fund does not have corresponding economic gain on its investment at the time of the recapture. Such taxable income from recapture may be realized even if an MLP interest is sold at a loss or may exceed the gain if the MLP interest is sold at a gain. Losses allocated to the Fund from one MLP investment will carry forward as separate activity passive losses until such investment generates income or is itself sold, with such losses not being available in the meantime to offset income or gains allocated to the Fund from other MLP investments. Any distribution by an MLP to the MLP Premier Fund in excess of the MLP Premier Fund’s allocable share of such MLP’s net taxable income will decrease the MLP Premier Fund’s tax basis in the MLP equity security and, as a result, increase the amount of gain (or decrease the amount of loss) that will be recognized on the sale of the equity security in the MLP by the MLP Premier Fund. If the MLP Premier Fund is required to sell equity securities in the MLPs to meet redemption requests, the MLP Premier Fund likely will recognize income and/or realized gain or losses for U.S. federal income tax purposes.

The MLP Premier Fund’s investment practices are subject to special and complex U.S. federal income tax provisions that may, among other things, (i) disallow, suspend or otherwise limit the allowance of certain losses or deductions, (ii) convert an ordinary loss or a deduction into a capital loss (the deductibility of which is more limited), (iii) cause the MLP Premier Fund to recognize income or gain without a corresponding receipt of cash, (iv) adversely affect the time as to when a purchase or sale of stock or securities is deemed to occur, and (v) adversely alter the characterization of certain complex financial transactions.

Tax Reporting and Withholding (All MainStay Funds)

We will mail your tax report for each calendar year by February 15 of the following calendar year. This report will tell you which dividends and redemption proceeds should be treated as taxable ordinary income, which portion, if any, as qualified dividends, and which portion, if any, as long-term capital gains.

For MainStay Fund shares acquired January 1, 2012 or later, cost basis will be reported to you and the IRS for any IRS Form 1099-B reportable transactions (*e.g.*, redemptions and exchanges). The cost basis accounting method you select will be used to report transactions. If you do not select a cost basis accounting method, the MainStay Funds’ default method (*i.e.*, average cost if available) will be used.

The MainStay Funds may be required to withhold U.S. federal income tax, currently at the rate of 24%, of all taxable distributions payable to you if you fail to provide the MainStay Funds with your correct taxpayer identification number or fail to make required certifications, or if you have been notified by the IRS that you are subject to backup withholding. Such withholding is not an additional tax and any amounts withheld may be credited against your U.S. federal income tax liability.

Non-U.S. Shareholders will generally be subject to U.S. tax withholding at the rate of 30% (or a lower rate under a tax treaty if applicable) on dividends paid by the MainStay Funds.

The MainStay Funds are required to withhold U.S. tax (at a 30% rate) on payments of taxable dividends made to certain entities that fail to comply (or to be deemed compliant) with extensive reporting and withholding requirements in the Internal Revenue Code designed to inform the U.S. Department of the Treasury of U.S.-owned foreign investment accounts. Shareholders may be requested to provide additional information to the Funds to enable the MainStay Funds to determine whether withholding is required.

Return of Capital (All MainStay Funds)

If a MainStay Fund's distributions exceed its taxable income and capital gains realized in any year, such excess distributions generally will constitute a return of capital for federal income tax purposes. A return of capital generally will not be taxable to you at the time of the distribution, but will reduce the cost basis of your shares and result in a higher reported capital gain or a lower reported capital loss when you sell shares.

Tax Treatment of Exchanges (All MainStay Funds)

An exchange of shares of one MainStay Fund for shares of another generally will be treated as a sale of shares of the first MainStay Fund and a purchase of shares of the second MainStay Fund. Any gain or loss on the transaction will be tax reportable by a shareholder if you are not a tax-exempt shareholder.

Medicare Tax (All MainStay Funds)

An additional 3.8% Medicare tax is imposed on certain net investment income (including ordinary dividends and capital gain distributions received from a MainStay Fund and net gains from redemptions or other taxable dispositions of Fund shares) of U.S. individuals, estates and trusts to the extent that such person's "modified adjusted gross income" (in the case of an individual) or "adjusted gross income" (in the case of an estate or trust) exceeds certain threshold amounts.

General U.S. Tax Treatment U.S. Nonresident Shareholders (All MainStay Funds)

Non-U.S. shareholders generally will be subject to U.S. federal withholding tax at the rate of 30% on distributions treated as ordinary income, and may be subject to estate tax with respect to their MainStay Fund shares. However, non-U.S. shareholders may not be subject to U.S. federal withholding tax on certain distributions derived from certain U.S. source interest income and/or certain short-term capital gains earned by the MainStay Funds, to the extent reported by the MainStay Funds. There can be no assurance as to whether any of a MainStay Fund's distributions will be eligible for this exemption from withholding of U.S. federal income tax or, if eligible, will be reported as such by the MainStay Funds. Moreover, depending on the circumstances, a MainStay Fund may report all, some or none of the MainStay Fund's potentially eligible dividends as derived from such U.S. interest income or from such short-term capital gains, and a portion of the MainStay Fund's distributions (*e.g.*, interest from non-U.S. sources or any foreign currency gains) would be ineligible for this potential exemption from withholding when paid to non-U.S. shareholders.

Non-U.S. shareholders who fail to furnish any MainStay Fund with the proper IRS Form W-8 (*i.e.*, IRS Form W-8BEN, IRS Form W-8BEN-E, IRS Form W-8ECI, IRS Form W-8IMY or IRS Form W-8EXP), or an acceptable substitute, may be subject to backup withholding (currently at a rate of 24%) rate on dividends (including capital gain dividends) and on the proceeds of redemptions and exchanges. The MainStay Funds are also required to withhold U.S. tax (at a 30% rate) on payments of dividends made to certain non-U.S. shareholders that fail to comply (or be deemed compliant) with extensive reporting and withholding requirements in the Internal Revenue Code designed to inform the U.S. Department of the Treasury of U.S.-owned foreign investment accounts. Shareholders may be requested to provide additional information to determine whether such withholding is required. Non-U.S. shareholders are advised to consult with their own tax advisors with respect to the particular tax consequences to them of an investment in the MainStay Funds.

Seek professional assistance. Your financial adviser can help you keep your investment goals coordinated with your tax considerations. However, regarding tax advice, always rely on your tax advisor. For additional information on federal, state and local taxation, see the SAI.

Do not overlook sales charges. The amount you pay in sales charges reduces gains and increases losses for tax purposes.

Know With Whom You Are Investing

WHO RUNS THE FUND'S DAY-TO-DAY BUSINESS?

The Board oversees the actions of the Manager, the Subadvisor and the Distributor and decides on general policies governing the operations of the Fund. The Board also oversees the Fund's officers, who conduct and supervise the daily business of the Fund.

New York Life Investments is located at 51 Madison Avenue, New York, New York 10010. New York Life Investments, a Delaware limited liability company, commenced operations in April 2000 and is an indirect, wholly-owned subsidiary of New York Life. As of December 31, 2022, New York Life Investments and its affiliates managed approximately \$662.1 billion in assets.

In accordance with the stated investment objectives, policies and restrictions of the Fund and subject to the oversight of the Board, the Manager provides various advisory services to the Fund. The Manager is responsible for, among other things, managing all aspects of the advisory operations of the Fund and the composition of the investment portfolio of the Fund. The Manager has delegated certain advisory duties with regard to the Fund (including management of all or a portion of the Fund's assets) to the Subadvisor. The Manager supervises the services provided by the Subadvisor by performing due diligence, evaluating the performance of the Subadvisor and periodically reporting to the Board regarding the results of the Manager's evaluation and monitoring functions. The Manager periodically makes recommendations to the Board regarding the renewal, modification or termination of agreements with the Subadvisor.

The Manager is responsible for providing (or procuring) certain administrative services, such as furnishing the Fund with office facilities and ordinary clerical, bookkeeping and recordkeeping services. In addition, the Manager is responsible for maintaining certain financial, accounting and other records for the Fund and providing various compliance services.

The Manager pays the Fund's Chief Compliance Officer's compensation (a portion of which may be reimbursed by the Fund), the salaries and expenses of all personnel affiliated with the Fund, except for the independent members of the Board, and all operational expenses that are not the responsibility of the Fund, including the fees paid to the Subadvisor. Pursuant to a management agreement with the Fund, the Manager is entitled to receive fees from the Fund, accrued daily and payable monthly.

The Fund's management fee is 0.75% on all assets. As of the date of this filing, MainStay Fiera SMID Growth Fund has not yet commenced operations.

For information regarding the basis of the Board's approval of the management agreement and subadvisory agreement(s) for the Fund, please refer to the Fund's next available report to shareholders.

The Manager is not responsible for records maintained by the Subadvisor, custodian, transfer agent or dividend disbursing agent except to the extent expressly provided in the management agreement between the Manager and the Fund.

Pursuant to an agreement with New York Life Investments, JPMorgan Chase Bank, N.A., 383 Madison Avenue, New York, New York 10179 ("JPMorgan") provides sub-administration and sub-accounting services for the Fund. These services include, among other things, calculating daily NAVs of the Fund, maintaining general ledger and sub-ledger accounts for the calculation of the Fund's NAV, and assisting New York Life Investments in conducting various aspects of the Fund's administrative operations. For providing these services to the Fund, JPMorgan is compensated by New York Life Investments.

ADDITIONAL INFORMATION REGARDING FEE WAIVERS

Contractual

New York Life Investments Management LLC ("New York Life Investments") has contractually agreed to waive fees and/or reimburse expenses so that Total Annual Fund Operating Expenses (excluding taxes, interest, litigation, extraordinary expenses, brokerage and other transaction expenses relating to the purchase or sale of portfolio investments, and acquired (underlying) fund fees and expenses) of a class do not exceed the percentages of average daily net assets set forth below:

New York Life Investments has contractually agreed to limit the transfer agency expenses charged to any Fund's share class to a maximum of 0.35% of that share class's average daily net assets on an annual basis after deducting any applicable Fund or class-level reimbursements or small account fees.

These agreements will remain in effect until February 28, 2026 and shall renew automatically for one-year terms unless New York Life Investments provides written notice of termination prior to the start of the next term or upon approval of the Board.

WHO MANAGES YOUR MONEY?

New York Life Investments serves as Manager of the Fund.

Under the supervision of the Manager, the Subadvisor listed below is responsible for making the specific decisions about the following: (i) buying, selling and holding securities; (ii) selecting brokers and brokerage firms to trade for them; (iii) maintaining accurate records; and, if possible, (iv) negotiating favorable commissions and fees with the brokers and brokerage firms for the Fund it oversees. For these services, the Subadvisor is paid a monthly fee by the Manager out of its management fee, not by the Fund. See the SAI for a breakdown of fees.

Fiera Capital Inc. ("Fiera Capital"), which has served as Subadvisor to the MainStay Fiera SMID Growth Fund since May 30, 2023 pursuant to a subadvisory agreement, is located at 375 Park Avenue, 8th Floor, New York, New York 10152, and provides day-to-day management of the investments of the Fund, subject to the oversight of the Advisor. As of March 31, 2023, Fiera Capital had \$26.91 billion in regulatory assets under management.

PORTFOLIO MANAGER BIOGRAPHIES

The following section provides biographical information about the Fund's portfolio managers. Additional information regarding the portfolio managers' compensation, other accounts they manage and their ownership of shares of the Funds is available in the SAI.

David Cook, CFA

Mr. Cook has managed the MainStay Fiera SMID Growth Fund since 2023. He is a Vice-President and Portfolio Manager at Fiera Capital Inc. He joined in 2018 from Federated Investors in Pittsburgh, PA., where he worked as a midcap portfolio manager and as a healthcare analyst for over 17 years. Mr. Cook has covered healthcare stocks extensively throughout his career, including at some of his previous firms (Founders Asset Management and Fifth Third Bank). His buy side experience encompasses both long only funds as well as absolute return funds. Mr. Cook holds the CFA designation, and has an MBA from the Weatherhead School of Management at the Case Western Reserve University and a BA in Economics from Miami (OH) University.

Sunil Reddy, CFA

Mr. Reddy has managed the MainStay Fiera SMID Growth Fund since 2023. He is a Senior Vice President at Fiera Capital Inc. with diverse investment management experience accumulating since 1991. Mr. Reddy is a member of the investment committee at Fiera Growth Strategies, in addition to covering technology, financial and consumer discretionary sectors. His background includes stints in portfolio management, equity analysis and in corporate debt underwriting, trading and syndication roles. Mr. Reddy joined Apex from Fifth Third where he co-managed the Fifth Third Quality Growth Fund and was the sole manager for the Fifth Third Technology fund. In addition, Mr. Reddy was an integral member of the Growth team covering the technology and financial sectors. Mr. Reddy also has extensive fixed income experience having managed a \$6 billion fixed income portfolio at Fifth Third. At Keycorp, Mr. Reddy was involved in various funding and interest rate risk management strategies for the Funds Management group. Mr. Reddy is a Chartered Financial Analyst, an M.B.A from Weatherhead School of Management, Case Western Reserve University and an undergraduate degree in Electrical Engineering from The Ohio State University.

Financial Highlights

The financial highlights tables are intended to help you understand the Fund's financial performance for the past five fiscal years or, if shorter, the period of the Fund's operations. Certain information reflects financial results for a single Fund share. The total returns in the tables represent the rate that an investor would have earned or lost on an investment in the Fund (assuming reinvestment of all dividends and distributions and excluding all sales charges). The Fund, as the accounting successor of the reorganization, has adopted the operating history of the Predecessor Fund for financial reporting purposes. Therefore, the financial highlights information presented below is that of the Predecessor Fund. The information presented below has been derived from the Predecessor Fund's financial statements and financial highlights that have been audited by the Predecessor Fund's independent auditor, whose report, along with the Predecessor Fund's financial statements and financial highlights, is included in the Predecessor Fund's annual report, which is available upon request.

Appendix A – Intermediary-Specific Sales Charge Waivers and Discounts

This Appendix A discloses intermediary-specific sales charge waivers and discounts, if any. Please see the “Information on Sales Charges” section of the Prospectus for information about sales charge waivers and discounts available if you invest directly with a MainStay Fund or intermediaries not identified on this Appendix A. The terms or availability of waivers or discounts may be changed at any time.

The availability of initial and contingent deferred sales charge waivers and discounts may depend on the particular financial intermediary or type of account through which you purchase or hold Fund shares. Financial intermediaries specified on Appendix A may have different policies and procedures regarding, among other things, the availability of these waivers and discounts. To qualify for waivers or discounts not available through a particular financial intermediary, investors will have to purchase shares directly from the Funds (or the Distributor) or through another financial intermediary that makes available such waivers or discounts.

Purchases through any financial intermediary identified below are subject to sales charge waivers and/or discounts that are different from the sales charge waivers and/or discounts available for shares purchased directly from the Funds (or the Distributor). Financial intermediary-specific sales charge waivers and/or discounts are implemented and administered by each financial intermediary. This Appendix will be updated when required with changes to this Appendix or to add additional intermediaries.

In all instances, it is an investor’s responsibility to notify the financial intermediary of any facts that may qualify the investor for sales charge waivers or discounts. You may wish to contact your financial intermediary to ensure that you have the most current information regarding the sales charge waivers and discounts available to you and the steps you must take to qualify for available waivers and discounts.

Ameriprise Financial

The following information applies to Class A shares purchases if you have an account with or otherwise purchase Fund shares through Ameriprise Financial:

Shareholders purchasing Fund shares through an Ameriprise Financial retail brokerage account are eligible for the following front-end sales charge waivers, which may differ from those disclosed elsewhere in the Fund’s prospectus or SAI:

- Employer-sponsored retirement plans (e.g., 401(k) plans, 457 plans, employer-sponsored 403(b) plans, profit sharing and money purchase pension plans and defined benefit plans). For purposes of this provision, employer-sponsored retirement plans do not include SEP IRAs, Simple IRAs or SAR-SEPs.
- Shares purchased through reinvestment of capital gains distributions and dividend reinvestment when purchasing shares of the same Fund (but not any other fund within the MainStay Funds).
- Shares exchanged from Class C shares of the same fund in the month of or following the 7-year anniversary of the purchase date. To the extent that this prospectus elsewhere provides for a waiver with respect to exchanges of Class C shares or conversion of Class C shares following a shorter holding period, that waiver will apply.
- Employees and registered representatives of Ameriprise Financial or its affiliates and their immediate family members.
- Shares purchased by or through qualified accounts (including IRAs, Coverdell Education Savings Accounts, 401(k)s, 403(b) TSCAs subject to ERISA and defined benefit plans) that are held by a covered family member, defined as an Ameriprise financial advisor and/or the advisor’s spouse, advisor’s lineal ascendant (mother, father, grandmother, grandfather, great grandmother, great grandfather), advisor’s lineal descendant (son, step-son, daughter, step-daughter, grandson, granddaughter, great grandson, great granddaughter) or any spouse of a covered family member who is a lineal descendant.
- Shares purchased from the proceeds of redemptions within the MainStay Funds, provided (1) the repurchase occurs within 90 days following the redemption, (2) the redemption and purchase occur in the same account, and (3) redeemed shares were subject to a front-end or deferred sales load (i.e. Rights of Reinstatement).

Edward Jones

Shareholders of Edward D. Jones & Co., L.P. (“Edward Jones”) purchasing (or selling) MainStay Fund shares on the Edward Jones commission and fee-based platforms are eligible only for the following sales charge discounts (also referred to as “breakpoints”) and waivers, which can differ from discounts and waivers described elsewhere in the mutual fund Prospectus or statement of additional information (“SAI”) or through another broker-dealer. In all instances, it is the shareholder’s responsibility to inform Edward Jones at the time of purchase of any relationship, holdings of MainStay Funds, or other facts qualifying the purchaser for discounts or waivers. Edward Jones can ask for documentation of such circumstance. Shareholders should contact Edward Jones if they have questions regarding their eligibility for these discounts and waivers.

Breakpoints

- Breakpoint pricing, otherwise known as volume pricing, at dollar thresholds as described in the prospectus.

Rights of Accumulation ("ROA")

- The applicable sales charge on a purchase of Class A shares is determined by taking into account all share classes (except certain money market funds and any assets held in group retirement plans) of MainStay Funds held by the shareholder or in an account grouped by Edward Jones with other accounts for the purpose of providing certain pricing considerations ("pricing groups"). If grouping assets as a shareholder, this includes all share classes held on the Edward Jones platform and/or held on another platform. The inclusion of eligible fund family assets in the ROA calculation is dependent on the shareholder notifying Edward Jones of such assets at the time of calculation. Money market funds are included only if such shares were sold with a sales charge at the time of purchase or acquired in exchange for shares purchased with a sales charge.
- The employer maintaining a SEP IRA plan and/or SIMPLE IRA plan may elect to establish or change ROA for the IRA accounts associated with the plan to a plan-level grouping as opposed to including all share classes at a shareholder or pricing group level.
- ROA is determined by calculating the higher of cost minus redemptions or market value (current shares x NAV).

Letter of Intent ("LOI")

- Through a LOI, shareholders can receive the sales charge and breakpoint discounts for purchases shareholders intend to make over a 13-month period from the date Edward Jones receives the LOI. The LOI is determined by calculating the higher of cost or market value of qualifying holdings at LOI initiation in combination with the value that the shareholder intends to buy over a 13-month period to calculate the front-end sales charge and any breakpoint discounts. Each purchase the shareholder makes during that 13-month period will receive the sales charge and breakpoint discount that applies to the total amount. The inclusion of eligible fund family assets in the LOI calculation is dependent on the shareholder notifying Edward Jones of such assets at the time of calculation. Purchases made before the LOI is received by Edward Jones are not adjusted under the LOI and will not reduce the sales charge previously paid. Sales charges will be adjusted if LOI is not met.
- If the employer maintaining a SEP IRA plan and/or SIMPLE IRA plan has elected to establish or change ROA for the IRA accounts associated with the plan to a plan-level grouping, LOIs will also be at the plan-level and may only be established by the employer.

Sales Charge Waivers

Sales charges are waived for the following shareholders and in the following situations:

- Associates of Edward Jones and its affiliates and their family members who are in the same pricing group (as determined by Edward Jones under its policies and procedures) as the associate. This waiver will continue for the remainder of the associate's life if the associate retires from Edward Jones in good-standing and remains in good standing pursuant to Edward Jones' policies and procedures.
- Shares purchased in an Edward Jones fee-based program.
- Shares purchased through reinvestment of capital gains distributions and dividend reinvestment.
- Shares purchased from the proceeds of redeemed shares of the same fund family so long as the following conditions are met: 1) the proceeds are from the sale of shares within 60 days of the purchase, and 2) the sale and purchase are made in the same share class and the same account or the purchase is made in an individual retirement account with proceeds from liquidations in a non- retirement account.
- Shares exchanged into Class A shares from another share class so long as the exchange is into the same fund and was initiated at the discretion of Edward Jones. Edward Jones is responsible for any remaining CDSC due to the fund company, if applicable. Any future purchases are subject to the applicable sales charge as disclosed in the prospectus.
- Exchanges from Class C shares to Class A shares of the same fund, generally, in the 84th month following the anniversary of the purchase date or earlier at the discretion of Edward Jones.

Contingent Deferred Sales Charge ("CDSC") Waivers

If the shareholder purchases shares that are subject to a CDSC and those shares are redeemed before the CDSC is expired, the shareholder is responsible to pay the CDSC except in the following conditions:

- The death or disability of the shareholder.
- Systematic withdrawals with up to 10% per year of the account value.
- Return of excess contributions from an Individual Retirement Account (IRA).
- Shares sold as part of a required minimum distribution for IRA and retirement accounts if the redemption is taken in or after the year the shareholder reaches qualified age based on applicable IRS regulations.
- Shares sold to pay Edward Jones fees or costs in such cases where the transaction is initiated by Edward Jones.
- Shares exchanged in an Edward Jones fee-based program.

- Shares acquired through NAV reinstatement.
- Shares redeemed at the discretion of Edward Jones for Minimum Balances, as described below.

Other Important Information Regarding Transactions Through Edward Jones

Minimum Purchase Amounts

- Initial purchase minimum: \$250
- Subsequent purchase minimum: none

Minimum Balances

- Edward Jones has the right to redeem at its discretion fund holdings with a balance of \$250 or less. The following are examples of accounts that are not included in this policy:
 - A fee-based account held on an Edward Jones platform
 - A 529 account held on an Edward Jones platform
 - An account with an active systematic investment plan or LOI

Exchanging Share Classes

- At any time it deems necessary, Edward Jones has the authority to exchange at NAV a shareholder's holdings in a fund to Class A shares of the same fund.

E*TRADE

Front-End Sales Charge Waiver

Shareholders purchasing Fund shares through an E*TRADE brokerage account will be eligible for a waiver of the front-end sales charge with respect to Class A shares (or the equivalent). This includes shares purchased through the reinvestment of dividends and capital gains distributions.

J.P. Morgan

Shareholders purchasing or redeeming Investor Class shares of a Fund through a J.P. Morgan self-directed brokerage account are eligible for a waiver of both the front-end sales charge or contingent deferred sales charge, as applicable, which may differ from the waiver eligibility requirements otherwise disclosed in the Prospectus or SAI.

Janney Montgomery Scott LLC

Shareholders purchasing MainStay Fund shares through a Janney Montgomery Scott LLC ("Janney") account will be eligible only for the following load waivers (front-end sales charge waivers and contingent deferred, or back-end, sales charge waivers) and discounts, which may differ from those disclosed elsewhere in this Prospectus or SAI.

Front-end sales charge waivers on Class A shares available at Janney

- Shares purchased through reinvestment of capital gains distributions and dividend reinvestment when purchasing shares of the same fund (but not any other fund within the MainStay Funds family).
- Shares purchased by employees and registered representatives of Janney or its affiliates and their family members as designated by Janney.
- Shares purchased from the proceeds of redemptions within the MainStay Funds family, provided (1) the repurchase occurs within ninety (90) days following the redemption, (2) the redemption and purchase occur in the same account, and (3) redeemed shares were subject to a front-end or deferred sales load (i.e., right of reinstatement).
- Class C shares that are no longer subject to a contingent deferred sales charge and are exchanged to Class A shares of the same MainStay Fund pursuant to Janney's policies and procedures.

Sales charge waivers on Class A and C shares available at Janney

- Shares sold upon the death or disability of the shareholder.
- Shares sold as part of a systematic withdrawal plan as described in the MainStay Fund's Prospectus.
- Shares purchased in connection with a return of excess contributions from an IRA account.
- Shares sold as part of a required minimum distribution for IRA and other retirement accounts pursuant to the Internal Revenue Code.
- Shares sold to pay Janney fees but only if the transaction is initiated by Janney.

- Shares acquired through a right of reinstatement.

Front-end load discounts available at Janney: breakpoints, and/or rights of accumulation

- Breakpoints as described in the MainStay Fund's Prospectus.
- Rights of accumulation ("ROA"), which entitle shareholders to breakpoint discounts, will be automatically calculated based on the aggregated holding of MainStay Funds family assets held by accounts within the purchaser's household at Janney. Eligible MainStay Funds family assets not held at Janney may be included in the ROA calculation only if the shareholder notifies his or her financial advisor about such assets.

LPL Financial

Shareholders purchasing Class A shares of a Fund through LPL Financial's mutual fund only platform will be able to purchase shares without imposition of a front-end sales charge, which may differ from the waiver eligibility requirements otherwise disclosed in the Prospectus or SAI.

Merrill Lynch

Shareholders purchasing Fund shares through a Merrill Lynch platform or account are eligible only for the following load waivers (front-end sales charge waivers and contingent deferred, or back-end, sales charge waivers) and discounts, which may differ from those disclosed elsewhere in the Prospectus or SAI.

Front-End Sales Load Waivers on Class A Shares Available at Merrill Lynch
Employer-sponsored retirement, deferred compensation and employee benefit plans (including health savings accounts) and trusts used to fund those plans, provided that the shares are not held in a commission-based brokerage account and shares are held for the benefit of the plan

- Shares sold as part of a required minimum distribution for IRA and retirement accounts due to the shareholder reaching age 70½ as described in the fund's prospectus.
- Shares sold to pay Raymond James fees but only if the transaction is initiated by Raymond James.
- Shares acquired through a right of reinstatement.

Front-end load discounts available at Raymond James: breakpoints, and/or rights of accumulation, and/or letters of intent

- Breakpoints as described in this prospectus.
- Rights of accumulation which entitle shareholders to breakpoint discounts will be automatically calculated based on the aggregated holding of MainStay Fund assets held by accounts within the purchaser's household at Raymond James. Eligible MainStay Fund assets not held at Raymond James may be included in the rights of accumulation calculation only if the shareholder notifies his or her financial advisor about such assets.
- Letters of intent which allow for breakpoint discounts based on anticipated purchases within the MainStay Funds over a 13-month time period. Eligible MainStay Fund assets not held at Raymond James may be included in the calculation of letters of intent only if the shareholder notifies his or her financial advisor about such assets.

Robert W. Baird & Co.

Shareholders purchasing Fund shares through a Robert W. Baird & Co. ("Baird") platform or account will only be eligible for the following sales charge waivers (front-end sales charge waivers and CDSC waivers) and discounts, which may differ from those disclosed elsewhere in this prospectus or the SAL.

Front-End Sales Charge Waivers on Investor Class and Class A shares Available at Baird

- Shares purchased through reinvestment of capital gains distributions and dividend reinvestment when purchasing shares of the same Fund
- Shares purchased by employees and registered representatives of Baird or its affiliate and their family members as designated by Baird
- Shares purchased from the proceeds of redemptions from another MainStay Fund, provided (1) the repurchase occurs within 90 days following the redemption, (2) the redemption and purchase occur in the same account, and (3) redeemed shares were subject to a front-end or deferred sales charge (known as rights of reinstatement)
- A shareholder in a Fund's Class C Shares will have their shares converted at net asset value to Class A shares of the Fund if the shares are no longer subject to a CDSC and the conversion is in line with the policies and procedures of Baird
- Employer-sponsored retirement plans or charitable accounts in a transactional brokerage account at Baird, including 401(k) plans, 457 plans, employer-sponsored 403(b) plans, profit sharing and money purchase pension plans and defined benefit plans. For purposes of this provision, employer-sponsored retirement plans do not include SEP IRAs, Simple IRAs or SAR-SEPs

CDSC Waivers on Investor Class, Class A and Class C shares Available at Baird

- Shares sold due to death or disability of the shareholder
- Shares sold as part of a systematic withdrawal plan as described in the Fund's Prospectus
- Shares bought due to returns of excess contributions from an IRA Account
- Shares sold as part of a required minimum distribution for IRA and retirement accounts pursuant to the Internal Revenue Code
- Shares sold to pay Baird fees but only if the transaction is initiated by Baird
- Shares acquired through a right of reinstatement

Front-End Sales Charge Discounts Available at Baird: Breakpoints, Rights of Accumulations, and/or Letters of Intent

- Breakpoints as described in this prospectus
- Rights of accumulation which entitle shareholders to breakpoint discounts will be automatically calculated based on the aggregated holding of assets in the MainStay Group of Funds held by accounts within the purchaser's household at Baird. Eligible MainStay Fund assets not held at Baird may be included in the rights of accumulation calculation only if the shareholder notifies his or her financial advisor about such assets
- Letters of Intent (LOI) allow for breakpoint discounts based on anticipated purchases of MainStay Funds through Baird, over a 13-month period of time

Stifel, Nicolaus & Company, Incorporated

Shareholders purchasing Fund shares through a Stifel, Nicolaus & Company, Incorporated ("Stifel") platform or account or who own shares for which Stifel or an affiliate is the broker-dealer of record are eligible for the following additional sales charge waiver.

Front-end Sales Load Waiver on Class A Shares

- Class C shares that have been held for more than seven (7) years will be converted to Class A shares of the same Fund pursuant to Stifel's policies and procedures

All other sales charge waivers and reductions described elsewhere in the Fund's Prospectus or SAI still apply.

HOUSEHOLD MAILINGS AND E-DELIVERY

Each year you are automatically sent an updated Summary Prospectus and Annual and Semiannual Reports (or notice of such reports) for the Fund. You may also occasionally receive proxy statements for the Fund. In order to reduce the volume of mail you receive, when possible, only one copy of these documents may be sent to shareholders who are part of the same family and share the same household address. You may elect to receive these documents electronically in lieu of paper form by enrolling in e-delivery on our website, newyorklifeinvestments.com/accounts. If you would like to opt out of household-based mailings, please call toll free 800-624-6782.

STATEMENT OF ADDITIONAL INFORMATION ("SAI")

Provides more details about the Fund. The current SAI is incorporated by reference into the Prospectus and has been filed with the SEC.

ANNUAL/SEMIANNUAL REPORTS

Provide additional information about the Fund's investments and include discussions of market conditions and investment strategies that significantly affected the Fund's performance during the last fiscal year or period, if applicable.
