Part II Organizational Action Attac	ch additional statements if needed. See b	back of form for additional questions.			
14 Describe the organizational action and, if a	pplicable, the date of the action or the date a	gainst which shareholders' ownership is measured for			
the action ► Mainstay Cushing MLP Pre	emier Fund distributed monthly dividends	to shareholders during its fiscal year			
ended November 30, 2023. A portion of these	distributions was in excess of its current a	and accumulated earnings and profits (E&P).			
The affected distributions were paid to shareh	holders from 1/1/2023 - 11/30/2023 as show	n in the attachment.			

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis The portion of the distribution which is a nontaxable return of capital should reduce the basis of

shares in the hands of a US taxpayer to the extent of the shareholders adjusted basis. To the extent the return of capital exceeds the shareholders adjusted basis the distribution will be taxed as a capital gain to the shareholder. See the attachment for applicable share amounts.

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ► At the close of the fund's fiscal year on 11/30/2023, the fund's current & accumulated E&P was calculated under
IRC Section 312 as modified by section 852(c) for a Regulated Investment Company (RIC) and the regulations thereunder. The amount of E&P was compared to the amount of the fund's fiscal year distributions. Distributions in excess of E&P were characterized as return of capital and should be applied as a reduction in each shareholder's tax basis in the applicable shares. See the attachment for applicable share amounts.
